Solicitors' Accounts provides a user-friendly guide to a subject that often poses serious problems for students unfamiliar with the principles and practice of accounting. It provides comprehensive, up-to-date coverage of all areas required by the Law Society for business accounts and solicitors' accounts on the Legal Practice Course, including full coverage of double-entry book-keeping and final accounts of sole owners, partnerships and companies. It also deals with the Solicitors' Accounts Rules and the practical application of these in solicitors' accounts, including property and probate transactions. Each chapter starts with an overview of the areas to be covered and also states the learning objectives the student should aim to achieve. At the end of each chapter there is a checklist of the key areas students must be able to understand, followed by graded self-test questions which suggest to the student how long they should spend completing them and what they should move onto next. Written by experienced LPC tutors, the guide is essential reading for students and reference source for practitioners.

FINANCIAL ACCOUNTING: THE IMPACT ON DECISION MAKERS, 10E makes it easy to demonstrate that accounting is a powerful tool for business decision-making by going beyond debits and credits and keeping students focused on the big picture. For example, journal entries require students to demonstrate the balance sheet and income statement impact of transactions, helping students see how business events ultimately impact the financial statements. In addition to exposing students to annual reports of highly recognizable companies such as Nike, Porter's exclusive Ratio Decision-Model provides students with a framework for reading and interpreting financial statements to make decisions. The focus on financial statements and decision-making carries through to the end-of-chapter with a suite of case materials that have students reading and interpreting financial statements.
