ALANI FERGUSON

An Eddie LaCrosse Novel Random House
The only scholarly book in English dedicated to recent European contemporary dance, *Exhausting Dance: Performance and the Politics of Movement* examines the work of key contemporary choreographers who have transformed the dance scene since the early 1990s in Europe and the US. Through their vivid and explicit dialogue with performance art, visual arts and critical theory from the past thirty years, this new generation of choreographers challenge our understanding of dance by exhausting the concept of movement. Their work demands to be read as

performed extensions of the radical politics implied in performance art, in post-structuralist and critical theory, in post-colonial theory, and in critical race studies. In this far-ranging and exceptional study, Andre Lepecki brilliantly analyzes the work of the choreographers: * Jerome Bel (France) * Juan Dominguez (Spain) * Trisha Brown (US) * La Ribot (Spain) * Xavier Le Roy (France-Germany) * Vera Mantero (Portugal) and visual and performance artists: * Bruce Nauman (US) * William Pope.L (US). This book offers a significant and radical revision of the way we think about dance, arguing for the necessity of a renewed engagement between

dance studies and experimental artistic and philosophical practices.

The second novel in the awe-inspiring

Malazan Book of the Fallen series.

Elizabeth Haydon In the vast dominion of Seven Cities, in the Holy Desert Raraku, the seer Sha'ik and her followers prepare for the long-prophesied uprising known as the Whirlwind.

Unprecedented in size and savagery, this maelstrom of fanaticism and bloodlust will embroil the Malazan Empire in one of the bloodiest conflicts it has ever

known, shaping destinies and giving birth to legends . . . Set in a brilliantly realized world ravaged by dark, uncontrollable magic, Deadhouse Gates is a novel of war, intrigue and betrayal confirms Steven Eirkson as a storyteller of breathtaking skill, imagination and originality--a new master of epic fantasy.

The Fiends of

Nightmaria is a new novella from New York Times bestselling author Steven Erikson, set in the world of the Malazan Book of the Fallen. The king is dead, long live King Bauchelain the First, crowned by the Grand Bishop Korbal Broach. Both are, of course, ably assisted in the running of the Kingdom of Farrog by their slowly unravelling servant, Emancipor Reese. However, tensions are mounting between Farrog and the neighboring country of Nightmaria, the mysterious home of the Fiends. Their ambassador, Ophal D Neeth Flatroq, seeks an audience with King Bauchelain, who has thus far rebuffed his overtures. But the necromancer has some other things on his

plate. To quell potential rebellion nearly all the artists, poets, and bards in the city have been put to death. A few survivors languish in the dungeons, bemoaning their fates. Well, just moaning in general really...and maybe plotting escape and revenge. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Second Book of the Spellsong Cycle
Bantam Books

A clash of warriors draws closer as Rhulad Sengar, the Emperor of a Thousand Deaths, spirals into madness, surrounded by sycophants and agents of his Machiavellian chancellor. Against this backdrop, a band of fugitives seek a way

out of the empire, but on Night of Knives Night Shade Steven Erikson returns to the Malazan world with the second book in a dark and revelatory new epic fantasy trilogy, one that takes place a millennium before the events in his New York Times bestselling Malazan Book of the Fallen. Fall of Light continues to tell the tragic story of the downfall of an ancient realm, a story begun in the critically acclaimed Forge of Darkness. It's a conflicted time in Kurald Galain, the realm of Darkness, where Mother Dark reigns. But this ancient land was once home to many a power... and even death is not quite eternal. The commoners' great

hero, Vatha Urusander, is being promoted by his followers to take Mother Dark's hand in marriage, but her Consort, Lord Draconus, stands in the way of such ambitions. The impending clash sends fissures throughout the realm. As rumors of civil war burn through the masses, an ancient power emerges from the long dead seas. Caught in the middle of it all are the First Sons of Darkness, Anomander, Andarist, and Silchas Ruin of the Purake Hold... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. *The Alloy of Law, Shadows of Self, The Bands of Mourning* Tor Books Vast legions of gods,

ages, humans, dragons and all manner of creatures play out the fate of the Malazan Empire in this first book in a major epic fantasy series. The Malazan Empire simmers with discontent, bled dry by interminable warfare, bitter infighting and bloody confrontations with the formidable Anomander Rake and his Tiste Andii, ancient and implacable sorcerers. Even the imperial legions, long inured to the bloodshed, yearn for some respite. Yet Empress Laseen's rule remains absolute, enforced by her dread Claw assassins. For Sergeant Whiskeyjack and his squad of Bridgeburners, and for Tattersail, surviving cadre mage of the Second Legion, the

aftermath of the siege of Pale should have been a time to mourn the many dead. But Darujhistan, last of the Free Cities of Genabackis, yet holds out. It is to this ancient citadel that Laseen turns her predatory gaze. However, it would appear that the Empire is not alone in this great game. Sinister, shadowbound forces are gathering as the gods themselves prepare to play their hand... Conceived and written on a panoramic scale, Gardens of the Moon is epic fantasy of the highest order--an enthralling adventure by an outstanding new voice. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Lees of Laughter's

End Macmillan

The conclusion to Ian C. Esslemont's epic fantasy *Path to Ascendancy* trilogy--a prequel story set in the New York Times bestselling Malazan Empire series--co-created by Steven Erikson. The incessant war between the bickering city states of Quon Tali rages. So engrossed are the warring lords and princes in their own petty feuds that few notice that an upstart mage from Dal Hon has gained control of the southern seas. Kellanved could not care less about any of this petty politicking or strategy or war. Something other and altogether more mysterious has caught his attention and he - together with a reluctant and his

decidedly skeptical friend Dancer - traverse continents and journey through the Realms. But this ancient mystery that has so captivated Kellanved is neither esoteric nor ephemeral. It involves the Elder races themselves, and more alarmingly, the semi-mythic Army of Dust and Bone. Surely no one in their right mind would be so foolish as to embark on a journey from which none have returned? Well, no one except Kellanved. Path to Ascendancy #1

The Unbelievable Truth
Macmillan
This followup to Ian C. Esslemont's Blood and Bone is sure to delight Malazan fans. Tens of thousands of years of

ice is melting, and the land of Assail, long a byword for menace and inaccessibility, is at last yielding its secrets. Tales of gold discovered in the region's north circulate in every waterfront dive and sailor's tavern, and now countless adventurers and fortune-seekers have set sail in search of riches. All these adventurers have to guide them are legends and garbled tales of the dangers that lie in wait -- hostile coasts, fields of ice, impassable barriers and strange, terrifying creatures. But all accounts concur that the people of the north meet all trespassers with the sword. And beyond are rumoured to lurk Elder monsters out of history's very beginnings. Into this

turmoil ventures the mercenary company, the Crimson Guard. Not drawn by contract, but by the promise of answers: answers to mysteries that Shimmer, second in command, wonders should even be sought. Arriving also, part of an uneasy alliance of Malazan fortune-hunters and Letherii soldiery, comes the bard Fisher kel Tath. And with him is a Tiste Andii who was found washed ashore and cannot remember his past life, yet who commands far more power than he really should. Also venturing north is said to be a mighty champion, a man who once fought for the Malazans, the bearer of a sword that slays gods: Whiteblade. And lastly, far to the south, a

woman guards the shore awaiting both her allies and her enemies. Silverfox, newly incarnated Summoner of the undying army of the T'lan Imass, will do anything to stop the renewal of an ages-old crusade that could lay waste to the entire continent and beyond. Casting light on mysteries spanning the Malazan empire, and offering a glimpse of the storied and epic history that shaped it, "Assail" is the final chapter in the epic story of the Empire of Malaz. Book Two of the Kharkanas Trilogy
Macmillan
Seth Dickinson's epic

fantasy series which began with the “literally breathtaking” (NPR) *The Traitor Baru Cormorant*, returns with the third book, *The Tyrant Baru Cormorant*. The hunt is over. After fifteen years of lies and sacrifice, Baru Cormorant has the power to destroy the Imperial Republic of Falcrest that she pretends to serve. The secret society called the Cancrioth is real, and Baru is among them. But the Cancrioth's weapon cannot distinguish the guilty from the innocent. If it escapes quarantine, the ancient hemorrhagic plague called the Kettling will kill hundreds of millions...not just in Falcrest, but all across the world. History will end in a black

bloodstain. Is that justice? Is this really what Tain Hu hoped for when she sacrificed herself? Baru's enemies close in from all sides. Baru's own mind teeters on the edge of madness or shattering revelation. Now she must choose between genocidal revenge and a far more difficult path—a conspiracy of judges, kings, spies and immortals, puppeteering the world's riches and two great wars in a gambit for the ultimate prize. If Baru had absolute power over the Imperial Republic, she could force Falcrest to abandon its colonies and make right its crimes. A NOVEL OF THE MALAZAN EMPIRE

Tor Books
 It is an undeniable truth: give evil a name and everyone's happy. Give it two names and...why, they're even happier. Intrepid necromancers

Bauchelain and Korbal Broach, scourges of civilization, raisers of the dead, reapers of the souls of the living, devourers of hope, betrayers of faith, slayers of the innocent, and modest personifications of evil, have a lot to answer for and answer they will. Known as the Nehemoth, they are pursued by countless self-professed defenders of decency, sanity, and civilization. After all, since when does evil thrive unchallenged? Well, often—but not this time. Hot on their heels are the Nehemothanai, avowed hunters of Bauchelain and Korbal Broach. In the company of a gaggle of artists and pilgrims, stalwart Mortal Sword Tulgord Vise, pious Well Knight Arpo

Relent, stern Huntsman Steck Marynd, and three of the redoubtable Chanter brothers (and their lone sister) find themselves faced with the cruelest of choices. The legendary Crack'd Pot Trail, a stretch of harsh wasteland between the Gates of Nowhere and the Shrine of the Indifferent God, has become a tortured path of deprivation. Will honor, moral probity, and virtue prove champions in the face of brutal necessity? No, of course not. Don't be silly. heists."--Brandon Sanderson "Complex characters, magic that is tech and vice versa, a world bound by warring trade dynasties: Bennett will leave you in awe once you remember to breathe!"--Tamora Pierce In a city that runs on industrialized magic, a secret war will be fought to overwrite reality itself--the first in a dazzling new series from City of Stairs author Robert Jackson Bennett. Sancja Grado is a thief, and a damn good one. And her latest target, a heavily guarded warehouse on Tevane's docks, is nothing her unique abilities can't handle. But unbeknownst to her, Sancja's been sent to steal an artifact of unimaginable power, an object that could revolutionize the

magical technology known as scrying. The Merchant Houses who control this magic--the art of using coded commands to imbue everyday objects with sentience--have already used it to transform Tevanne into a vast, remorseless capitalist machine. But if they can unlock the artifact's secrets, they will rewrite the world itself to suit their aims. Now someone in those Houses wants Sancia dead, and the artifact for themselves. And in the city of Tevanne, there's nobody with the power to stop them. To have a chance at surviving--and at stopping the deadly transformation that's under way--Sancia will have to marshal unlikely allies, learn to harness the artifact's power for

herself, and undergo her own transformation, one that will turn her into something she could never have imagined. The God is Not Willing Macmillan
