You have the incredible potential to be, do, and receive whatever you desire, imagine, and truly believe. Unfortunately, however, only a small number of people achieve their full human potential, because they fail to recognize and harness the infinite power of the subconscious mind--the divinity within them and around them. The secret to success is no secret. It has been in practice for thousands of years. The most successful people throughout history are not those who merely accept the reality presented to them but those who imagine a better reality and believe in it so deeply that they are actually able to create a new reality--to change the state of being around them. In this book, you discover how to create your own new reality through desire, imagination, and belief: Part 1: Affirmation Essentials: Here you discover how to plant thoughts into your subconscious mind, so it can begin to work miracles in transmuting your thoughts into reality, often with little or no effort on your part. Part 2: Weekly Affirmations: These 52 weekly affirmations empower you to improve every aspect of your life, including your health, wealth, relationships, marriage, and career. Each weekly affirmation is accompanied by commentary that places the affirmation in

the context of real life, so you can more clearly imagine and start appreciating the new reality you are about to experience. Part 3: More Techniques for Planting Thoughts in the Subconscious Mind: These additional techniques enable you to plant thoughts in your subconscious mind and crystallize your vision. The more clearly and distinctly you are able to imagine yourself being, doing, or receiving that which you desire, the more certain your desire will be fulfilled. Part 4: Unlock the Infinite Power Within You: Part 4 reveals the principles upon which the practice is based and relates true stories of people who solved problems, healed themselves and others, saved lives, improved relationships, achieved career success, and attracted wealth, through the power of affirmation. Part 4 also reveals the role the subconscious mind plays in out-of-body experiences, extrasensory perception, mental telepathy, clairvoyance, precognition, remote viewing, and other psychic powers. This book is your personal guide to leading a happier, wealthier, and more fulfilling life. By following the guidance offered here, you can stop going through life as a victim of circumstances and become the master of your own destiny. You discover how to harness the power of your own mind and the infinite resources surrounding you to be, do, and receive whatever you desire, imagine, and believe.

"Give no one in all the world the power to deflect you from your goal, your aim in life, which is to express your hidden talents to the world, to serve humanity, and to reveal more and more of God's wisdom, truth, and beauty to all people in the world. Remain true to your ideal. Know definitely and absolutely that whatever contributes to your peace, happiness, and fulfillment must, of necessity, bless all men who walk the earth. St. Martin's Essentials  
*Within You Is a Force Greater Than You've Ever Imagined* Joseph Murphy's 1963 classic *The Power of Your Subconscious Mind* gave millions of readers a radical new estimate of their possibilities. In his easily digestible volume, Murphy

communicated the "hidden" truth of life: you are as your mind is. This is the master key that impacts wealth, health, career, relationships, and all forms of expression. The lasting success of Murphy's work rests on how it affirms and harnesses our deepest instincts about the extraordinary possibilities of thought. As Murphy explores: Every religious, psychological, and ethical philosophy agrees: What you think dramatically affects your quality of life. Your subconscious mind harbors insightful and creative power—if properly harnessed, this suggestive power can solve problems and shape circumstances in ways you never imagined possible. The power of your inner mind is indifferent: Your subconscious picks up on and carries out what you dwell upon, for good or ill. You can tap the reservoirs of your subconscious by setting aside time just before going to sleep at night to reflect on a cherished aim or solution to a problem. Never force a mental image. Forced effort brings failure. Once you have acted to impress your subconscious, do not dwell on the ways and means of accomplishment—these will reach your conscious mind in the form of hunches, happy accidents, and breakthrough ideas. In this unabridged edition of Murphy's landmark, scholar of esotericism Mitch Horowitz provides a new historical introduction and assessment of the master's work, along with a reliable and rigorous timeline that corrects many misperceptions about the author's life. Mitch's supplemental readings bring Murphy's insights—particularly in matters of health—into the 21st century.
