The Goalie's Anxiety at the Penalty Kick New York Review of Books

From extensive research, including a remarkable interview with the unrepentant chief of Hitler's Women's Bureau, this book traces the roles played by women – as followers, victims and resisters – in the rise of Nazism. Originally publishing in 1987, it is an important contribution to the understanding of women's status, culpability, resistance and victimisation at all levels of German society, and a record of astonishing ironies and paradoxical morality, of compromise and courage, of submission and survival.

A Sorrow Beyond Dreams Methuen Publishing

"My mother has been dead for almost seven weeks: I had better get to work before the need to write about her, which I felt so strongly at her funeral, dies away ..." So begins Peter Handke's extraordinary confrontation with his mother's death. In a painful and courageous attempt to deal with the horror of her suicide, he sets out to piece together the facts of her life. What emerges is a loving portrait of inconsolable grief, a woman whose lively spirit has been crushed by the miseries of her place and time.

Mothers in the Fatherland Simon & Schuster Books For Young Readers

Nobel Prize winner Peter Handke offers a wry and entertaining take on history's most famous seducer as he takes a respite from his stressful existence Don Juan's story—"his own version"—is filtered through the consciousness of an anonymous narrator, a failed innkeeper and chef, into whose solitude Don Juan bursts one day. On each day of the week that follows, Don Juan describes the adventures he experienced on that same day a week earlier. The adventures are erotic, but Handke's Don Juan is more pursued than pursuer. What makes his accounts riveting are the remarkable evocations of places and people, and the nature of his narration. Don Juan: His Own Version is, above all, a book about storytelling and its ability to burst the ordinary boundaries of time and space. In this brief and wry volume, Peter Handke conjures images and depicts the subtleties of human interaction with an unforgettable vividness. Along the way, he offers a sharp commentary on many features of contemporary life.

A Sorrow Beyond Dreams Routledge

The first of Nobel Prize winner Peter Handke's novels to be published in English, *The Goalie's Anxiety at the Penalty Kick* is a true modern classic that "portrays the...breakdown of a murderer in ways that recall Camus's *The Stranger*" (The New York Times). The self-destruction of a soccer goalie turned construction worker who wanders aimlessly around a stifling Austrian border town after pursuing and then murdering, almost unthinkingly, a female movie cashier is mirrored by Handke's use of direct, sometimes

fractured prose that conveys "at its best a seamless blend of lyricism and horror seen in the runes of a disintegrating world" (Boston Sunday Globe).

WHEN WE CEASE TO UNDERSTAND THE WORLD

Picador

A major new novel from the Nobel laureate Peter Handke—one of his most inventive and dazzlingly original works On a summer day under a blue sky a man is stung on his foot by a bee. "The sting signaled that the time had come to set out, to hit the road. Off with you. The hour of departure has arrived." The man boards a train to Paris, crosses the city by Métro, then boards another, disembarking in a small town on the plains to the north. He is searching for a young woman he calls the Fruit Thief, who, like him, has set off on a journey to the Vexin plateau. What follows is a vivid but dreamlike exploration of topography both physical and affective, charting the Fruit Thief's perambulations across France's internal borderlands: alongside rivers and through ravines, beside highways and to a bolt-hole under the stairs of an empty hotel. Chance encounters—with a man scrambling through the underbrush in search of his lost cat, and with a delivery boy who abandons his scooter to become a fellow traveler for a day—are like so many throws of the dice, each exposing new facets of this mysterious individual in the manner of a cubist portrait. In prose of unrivaled precision, lucidly rendered into English by Krishna Winston, *The Fruit Thief* elevates the terrain of everyday life to epic status, and situates the microgeography of an individual at the center of a book like few others. This is one of Nobel laureate Peter Handke's most significant and original achievements.

Crossing the Sierra de Gredos New Directions Publishing

"My mother has been dead for almost seven weeks: I had better go to work before the need to write about her, which I felt so strongly at her funeral, dies away and I fall back into the dull speechlessness with which I reacted to the nerves of her suicide." So begins Peter Handke's extraordinary confrontation with his mother's death. In a painful and courageous attempt to deal with the almost intolerable horror of her suicide, he sets out to piece together the facts of her life, as he perceives them. What emerges is a loving portrait of inconsolable grief, a woman whose lively spirit has been crushed not once but over and over again by the miseries of her place and time. Yet well into middle age, living in the Austrian village of her birth, she still remains haunted by her dreams.

A Sorrow Beyond Dreams Macmillan

A young woman faces loneliness and alienation on a journey to find her own life outside of being a wife and mother in Nobel Prize-winning author Peter Handke's *The Left-Handed Woman*. One evening, when Marianne and her husband, Bruno, are dining out together to celebrate his return from a business trip, Marianne listens to him speak and realizes suddenly yet finally that Bruno will leave her. Whether at that moment, or in years to come, she will be deserted. And instinctively Marianne knows she must fend

for herself and her young son now, before that time comes. She sends Bruno away and settles down to a life alone, at first experiencing moments of panic, restlessly wandering in rooms grown stifling. The stillness of the house wears her down, and she starts taking long walks, or visiting with her close friend, Franziska. Gradually, what began as a selfish escape from the prospects of the future becomes in fact liberation. The environment she'd always hated—a no man's land of identical houses, with all curtains drawn—recedes; her relationships with those dear to her become less threatening, less necessary; and Marianne finds a new pattern for her life and the strength to go on alone.

A Sorrow Beyond Dreams Farrar, Straus and Giroux

Of all Danilo Kis's books, *HOURGLASS*, the account of the final months in one man's life before he is sent to a concentration camp, is generally considered his masterpiece. "A finely sustained, complex fictional performance. It is full of pain and rage and gusto and joy of living, at once side-splitting and a heartbreaker".--WASHINGTON POST BOOK WORLD.

SHORT LETTER, LONG FAREWELL

Farrar, Straus and Giroux

"A collection of literary essays by Nobel laureate Peter Handke"--*Offending the Audience* Vintage

Experience the Bible as a singular, powerful story and prepare to be swept away by Scripture as never before! Wangerin's "Bible storybook for adults" features brilliant settings, dramatized scenes, and added dialogue—all gleaned from extensive research. *The Book of God* reads like a novel, dramatizing the sweep of biblical events, bringing to life the men and women of this ancient book in vivid detail and dialogue. From Abraham wandering in the desert to Jesus teaching the multitudes on a Judean hillside, this award-winning bestseller follows the biblical story from start to finish. Priests and kings, apostles and prophets, common folk and charismatic leaders—individual stories offer glimpses into an unfolding revelation that reaches across the centuries to touch us today. *The Book of God*: Follows the biblical story in chronological order Filled with carefully researched cultural and historical background Includes biblical events viewed through the eyes of minor characters Master storyteller Walter Wangerin Jr. shares the story of the Bible from beginning to end as you've never read it before, retold with exciting detail and passionate energy. Experience the Bible in a beautiful new way!

THE JUKEBOX AND OTHER ESSAYS ON STORYTELLING

Farrar, Straus and Giroux

On a Dark Night I Left My Silent House is Nobel Prize winner Peter Handke's evocative, moving, often fantastic, short novel about one man's conflict with himself and his journey toward resolution. During one night shift, an unnamed, middle-aged pharmacist in Taxham, an isolated suburb of Salzburg, tells his story to a narrator. The pharmacist is known and well-respected, but lonely and estranged from his wife. He feels most comfortable

wandering about in nature, collecting and eating hallucinogenic mushrooms. One day he receives a blow to the head that leaves him unable to speak, and the narrative is transformed from ironic description into a collection of sensual impressions, observations and reflections. The pharmacist, who is now called the driver, sets out on a quest, travelling into the Alps with two companions—a former Olympic skiing champion and a formerly famous poet—where he is beaten and later stalked by a woman. He drives through a tunnel and has a premonition of death, then finds himself in a surreal, foreign land. In a final series of bizarre, cathartic events, the driver regains his speech and is taken back to his pharmacy—back to his former life, but forever changed. A powerful, poetic exploration of language, longing and dislocation in the human experience, *On a Dark Night I Left My Silent House* reveals Handke at his magical best.

Hourglass Zondervan

Peter Handke, a giant of Austrian literature, has produced decades of fiction, poetry, and drama informed by some of the most tumultuous events in modern history. But even as these events shaped his work, the presence of his mother—a woman whose life spanned the Weimar Republic, both world wars, and the postwar consumer economy—loomed even larger. In *Storm Still*, Handke's most recent work, he returns to the land of his birth, the Austrian province of Carinthia. There on the Jaunfeld, the plain at the center of Austria's Slovenian settlement, the dead and the living of a family meet and talk. Composed as a series of monologues, *Storm Still* chronicles both the battle of the Slovene minority against Nazism and their love of the land. Presenting a panorama that extends back to the author's bitter roots in the region, *Storm Still* blends penetrating prose and poetic drama to explore Handke's personal history, taking up themes from his earlier books and revisiting some of their characters. In this book, the times of conflict and peace, war and prewar, and even the seasons themselves shift and overlap. And the fate of an orchard comes to stand for the fate of a people. "Numerous pleasures await the reader who delves into the fabric of Peter Handke's prose. . . A subtle writer of unostentatious delicacy, Handke excels at fiction that, as it grows, coils around itself like wisteria. . . This is where the French New Novel might have gone if pushed."—Paul West, *Washington Post Book World*

A MOMENT OF TRUE FEELING

Pushkin Collection

"A brilliant study of the wages of mortal love." —The New York Times Book Review What does it mean to be a success? To be a good parent? To live a meaningful life? Emily Rapp thought she knew the answers when she was pregnant with her first child. But everything changed when nine-month-old Ronan was diagnosed with Tay-Sachs disease, a rare and always-fatal degenerative disorder. He was not expected to live beyond the age of three. Rapp and her husband were forced to re-evaluate everything they thought they knew about parenting and to learn to parent without a future. Even before the book's publication, Rapp set the Internet ablaze with her New York Times op-ed piece about parenting a terminally ill child. An immediate bestseller, *The Still Point of the Turning World* is Rapp's memorial to her lost son and an inspiring and exquisitely moving reminder to love and live in the moment. *Once Again for Thucydides* Farrar, Straus and Giroux Described as an answer to or at least an echo of Samuel Beckett's Krapp's Last tape, this book is a monologue delivered by the "she" in Beckett's play. The monologue is prefaced with a description of

two stone figures. While the male figure remains "as dead and gone as anyone can," the female bursts into life, and her monologue gradually focuses on Krapp's use of pauses and language to dominate the other characters in the Beckett play. Ultimately, however, her complaints and critique of Krapp become a declaration of her love for Krapp or at least an affirmation of their attachment, as the two of them are ultimately bound together, perhaps even inseparable.

REPETITION

Pushkin Press

"[Makes] the very convincing case that, until and unless there is a full accounting for what happened with Donald Trump, 2020 is not over and never will be." —The New Yorker "Riveting...we can never be reminded too often to never forget." —The Wall Street Journal Journalist Géraldine Schwarz's astonishing memoir of her German and French grandparents' lives during World War II "also serves as a perceptive look at the current rise of far-right nationalism throughout Europe and the US" (Publishers Weekly). During World War II, Géraldine Schwarz's German grandparents were neither heroes nor villains; they were merely Mitläufer—those who followed the current. Once the war ended, they wanted to bury the past under the wreckage of the Third Reich. Decades later, while delving through filing cabinets in the basement of their apartment building in Mannheim, Schwarz discovers that in 1938, her paternal grandfather Karl took advantage of Nazi policies to buy a business from a Jewish family for a low price. She finds letters from the only survivor of this family (all the others perished in Auschwitz), demanding reparations. But Karl Schwarz refused to acknowledge his responsibility. Géraldine starts to question the past: How guilty were her grandparents? What makes us complicit? On her mother's side, she investigates the role of her French grandfather, a policeman in Vichy. Weaving together the threads of three generations of her family story with Europe's process of post-war reckoning, Schwarz explores how millions were seduced by ideology, overcome by a fog of denial after the war, and, in Germany at least, eventually managed to transform collective guilt into democratic responsibility. She asks: How can nations learn from history? And she observes that countries that avoid confronting the past are especially vulnerable to extremism. Searing and unforgettable, *Those Who Forget* "deserves to be read and discussed widely...this is Schwarz's invaluable warning" (The Washington Post Book Review).

The Last Bell New York Review of Books

A scintillatingly witty memoir telling the story of a young woman's determined struggle for freedom This is the unforgettable memoir of an 'odd, rich, exotic' childhood, of growing up in Azerbaijan in the turbulent early twentieth century, caught between East and West, tradition and modernity. Banine remembers her luxurious home, with endless feasts of sweets and fruit; her beloved, flaxen-haired German governess; her imperious, swearing, strict Muslim grandmother; her bickering, poker-playing, chain-smoking relatives. She recalls how the Bolsheviks came, and they lost everything. How, amid revolution and bloodshed, she fell passionately in love, only to be forced into marriage with a man she loathed- until the chance of escape arrived.

SENSELESSNESS

Penguin

A maid who is unexpectedly left her wealthy employers' worldly possessions, when they flee the country after the Nazi

occupation; a loyal bank clerk, who steals a Renaissance portrait of a Spanish noblewoman, and falls into troublesome love with her; a middle-aged travel agent, who is perhaps the least well-travelled man in the city and advises his clients from what he has read in books, anxiously awaits his looming honeymoon; a widowed villager, whose 'magnetic' (or perhaps 'crazy') twelve-year-old daughter witnesses a disturbing event; and a tiny village thrown into civil war by the disappearance of a freshly baked cheesecake - these stories about the tremendous upheaval which results when the ordinary encounters the unexpected are vividly told, with both humour and humanity. This is the first ever English publication of these both literally and metaphorically enchanting Bohemian tales, by one of the great overlooked writers of the twentieth century.

Quiet Places Pushkin Collection

A collection of six plays by Nobel Prize winner Peter Handke, spanning the early years of the Austrian playwright's career The first full-length play *The Ride Across Lake Constance*, is one of Handke's best-known works. It deals directly with one of Handke's favorite themes: the realities of theater itself, independent of the offstage world, and the way language (dialogue) and objects (props) operate in the skewed world of the stage. Therein it anticipates *They Are Dying Out*, the second full-length play in this volume. In some ways more conventional than many of Handke's plays, *They Are Dying Out* presents one of his most fascinating protagonists, Quitt, a businessman who first induces a group of colleagues to set up a monopoly and then torpedoed the scheme. The four short plays that round out the book--*Prophecy*, *Calling for Help*, *Quodlibet*, and *My Foot My Tutor*--were written before *The Ride Across Lake Constance* and show Handke moving from the experimental mode of his early work toward the richness and complexity that have marked him as the most important dramatist since Beckett. Together, Handke's plays bear witness to the truth of Richard Gilman's observation that "in Handke's theater, language, exposed, assaulted, wrestled with, driven to limits, and pursued still further, begins to take on, like the color returning to the cheeks of a nearly hanged man, the signs of a strange and unexpected resurrection."

Those Who Forget New York : Avon Books

In this visionary novel, Nobel Prize winner Peter Handke offers descriptions of objects, relationships, and events that teach readers a renewed way of seeing; he creates a wealth of images to replace those lost to convention and conformity. On the outskirts of a northwestern European river port city lives a powerful woman banker, a public figure admired and hated in equal measure, who has decided to turn from the worlds of high finance and modern life to embark on a quest. Having commissioned a famous writer to undertake her "authentic" biography, she journeys through the Spanish Sierra de Gredos and the region of La Mancha to meet him. As she travels by all-terrain vehicle, bus, and finally on foot, the nameless protagonist encounters five way stations that become the stuff of her biography and the biography of the modern world, a world in which genuine images and unmediated experiences have been exploited and falsified by commercialization and by the voracious mass media. Crossing the Sierra de Gredos is a very human book of yearning and the ancient quest for love, peopled with memorable characters (from multiple historical periods) and imbued with Handke's inimitable ability to portray universal, inner-worldly adventures that blend past, future, present, and dreamtime.
