20 years pets have gone

corner of America. *Pet

dramas springing from  
this cultural  
transformation. Since  
1998 the pet population in  
the U.S. has almost  
doubled -- about two-  
thirds of the country now  
owns a pet. No longer left  
to wander the

neighborhood, dogs and cats eat special food, get individualized medical attention, and even fly in the cabin. As founder of the Animal Policy Group, Mark Cushing provides an inside look at the rise of Pet Nation, tracking the myriad ways pets are acquired (a "Canine Freedom Train" runs south to north), reporting on pet rights legislation (and the unseen problems that come with elevating their status), pet healthcare (revealing the truth and myths about large scale breeders), and discovering that despite what many organizations would have us believe, there is a shortage of dogs. Insightful, surprising, and full of great stories, Pet Nation opens our eyes to the big changes happening in front of us right now. It shows us not only what our love of animals says about pets, it shows us what it says about ourselves.

### REDEEMING LOVE

Blackstone Publishing  
Hill House is an 80 year-old mansion built by long-deceased Hugh Crain. The story concerns four main characters: Dr. John Montague, an investigator of the supernatural; Eleanor Vance, a shy young woman who resents having lived as a recluse caring for her demanding invalid mother; Theodora, a flamboyant, bohemian, possibly lesbian artist; and Luke Sanderson, the young heir to Hill House, who is also the host to the others. Dr. Montague hopes to find scientific evidence of the existence of the supernatural. He rents Hill House for a summer and invites as his guests several people whom he has chosen because of their past experience with paranormal events. Of these, only Eleanor and Theodora accept. All four

of the inhabitants begin to experience strange events while in the house, including unseen noises and ghosts roaming the halls at night, strange writing on the walls and other unexplained events. Eleanor tends to experience phenomena to which the others are oblivious. At the same time, Eleanor may be losing touch with reality... A finalist for the National Book Award, *The Haunting of Hill House* is considered as one of the best literary ghost stories published during the 20th century, even by stalwarts like Stephen King. It has been made into two feature films, a TV series and a play. Jackson's novel relies on terror rather than horror to elicit emotion in the reader, utilizing complex relationships between the mysterious events in the house and the characters' psyches. A must read! *What Ever Happened to Baby Jane?* Macmillan  
One of the twentieth century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the

mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

A plane crashes on a desert island and the only survivors, a group of schoolboys, assemble on the beach and wait to be rescued. By day they inhabit a land of bright fantastic birds and dark blue seas, but at night their dreams are haunted by the image of a terrifying beast. As the boys' delicate sense of order fades, so their childish dreams are transformed into something more primitive, and their behaviour starts to take on a murderous, savage significance. One of the most profound changes in business and society is the emergence of the post-Millennial generation, Gen Z. While every new generation has faced its share of disruption in technology, economics, politics and society, no other generation in the history of mankind has had the ability to connect every human being on the planet to each other and in the process to provide the opportunity for each person to be fully educated, socially and economically engaged. What might this mean for business, markets, and educational institutions in the future? In this revolutionary new book, *The Gen Z Effect: The Six Forces Shaping the Future of Business*, authors Tom Koulopoulos and Dan Keldsen delve into a vision of the future where disruptive invention and reinvention is the acknowledged norm, touching almost every

aspect of how we work, live and play. From radical new approaches to marketing and manufacturing to the potential obliteration of intellectual property and the shift to mass innovation, to the decimation of our oldest learning institutions through open source and adaptive learning, *The Gen Z Effect* provides a mind-bending view of why we will need to embrace Gen Z as the last, best hope for taking on the world's biggest challenges and opportunities, and how you can prepare yourself and your business for the greatest era of disruption, prosperity, and progress the world has ever experienced.

#### *Life in Tension* IDW

When God comes into our lives, we change. Our new identity in Christ comes into tension with our old identity in ourselves as the Holy Spirit works in our hearts and minds. This tension arises between who we were and who God created us to be, between us and God, and between us and those around us. The Apostle Paul calls the work of the Holy Spirit in our lives sanctification. *Life in Tension* reflects on

Jesus' Beatitudes in the context of scripture. The Beatitudes serve as an introduction to the Sermon on the Mount and lay out Jesus' priorities in teaching his disciples. Because the sermon serves as a kind of ordination service for the Apostles, the importance of the Beatitudes for the early church, Christian spirituality, and discipleship today cannot be overstated. Life in Tension is organized as a devotional. Each chapter offers a reflection, a prayer, and discussion questions. Chapters are organized around the nine Beatitudes in Matthew. This revised edition facilitates ease of reading. It has an updated cover, fewer Greek and Hebrew references, and fewer footnotes than the original edition. Some editing to enhance clarity has also been done. Hear the words; Walk the steps; Experience the joy! Key words for this book include: Beatitudes, Christianity, spirituality, Jesus, Bible, devotion, faith, prayer, spiritual growth, discipling, Christian spirituality, devotional, sanctification, and faith. Author Stephen W. Hiemstra (MDiv, PhD) is a slave of Christ, husband, father,

tentmaker, writer, and speaker. He lives with Maryam, his wife of 30+ years, in Centreville, VA and they have three grown children. One Hundred Years of Solitude Candlewick Press The year is 1838, and after more than ten years in the planning, the famous United States Exploring Expedition is set to launch into uncharted waters from the coast of Virginia. A convoy of seven ships filled with astronomers, mapmakers, naturalists, and the sailors charged with getting them around the world, the "Ex. Ex." is finally underway, with much fanfare. Aboard the convoy as ship's linguist is Wiki Coffin. Half New Zealand Maori and half American, Wiki speaks numerous languages and is expected to help the crew navigate the Pacific islands that are his native heritage. But just before departure Wiki, subject to the unfortunate bigotry of the time, is arrested for a vicious murder he didn't commit. The convoy sails off, but just before the ships are out of reach Wiki is exonerated, set free to catch up with his ship and sail on. The catch: the local sheriff is convinced that the real murderer is aboard one of the seven

ships of the expedition, and Wiki is deputized to identify the killer and bring him to justice. Full of the evocative maritime detail and atmosphere that have won her numerous awards for her nonfiction, Joan Druett's *A Watery Grave* is the mystery debut of a masterful maritime writer. *Encyclopedia of Cyber Behavior* Laurel Leaf This is the script of the original musical from which the film was adapted, not the film's screenplay. *The Road* Routledge (Applause Libretto Library). The story of Mark, Roger, Maureen, Tom Collins, Angel, Mimi, JoAnne, and their friends on the Lower East Side of New York City will live on, along with the affirmation that there is "no day but today." Technology has become the architect of our intimacies. Online, we fall prey to the illusion of companionship, gathering thousands of Twitter and Facebook friends, and confusing tweets and wall posts with authentic communication. But this relentless connection leads to a deep solitude. MIT professor Sherry

Turkle argues that as technology ramps up, our emotional lives ramp down. Based on hundreds of interviews and with a new introduction taking us to the present day, *Alone Together* describes changing, unsettling relationships between friends, lovers, and families.

### THE HAUNTING OF HILL HOUSE

*Bowling Alone*  
Rare Objects is a captivating new work of historical fiction from Kathleen Tessaro, the New York Times–bestselling author of *The Perfume Collector*. Near the end of the Prohibition era and the beginning of the Great Depression, in a city divided by privilege and poverty, two very unlikely friends meet in desperate circumstances, bound by a shared secret . . . Boston, 1933. Maeve Fanning is a first-generation Irish immigrant, born and raised among the poor, industrious Italian families of Boston’s North End by her widowed mother.

Clever, capable and as headstrong as her trademark red hair suggests, she’s determined to better herself despite the overwhelming hardships of the Great Depression. However, Maeve also has a dangerous fondness for strange men and bootlegging—a rebellious hunger for experience that soon finds her spiraling downward, leading a double life. When the strain proves too much, Maeve becomes an unwilling patient in a remote psychiatric hospital, where she strikes up a friendship with an enigmatic young woman, who, like Maeve, is unable or unwilling to control her unladylike desire for freedom. Once out, Maeve must start over again, and armed with a bottle of bleach and a few white lies, she lands a job at an eccentric antiques shop catering to Boston’s wealthiest and most peculiar collectors. Run by a retired anthropology professor and an elusive English archeologist, the exclusive shop is a haven of the obscure and

incredible that opens a window onto the world of rare artifacts—and that of America’s social elite. While delivering a purchase to the wealthy Van der Laar family, Maeve is introduced to beautiful socialite Diana Van der Laar—only to discover she’s the young woman from the hospital. Reunited with the charming but increasingly unstable Diana and pursued by her attractive brother James, Maeve becomes more and more entwined with the Van der Laar family—a connection that pulls her deep into a world of social and political ambition, deceit and ultimately betrayal. Bewitched by their wealth and desperate to leave her past behind, Maeve is forced to unearth her true values and discover just how far she’s willing to go to reinvent herself. A rich, universal story of ambition, transformation, desire and betrayal, *Rare Objects* is acclaimed writer Kathleen Tessaro’s finest work to date. “Kathleen Tessaro writes beautifully.” —MARIAN KEYES
