Big Giant Monster Wizards  
of the Coast  
Get ready to embark upon  
one of the most

adventurous stories told  
from the viewpoint of a  
little boy by the name of  
Aiden. Whisked away in  
the mind of Aiden, the  
reader is confronted with  
some prevailing realities  
that are embedded within  
allegoric allusions, but  
reminiscent of the lives of

real people, living real life,  
every day. The whimsical  
becomes the powerful  
voice of the voiceless, and  
through this genre of  
writing, gives that voice  
meaning and purpose.  
With the use of  
imaginative  
characterization and

dialogue, the author invites the reader into a world many dare not explore. This short story is just one of many of Dr. Benders' archives of writings that probe at social problems with the purpose of stimulating dialogue to find meaningful solutions. As Founder & CEO of Getting Results, our educational division strives to find solutions that "get real results" for children. Dr. Benders and I developed a curriculum that extends the elements of the "Big Giant Monster" into a full

analysis designed to build critical thinking skills for each student reader. As students engage in this book, they will uncover not only their love for reading and the adventures within this short story, but they will also discover their ability to critically think about the deeper issues the author portrays and how they influence race, family, and society. I believe this book will have an impact on students of all ages as teachers and parents use it as a springboard for exploring

the issues that can no longer go unanswered. Jerome E. Taylor, Ed.D., Editor Founder & CEO of Getting Results Newtonville, New Jersey Monsters and Heroes of the Realms Createspace Independent Publishing Platform Dragon—Book One of the Dragon Eye series Ilsa has been afraid of dragons ever since she saw them in the sky the night she was chased from her village as a child. Now, a decade later, she'd love to return to the place she once called home—if only

she knew where to find home. Truth is, Ilsa doesn't know who she is. She only knows her father left her in the care of a guy named Ram, who teaches her swordsmanship in a butcher shop until the day when it's safe for her to continue home. But it may never be safe, and their enemies are closing in. Ilsa and Ram are being hunted, and they must flee through the dangers that bar them from their homeland. The journey will require all their skill and strength, but it will also uncover the secrets

of who Ilsa is and where she belongs. She's always longed for the truth, but once she learns it, can she accept it? Is she... a dragon? And do those ancient monsters even deserve to live? The Dragon Eye series books: One: Dragon Two: Hydra Three: Phoenix Four: Vixen Five: Dracul Six: Basilisk  
**Monsterology** Simon and Schuster  
 This beautifully illustrated series will have you captivated. Stunning illustrations, intriguing facts, and a large format

make an engaging reference to revisit time and again. This magical menagerie will lead you on a thrilling journey through the fantastical realm of dragons. Meet fire-breathing monsters, ferocious serpents, wise and gentle giants, and multi-headed beasts. From the hundred-headed Typhon of Ancient Greek mythology to the dazzling Aztec dragon Quetzalcoatl, all sorts of magnificent beasts are brought to life from across the globe and many different cultures.

Fascinating facts accompany each illustration so you can find out which dragon darted from tree to tree, how Shenlong was master of the rain and wind, and which creature could hypnotize people with its blazing eyes.

Trial of the Underkeep is a Dungeons & Dragons adventure optimized for 4th edition. Some things are better left buried and entombed, like an entire

castle that slid into the earth 1000 years ago, hiding its shameful secrets. It was only a matter of time until its doors were blundered upon and unsealed, unleashing unimaginable horrors upon a small town. What unknown abominations stir in the slimy subterranean castle? Something has punctured through from another plane of existence. It has tasted your world and found it easy to digest. Worst of all now you have been afflicted by its presence

and you must save yourself as well. Can anyone survive the Trial of the Underkeep? 19 New Creatures 26 New, unique Artifacts and Treasures, some that are as dangerous as the Monsters!

### **The Big Book of**

**Monsters** Createspace Independent Pub

Two thousand years of legend and lore about the menace and majesty of dragons, which have breathed fire into our imaginations from ancient Rome to Game of Thrones A Penguin Classic The

most popular mythological creature in the human imagination, dragons have provoked fear and fascination for their lethal venom and crushing coils, and as avatars of the Antichrist, servants of Satan, couriers of the damned to Hell, portents of disaster, and harbingers of the last days. Here are accounts spanning millennia and continents of these monsters that mark the boundary between the known and the unknown, including: their origins in the deserts of Africa; their

struggles with their mortal enemies, elephants, in the jungles of South Asia; their fear of lightning; the world's first dragon slayer, in an ancient collection of Sanskrit hymns; the colossal sea monster Leviathan; the seven-headed "great red dragon" of the Book of Revelation; the Loch Ness monster; the dragon in Beowulf, who inspired Smaug in Tolkien's The Hobbit; the dragons in the prophecies of the wizard Merlin; a dragon saved from a centipede in Japan who gifts his human

savior a magical bag of rice; the supernatural feathered serpent of ancient Mesoamerica; and a flatulent dragon the size of the Trojan Horse. From the dark halls of the Lonely Mountain to the blue skies of Westeros, we expect dragons to be gigantic, reptilian predators with massive, bat-like wings, who wreak havoc defending the gold they have hoarded in the deep places of the earth. But dragons are full of surprises, as is this book.

## THE USBORNE BIG BOOK OF BIG MONSTERS

Courier Corporation  
This scrumptious New York Times bestseller has a whole lot of kick! Dragons love tacos. They love chicken tacos, beef tacos, great big tacos, and teeny tiny tacos. So if you want to lure a bunch of dragons to your party, you should definitely serve tacos. Buckets and buckets of tacos. Unfortunately, where there are tacos, there is also salsa. And if a dragon

accidentally eats spicy salsa . . . oh, boy. You're in red-hot trouble. The award-winning team behind *Those Darn Squirrels!* has created an unforgettable, laugh-until-salsa-comes-out-of-your-nose tale of new friends and the perfect snack.

## FEARSOME MONSTERS FROM MYTH AND FICTION

Bellwether Media  
Insights into the lives of monsters from a world-famous monstrologist.  
*The Wild Beyond the Witchlight: A Feywild*

*Adventure (Dungeons & Dragons Book) Wizards of the Coast*  
An imaginative and fun guide to dragons--the different types, their origins, how to care for them, and more! Are you ready to enter the marvelous, mysterious, and amazing world of dragons? Park your fear outside and come on in . . . these mythical animals await you! Future dragon hunters and trainers will find this practical guide packed with useful information. It will help them recognize every

type of dragon that has ever lived and learn about their habits, favorite foods, and how to look after them!

### Dragons Penguin

Whether they were real or myth, *Creature Files: Dragons* shows you the folklore of twenty dragons from around the world and what the people believed about them. Do you believe dragons are nothing more than the scaly stuff of myths? Or do you think they really existed? Whatever side you're on, this collection of twenty fascinating

creatures is sure to spark your imagination. In *Creature Files: Dragons*, you'll take a tour through the world of fire-breathing, gold-hoarding, three-headed monsters and discover where and how these magical creatures came to be. Learn the unique folklore of cultures around the globe, from China to Russia to Eastern Africa, and see how people envisioned these otherworldly beasts through lush and evocative illustrations. Included are many meaty

facts to gnaw on—like which dragon had too many teeth to count, and which dragon had teeth as big as an adult's arm—along with a realistic dragon-tooth necklace! And science lovers will also find something to sink their teeth into: facts about real-life dragons that exist today. These dragons may not breathe fire, but they share some of the same traits as their mythical brethren.

### **DANCING IN THE**

## GLORY OF MONSTERS

Createspace Independent Pub

Wings, claws, scales!

What images come to mind when you think of a dragon? These amazing creatures have played important roles in many cultures for thousands of years. Some are ferocious and filled with fire. Others are kind and linked to royalty. Readers will discover the different forms dragons have taken through time in this page-turning title. Features such as a comparison

chart, maps, and a media mention provide visual interest and textual reinforcement.

**Zip Line Mice Companion Coloring Book** Candlewick Press (MA)

Hidden in the forgotten tunnels beneath the castle of Thorilleia lies an ancient book written by a powerful wizard. Two young men set out to find the book, which is said to contain a mysterious secret. Their journey takes them across rugged mountains and through dense forests where they

encounter dangerous creatures and strange cultures. When they reach Thorilleia, they find themselves thrust into a pivotal role in a war between great kingdoms. Loaded with action and unexpected twists, *Dragon's Dust* is not just a quest for riches and power; it's an adventure story where integrity, determination, and courage prevail in dire circumstances.

*Dragon Bound* Courier Corporation

Immerse yourself in this monster lore in this

supplement for the world's greatest roleplaying game This is NOT just another Monster Manual! Volo's Guide to Monsters provides something exciting for players and Dungeon Masters everywhere. · A deep dive into the lore behind some of D&D's most popular and iconic monsters · Dozens of monsters new to the fifth edition to include in your epic adventures · New playable races to allow you to build characters to fit nearly any type of story in your D&D game. The

esteemed loremaster Volothamp Geddarm is back and he's written a fantastical dissertation, covering some of the most iconic monsters in the Forgotten Realms. Unfortunately, the Sage of Shadowdale himself, Elminster, doesn't believe Volo gets some of the important details quite right. Don't miss out as Volo and Elminster square off (academically speaking of course) to illuminate the uninitiated on creatures both common and obscure. Uncover the machinations

of the mysterious Kraken Society, what is the origin of the bizarre froghemoth, or how to avoid participating in the ghastly reproductive cycle of the grotesque vargouille. Dungeon Masters and players will get some much-needed guidance as you plan your next venture, traipsing about some dusty old ruin in search of treasure, lore, and let's not forget ... dangerous creatures whose horns, claws, fangs, heads, or even hides might comfortably adorn the walls of your

trophy room. If you survive. Research has never been so dangerous! Dragons Amber Books Ltd With fantastic facts and incredible tales, discover the legends and mysteries surrounding mythical creatures around the world.

Penguin

Gentry was a simple baker who knew there was more to life but did not know what it was or how to get there. One day, a traveler came to town and told Gentry that he is seeking The Destination. However, the

traveler provides a warning. The path to The Destination is guarded by dragons that only seek to take travelers off of the path. Armed with a scroll, a shield and a sword, Gentry sets out on his quest. As Gentry heads towards The Destination, he is expecting to face fierce dragons that he heard so many stories about growing up. He pictured himself doing battle with a large scaly beast. But what he found surprised him. The dragons were not the fire breathing animal he

expected but much more deceiving. Gentry had to face each dragon before he can travel on towards The Destination or be sent back to the town as a failure. Each dragon, however, has a different name and affect on Gentry. He must use the wisdom he finds in the scroll in order to defeat each of the dragons. As we each travel the journey to success, we are often times side tracked by dragons of our own. Through this book and as you travel with Gentry, you will learn the secrets

to defeating many of the common dragons that only seek to hold us back from reaching our destination.

## AND GIANTS

Penguin

For centuries, folk tales about fierce, fire-breathing dragons have fascinated children and adults alike. Sometimes scary, sometimes suprisingly friendly, dragons are major characters in legends from all around the world. *Dragons* collects 20 of these mythical beasts from Chinese, Japanese, Babylonian, Mediterranean and Nordic mythology as well as examples from more

recent fantasy literature, such as J.R.R. Tolkien's dragon Smaug in *The Hobbit*. From the rage of Beowulf's dragon to the victory of St. George over the dragon, *Dragons* brings together the most exciting of these mythical monsters. Illustrated throughout with outstanding, full-colour artworks for each dragon, each entry includes easy-to-follow accounts of the myth, maps of the geographical origins, and factfile boxes describing the different strengths and weaknesses and

characteristics of the dragon. This engaging and accessible volume reveals the spectacular world of some of mankind's most sensational creations. *Part 1: the Book of Seregion* CreateSpace Meet the monsters in this who's who of the baddest of the bad! Like those supernatural beasts everyone knows and fears—the bloodsucking vampire, Count Dracula, and that eight-foot-tall mash-up of corpses, Frankenstein's Monster. Or that scariest of

mummies, Cheops, who scientists revived after 4,700 years—big mistake! Or more horrifying yet, the Horla, an invisible, havoc-wreaking creature that herds humans like cattle and feeds of their souls. Drawn from the pages of classic books and tales as old as time, this frightfully exciting collection features 25 of the creepiest creatures ever imagined, from witches and werewolves to dragons and ghosts. Every monster is brought to life in a full-size full-color portrait that

captures the essence of the beast, and in lively text that recounts the monster's spine-tingling story. With sidebars that explore the history and the genre of each sourcebook, The Big Book

of Monsters is an exciting introduction to literature and language arts.
