CAT AMONG THE PIGEONS

Minotaur Books English Magic has been published alongside Turner prize-winning artist Jeremy Deller's British Pavilion exhibition at the Venice Biennale in 2013 (1 June - 24 November), and reflects the roots of much of

Deller's work, focusing on British society - its people, icons, myths, folklore and its cultural and political history. He weaves together high and low, popular and rarefied to create unique and thought provoking work. English Magic is also a new film work by Deller which forms a major part of his exhibition for the British Pavilion. The film brings together many of the ideas behind the works in the Pavilion,

featuring visual and thematic elements that reflect the artist's interest in the diverse nature of British society and its broad cultural, socio-political and economic history. The exhibition will tour the UK in 2014 to the William Morris Gallery, London Borough of Waltham Forest; Bristol Museum and Art Gallery; and Turner Contemporary, Margate. This official catalogue (available in four different

colour covers) features a new essay by Hal Foster and an interview between Jeremy Deller, Chris Dercon and John Paul Lynch.

One of the New York Times Book Review's Top Ten Best Crime Novels of 2020 One of USA Today's Best Books 2020 "[A] hypnotic debut. . . . [An] uncommonly clever whodunit."-- New York Times Book Review Perfect for

lovers of Agatha Christie and *The Secret History*, *The Truants* is a seductive, unsettling, and beautifully written debut novel of literary suspense--a thrilling exploration of deceit, first love, and the depths to which obsession can drive us. People disappear when they most want to be seen. Jess Walker has come to a concrete campus under the flat gray

skies of East Anglia for one reason: to be taught by the mesmerizing and rebellious Dr. Lorna Clay, whose seminars soon transform Jess's thinking on life, love, and Agatha Christie. Swept up in Lorna's thrall, Jess falls in with a tightly knit group of rule-breakers-- Alec, a courageous South African journalist with a nihilistic streak; Georgie, a seductive, pill-popping aristocrat; and Nick, a handsome

geologist with layers of his own. But the dynamic between the friends begins to darken, until a tragedy shatters their friendships and love affairs, and reveals a terrible secret. Soon Jess must face the question she fears most: what is the true cost of an extraordinary life? Cat shelters are overflowing. Hundreds of thousands of cats are euthanised every year by despondent animal welfare workers.</p>	<p>Misplaced sentimentality , sometimes promoted by corporate greed of cat food companies, has exacerbated this situation through promoting irresponsible feeding of strays. animal welfare, human health, and conservation issues they create when allowed to roam. But he also presents solutions, from breeding ideal indoor pet cats to development of humane and targeted tools to control feral cats. In striking parallel to the repercussions of human-induced climate change, warnings about the damage wrought by free-ranging

cats have been largely denied or overlooked. But we ignore these issues at our peril. For our own mental health and endangered wildlife worldwide, time is running out. **A Peacock Among Pigeons** HarperCollins Publishers 'People should not leave looking-glasses hanging in their rooms any more than they should leave open cheque books or letters confessing
