 Subject: History First teaching: September 2017 First exams:
 Summer 2019 Endorsed for Pearson Edexcel qualifications Follow
 the tried-and-tested methods of bestselling author Ben Walsh.
 This book builds the skills required for exam success, helps
 students to remember all the content and makes History really
 interesting. The authors have listened to feedback from teachers
 and students about the challenging aspects of the specification,
 to ensure that they deliver the support you need. You can rely on
 this textbook to:

- Ensure that History is accessible to all.
- Straightforward language, manageable chunks of text and
 plenty of bullet points guide you through the content, which is
 covered in the amount of depth that students need.
- Bring historical events, people and developments to life.
- Focus on what really matters.
- The features in the book are designed to consolidate students' knowledge of the key points - from 'Focus' boxes and regular 'Knowledge check' questions to end-of-chapter summaries.
- Break down exam skills into small steps.
- Activities throughout the chapters and larger 'Focus tasks' teach students how to select, organise and use their knowledge to explain, analyse, evaluate and make judgements.
- Provide easy-to-follow exam advice.
- Clear explanations of the exam requirements, analysis of what a good answer might look like and handy tips help students to feel confident and prepared.

This book covers the following units:

- Historical investigations
- Russia and the Soviet Union, 1905-24
- The USA, 1918-41

Edexcel International a Level Biology Lab Book Pearson Education
 India

Linked to the Pearson Edexcel 11-16 Science Learning Pathway and GCSE specifications, this Lab Book will help to introduce and embed the skills and terminology that are needed for students to succeed in the core practical components of their Edexcel GCSE (9-1) Science course. 12 fun, inspiring KS3 practicals, fully reviewed for safety by CLEAPSS. All the instructions students will need to perform these practicals. Writing frames for students to record their results and reflect on their work. Guidance to help students build confidence in key skills such as experimental design, recording and presentation of results, and evaluation of methods and data. A selection of questions to help Key Stage 3 students prepare for GCSE-style assessment. A Practical Skills Checklist so students can track the skills they have developed. Everything students need for the 12 key practicals in one Lab Book, eliminating the need for additional photocopying or printing off other pieces of paper (such as graphs). Comprehensive teacher and technician notes to help with delivery.

Edexcel GCSE Physics Lab Book, 2nd Edition Hodder Education
 Absolute clarity is the aim with a new generation of revision guide for the 2020s. This guide has been expertly compiled and edited by successful former teachers of Computer Science, highly experienced examiners and a good dollop of scientific research into what makes revision most effective. Past examinations questions are essential to good preparation, improving

understanding and confidence. This guide has combined revision with tips and more practice questions than you could shake a stick at. All the essential ingredients for getting a grade you can be really proud of. Each specification topic has been referenced and distilled into the key points to make in an examination for top marks. Questions on all topics assessing knowledge, application and analysis are all specifically and carefully devised throughout this book.
