Little Big Men is a study of competitive bodybuilders on the West Coast that examines the subculture from the perspective of bodybuilders' everyday activities. It offers fascinating descriptions and insightful analogies of an important and understudied subculture that has risen to widespread popularity in today's mass culture. Alan Klein conducted his field study of bodybuilding in some of the world's best-known gyms. In studying the social and political relations of bodybuilding competitors, Klein explores not only gym dynamics but also the internal and external pressures bodybuilders face. Central to his examination is the critique of masculinity. Through his study of "hustling" among bodybuilders, Klein is able to construct a social-psychological male configuration that includes narcissism, homophobia, hypermasculinity, and fascism. Because they exist as exaggerations, these bodybuilder traits come to represent one end of the continuum of modern masculinity, what Klein terms comic-book masculinity. This study is a rare foray into the critique of contemporary American macho.

Alice in Wonderland (also known as Alice's Adventures in Wonderland), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influence generations of fiction writing.

This important volume addresses a number of central topics concerning how history is depicted in film. In the preface, the volume editors emphasize the importance of using film in teaching history: students will see historical films, and if they are not taught critical viewing, they will be inclined

simply to accept what they see as fact. Authors of the individual chapters then explore the portrayal of history—and the uses of history—in specific films and film genres. Robert Rosenstone's "In Praise of the Biopic" considers such films as *Reds*, *They Died with Their Boots On*, *Little Big Man*, *Seabiscuit*, *Cinderella Man*, and *The Grapes of Wrath*. In his chapter, Geoff Pingree focuses on the big questions posed in Jay Rosenblatt's 1998 film *Human Remains*. Richard Francaviglia's chapter on films about the Middle East is especially timely in the post-9/11 world. One chapter, by Daniel A. Nathan, Peter Berg, and Erin Klemyk, is devoted to a single film: Martin Scorsese's urban history *The Gangs of New York*, which the authors see as a way of exploring complex themes of the immigrant experience. Finally, Robert Brent Toplin addresses the paradox of using an art form (film) to present history. Among other themes, he considers the impact of Patton and Platoon on military decisions and interpretations, and of *Birth of a Nation* and *Glory* on race relations. The cumulative effect is to increase the reader's understanding of the medium of film in portraying history and to stimulate the imagination as to how it can and how it should not be used. Students and teachers of history and cinema will benefit deeply from this informative and thoughtful discussion.

In this classic of children's literature, beloved by generations of readers and listeners, the quiet poetry of the words and the gentle, lulling illustrations combine to make a perfect book for the end of the day. In a great green room, tucked away in bed, is a little bunny. "Goodnight room, goodnight moon." And to all the familiar things in the softly lit room—to the picture of the three little bears sitting on chairs, to the clocks and his socks, to the mittens and the kittens, to everything one by one—the little bunny says goodnight. One of the most beloved books of all time, *Goodnight Moon* is a must for every bookshelf and a time-honored gift for baby showers and other special events.

WINNER OF THE PULITZER PRIZE • NATIONAL BESTSELLER • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). • From the bestselling author of *The Passenger* A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. "Alex Tizon fearlessly penetrates the core of not just what it means to be male and Asian in America, but what it means to be human anywhere."—Cheryl Strayed, New York Times bestselling author Shame, Alex Tizon tells us, is universal—his own happened to be about race. To counteract the steady diet of American television and movies that taught Tizon to be ashamed of his face, his skin color, his height, he turned outward. ("I had to educate myself on my own worth. It was a sloppy, piecemeal education, but I had to do it because no one else was going to do it for me.") Tizon illuminates his youthful search for Asian men who had no place in his American history books or classrooms. And he tracks what he experienced as seismic change: the rise of powerful, dynamic Asian men like Yahoo! cofounder Jerry Yang, actor Ken Watanabe, and NBA starter Jeremy Lin. Included in this new edition of *Big Little Man* is Alex Tizon's "My Family's Slave"—2017's best-read digital article. Published only weeks after Tizon's death in 2017, it delivers a provocative, haunting, and ultimately redemptive coda. "A ruthlessly honest personal story and a devastating critique of contemporary American culture."—The Seattle Times "Part candid memoir, part incisive cultural study, *Big Little Man* addresses—and explodes—the stereotypes of Asian manhood. Alex Tizon writes with acumen and courage, and the result is a book at once illuminating and, yes, liberating."—Peter Ho Davies, author of *The Welsh Girl* "This personal narrative of self-education and growth will engage any reader captivated by the sources of American, and Asian-American, manhood—its multitude of inheritances and prospects."—Minneapolis Star Tribune

The legendary Jack Crabb takes another riotous romp through the Old West in an acclaimed novel that’s “impressive and delightful . . . very Mark Twain” (Daily News, New York). Jack Crabb is now 112 years old, and he isn’t done spinning yarns. In this sequel to Berger’s beloved novel *Little Big Man*, one of literature’s wiliest survivors continues his breathtaking tall tales of the Old West. Crabb claims to have witnessed most of the great historical events of the western frontier: hiding behind a wagon after a drunken Doc Holliday provokes the shootout at the OK Corral; joining Buffalo Bill Cody and Annie Oakley on tour with their international Wild West show; even taking tea with Queen Victoria when she came out of seclusion after a quarter century. No matter where Crabb lays his hat, he keeps his wizened, wry, and sharp commentary at the ready. *The Return of Little Big Man* is a sidesplitting novel of surprising emotional depth. This ebook features an all-new introduction by Thomas Berger, as well as an illustrated biography of the author including rare images and never-before-seen documents from his personal collection.

A Little Life Little, Brown

THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a “strong man” of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within.

Killing the Indian Maiden examines the fascinating and often disturbing portrayal of Native American women in film. Through discussion of thirty-four Hollywood films from the silent period to the present, M. Elise Marubbio examines the sacrificial role of what she terms the "Celluloid Maiden" -- a young Native woman who allies herself with a white male hero and dies as a result of that choice. Marubbio intertwines theories of colonization, gender, race, and film studies to ground her study in sociohistorical context all in an attempt to define what it means to be an American. As Marubbio charts the consistent depiction of the Celluloid Maiden, she uncovers two primary characterizations -- the Celluloid Princess and the Sexualized Maiden. The archetype for the exotic Celluloid Princess appears in silent films such as Cecil B. DeMille's *The Squaw Man* (1914) and is thoroughly established in American iconography in Delmer Daves's *Broken Arrow* (1950). Her more erotic sister, the Sexualized Maiden, emerges as a femme fatale in such films as DeMille's *North West Mounted Police* (1940), King Vidor's *Duel in the Sun* (1946), and Charles Warren's *Arrowhead* (1953). The two characterizations eventually combine to form a hybrid Celluloid Maiden who first appears in John Ford's *The Searchers* (1956) and reappears in the 1970s and the 1990s in such films as Arthur Penn's *Little Big Man* (1970) and Michael Apted's *Thunderheart* (1992). *Killing the Indian Maiden*

reveals a cultural iconography about Native Americans and their role in the frontier embedded in the American psyche. The Native American woman is a racialized and sexualized other -- a conquerable body representing both the seductions and the dangers of the frontier. These films show her being colonized and suffering at the hands of Manifest Destiny and American expansionism, but Marubbio argues that the Native American woman also represents a threat to the idea of a white America. The complexity and longevity of the Celluloid Maiden icon -- persisting into the twenty-first century -- symbolizes an identity crisis about the composition of the American national body that has played over and over throughout different eras and political climates. Ultimately, Marubbio establishes that the ongoing representation of the Celluloid Maiden signals the continuing development

and justification of American colonialism.

The Outsiders HarperCollins

Widely acclaimed as Naguib Mahfouz's best novel, *Midaq Alley* brings to life one of the hustling, teeming back alleys of Cairo in the 1940s. From Zaita the cripple-maker to Kirsha the hedonistic cafe owner, from Abbas the barber who mistakes greed for love to Hamida who sells her soul to escape the alley, from waiters and widows to politicians, pimps, and poets, the inhabitants of Midaq Alley vividly evoke Egypt's largest city as it teeters on the brink of change. Never has Nobel Prize-winner Mahfouz's talent for rich and luxurious storytelling been more evident than here, in his portrait of one small street as a microcosm of the world on the threshold of modernity.
