### THE ART OF THEATER

Rutgers University Press  
This utterly absurd, wacky and weird compilation of the first three books in the Wiley & Grampa's Creature Features series is packed with monsters, mayhem, and pictures on every page! In the rip-roaring adventures, Wiley and goofy Grampa get mixed up with everything from vampires to zombies to a legendary sea monster and always manage to land in deep doodoo. Luckily, they have no-nonsense Gramma and a troop of neighborhood friends to swoop in and save the day! At over three hundred pages, this volume includes fan favorites Dracula vs. Grampa at the Monster Truck Spectacular, Grampa's Zombie BBQ, and Monster Fish Frenzy.

**How Leaders at All Levels Prepare Themselves, Their Teams, and Organizations for the Future** Wiley  
Offering a wealth of perspectives on African modern and Modernist art from the mid-nineteenth century to the present, this new Companion features essays by African, European, and North American authors who assess the work of individual artists as well as exploring broader themes such as discoveries of new technologies and globalization. A pioneering continent-based assessment of modern art and modernity across Africa includes original and previously unpublished fieldwork-based material Features new and complex theoretical arguments about the nature of modernity and Modernism Addresses a widely acknowledged gap in the literature on African Art  
*A Companion to the PMBOK Guide* John Wiley & Sons  
This thought-provoking book presents a lively introduction to the 20th century's most important artist, Pablo Picasso. Picasso was a passionate student of the European painting tradition, and his memory for images was voracious. Naturally drawn to Spanish masters Velázquez and Goya, he also engaged with such figures as Rembrandt, Delacroix, Ingres, Manet, and Cézanne. Picasso repeatedly pitted himself against these masters, taking up their signature themes, techniques, and artistic concerns in audacious paintings of his own. Sometimes his "quotations" were direct, other times highly allusive. Always, Picasso made the implicit case that it was he in the 20th century who most forcefully reinvigorated the European tradition. This book showcases his extraordinary work, where we witness the daring transformation of the art of the past into, in Picasso's own words, "something else entirely."

*A Companion to Public Art* University of California Press  
The Art of Understanding Art reveals to students and other readers new and meaningful ways of developing personal ideas and opinions about art and how to express them with confidence. Offers an inquiry—unique among introductory art texts—into the learning process of understanding and appreciating art Examines the multiple issues and processes essential to making, analyzing and evaluating art Uses cross-cultural examples to help readers develop comprehensive, yet personal, ways of looking at and thinking about art Includes an annotated glossary of the 'Art World', institutions and individuals that play a role in defining art as well as diagrams, text boxes callouts and other visual elements to highlight information and enhance learning Richly illustrated with over 40 images Suggests innovative class assignments and projects useful for developing lesson plans, and offers an online companion site for additional illustrations and information

### MASTERING THE ART AND CRAFT, SECOND EDITION IM

John Wiley & Sons  
The Wiley Handbook of Art Therapy is a collection of original, internationally diverse essays, that provides unsurpassed breadth and depth of coverage of the subject. The most comprehensive art therapy book in the field, exploring a wide range of themes A unique collection of the current and innovative clinical, theoretical and research approaches in the field Cutting-edge in its content, the handbook includes the very latest trends in the subject, and in-depth accounts of the advances in the art therapy arena Edited by two highly renowned and respected academics in the field, with a stellar list of global contributors, including Judy Rubin, Vija Lusebrink, Selma Ciornai, Maria d' Ella and Jill Westwood Part of the Wiley Handbooks in Clinical Psychology series

### BAKING AND PASTRY

Little, Brown Books for Young Readers  
Develop the qualities of strategic leadership and become an active contributor to the short- and long-term success of your organization Today's organizations face two daunting challenges: 1. How to create new sources of competitive advantage to sustain long-term growth, and 2. How to engage leaders at every level of the organization so that they are more proactive and forward-looking in their area of responsibility. The Art of Strategic Leadership uses a unique approach to examine what it means to be a strategic leader. Instead of focusing on the skills, behaviors, and tools found in typical books on strategic leadership, the authors shed light on the attributes and qualities necessary to lead strategic change and help transform a business. Strategic leadership is what modern leadership is all about. Organizations expect leaders to anticipate and be proactive more than ever before. In this book, the authors draw on their vast experience working directly with leaders at all levels and use an intriguing narrative to explain this inside-out approach to understanding strategic leadership. The narrative follows the journey of how one manager discovered these critically important qualities. You will experience first-hand how these values and attributes manifest in the lives of realistic leaders; how they orchestrate long-term strategic change needed for the organization to compete and survive and actively shape the future while delivering short-term results. The Art of Strategic Leadership provides the content that will help you informally assess and reflect on your own strategic leadership qualities—those that are strengths and those that indicate areas you need to develop. It will guide you as you incorporate these values and qualities into your own leadership style and become a more effective catalyst for change. This book will help you in the following ways: Develop a more proactive, forward-thinking approach to leadership Approach strategy from both short- and long-term perspectives Adopt the core values and principles of a strategic leader Model the qualities exhibited by powerful leaders Strategic leaders serve as powerful examples to others in the organization. Their qualities and traits spread rapidly to those around them, empowering people at every level to take a more active role in meeting the demands of the future. The Art of Strategic Leadership will help you deepen and broaden your understanding of the core qualities of strategic leadership, leaving you better equipped to lead yourself and your team to a better place and create greater value for customers, owners, and employees.

**Thinking About Art** John Wiley & Sons  
The premier guide to digital marketing that works, and a solid framework for success The Art of Digital Marketing is the comprehensive guide to cracking the digital marketing 'code,' and reaching, engaging, and serving the empowered consumer. Based on the industry's leading certification from the Digital Marketing Institute (DMI), this book presents an innovative methodology for successful digital marketing: start with the customer and work backwards. A campaign is only effective as it is reflective of the consumer's wants, needs, preferences, and inclinations; the DMI framework provides structured, implementable, iterative direction for getting it right every time. The heart of the framework is a three-step process called the 3i Principles: Initiate, Iterate, and Integrate. This simple idea translates into higher engagement, real customer interaction, and multichannel campaigns that extend even into traditional marketing channels. The evolution of digital marketing isn't really about the brands; it's about consumers exercising more control over their choices. This book demonstrates how using this single realization as a starting point helps you build and implement more effective campaigns. Get inside the customer's head with deep consumer research Constantly improve your campaigns based on feedback and interactions Integrate digital activities across channels, including traditional marketing Build campaigns based on customer choice and control Digital marketing turns traditional marketing models on their heads. Instead of telling the customer what to think, you find out what they already think and go from there. Instead of front-loading resources, you continually adjust your approach based on real interactions with real customers every day. Digital marketing operates within its own paradigm, and The Art of Digital Marketing opens the door for your next campaign.

*A Companion to Modern African Art* Reverie Publishing  
The only college-level publication on Korean art history written in English Korean pop culture has become an international phenomenon in the past few years. The popularity of the nation's exports—movies, K-pop, fashion, television shows, lifestyle and cosmetics products, to name a few—has never been greater in Western society. Despite this heightened interest in contemporary Korean culture, scholarly Western publications on Korean visual arts are scarce and often outdated.

A Companion to Korean Art is the first academically-researched anthology on the history of Korean art written in English. This unique anthology brings together essays by renowned scholars from Korea, the US, and Europe, presenting expert insights and exploring the most recent research in the field. Insightful chapters discuss Korean art and visual culture from early historical periods to the present. Subjects include the early paintings of Korea, Buddhist architecture, visual art of the late Chosŏn period, postwar Korean Art, South Korean cinema, and more. Several chapters explore the cultural exchange between the Korean peninsula, the Chinese mainland, and the Japanese archipelago, offering new perspectives on Chinese and Japanese art. The most comprehensive survey of the history of Korean art available, this book: Offers a comprehensive account of Korean visual culture through history, including contemporary developments and trends Presents two dozen articles and numerous high quality illustrations Discusses visual and material artifacts of Korean art kept in various archives and collections worldwide Provides theoretical and interpretive balance on the subject of Korean art Helps instructors and scholars of Asian art history incorporate Korean visual arts in their research and teaching The definitive and authoritative reference on the subject, A Companion to Korean Art is indispensable for scholars and academics working in areas of Asian visual arts, university students in Asian and Korean art courses, and general readers interested in the art, culture, and history of Korea.

### **A COMPANION TO ANCIENT EGYPTIAN ART**

John Wiley & Sons

Top-shelf magazine meets fine art; high-heeled, fetishistic women parade through a world of Matissean colour. Allen Jones is one of the most controversial figures in the art world. Tackling the issues of gender and power raised by his work, and including images of Jones's source material and his own photography, this is the first publication to survey his career. As well as investigating his fine-art work, this publication looks at other aspects of his career - his work for the theatre, ballet and film - and reveals an artist who, having been influenced by the world of fashion, has seen his work appropriated by the fashion world -- Dustjacket.

**A New Republic** John Wiley & Sons

This retrospective, which features 88 works from the 1960s to the present, is the first full-scale look at Wiley's long career and explores important themes and ideas expressed in his work.

[The Creations of Nancy Wiley](#) Wiley Global Education

A Companion to Chinese Art provides a contemporary survey of one of the world's greatest and richest artistic traditions. Including over two dozen newly-commissioned essays, it examines this region's art and theory in all of its multifaceted complexity—spanning the theories, genres, and media central to Chinese art throughout its history. The volume offers a rich insight into China's social and political institutions, religious practices, and intellectual traditions alongside Chinese art history, theory, and criticism. It brings together an international team of scholars from East and West, whose contributions range from an overview of premodern theory, to those exploring calligraphy, fine painting, sculpture, personal accessories, and more. In addition, the Companion reflects on social and cultural issues, such as the challenges of comparative history, the role of the artist in society, the contested role of gender in art production, different theories of nature that have evolved over time, and articulates the direction in which the field of Chinese art history is moving. In promoting a comparative understanding of China's long record of cultural production, this volume provides students and scholars of both Asian and non-Asian art history with an exceptional guide to the history of art in China, from its earliest incarnations to the present day.

John Wiley & Sons

Bringing together essays by museum professionals and academics from both sides of the Atlantic, Art and its Publics tackles current issues confronting the museum community and seeks to further the debate between theory and practice around the most pressing of contemporary concerns. Brings together essays that focus on the interface between the art object, its site of display, and the viewing public. Tackles issues confronting the museum community and seeks to further the debate between theory and practice. Presents a cross-section of contemporary concerns with contributions from museum professionals as well as academics. Part of the New Interventions in Art History series, published in conjunction with the Association of Art Historians.

The encyclopedia is available online through Wiley Online Library, a major database of Journals, Handbooks and reference in the field.

**Wiley Guide to Chemical Incompatibilities** John Wiley & Sons

Thinking about Art explores some of the greatest works of art and architecture in the world through the prism of themes, instead of chronology, to offer intriguing juxtapositions of art and history. The book ranges across time and topics, from the Parthenon to the present day and from patronage to ethnicity, to reveal art history in new and varied lights. With over 200 colour illustrations and a wealth of formal and contextual analysis, Thinking about Art is a companion guide for art lovers, students and the general reader, and is also the first A-level Art History textbook, written by a skilled and experienced teacher of art history, Penny Huntsman. The book is accompanied by a companion website at [www.wiley.com/go/thinkingaboutart](http://www.wiley.com/go/thinkingaboutart).

**Wiley Handbook of Science and Technology for Homeland Security, 4 Volume Set** John Wiley & Sons

The essential-and accessible-guide to the science of baking Baking is as much a science as an art. That's why, in addition to mastering basic techniques and recipes, every baker must also learn about the science that underlies the baking craft. Guided by contemporary baking and pastry research and practice, this new edition of Joseph Amendola's invaluable reference gives readers knowledge that they can apply to their own baking-whether it's selecting the right flour, understanding how different leavening agents work, or learning about using new baking ingredients and additives to enhance favorite recipes. Written in a clear, easy-to-understand style, Understanding Baking is an essential companion for anyone who is serious about baking.

**Exercise Physiology** John Wiley & Sons

Ideas About Art is an intelligent, accessible introductory text for students interested in learning how to think about aesthetics. It uses stories drawn from the experiences of individuals involved in the arts as a means of exposing readers to the philosophies, theories, and arguments that shape and drive visual art. An accessible, story-driven introduction to aesthetic theory and philosophy Prompts readers to develop independent ideas about aesthetics; this is a guide on how to think, not what to think Includes discussions of non-western, contemporary, and discipline-specific theories Examines a range of art-based dilemmas across a wide variety of disciplines - from art and design and law to visual and museum studies

**Wiley Encyclopedia of Management** John Wiley & Sons

A Companion to American Art presents 35 newly-commissioned essays by leading scholars that explore the methodology, historiography, and current state of the field of American art history. Features contributions from a balance of established and emerging scholars, art and architectural historians, and other specialists Includes several paired essays to emphasize dialogue and debate between scholars on important contemporary issues in American art history Examines topics such as the methodological stakes in the writing of American art history, changing ideas about what constitutes "Americanness," and the relationship of art to public culture Offers a fascinating portrait of the evolution and current state of the field of American art history and suggests future directions of scholarship
