Housed in the former 16th-century convent of Santo Domingo church, now the Regional Museum of Oaxaca, Mexico, is an important collection of textiles representing the area's indigenous cultures. The collection includes a wealth of exquisitely made traditional weavings, many that are now considered rare. The Unbroken Thread: Conserving the Textile Traditions of Oaxaca details a joint project of the Getty Conservation Institute and the National Institute of Anthropology and History (INAH) of Mexico to conserve the collection and to document current use of textile traditions in daily life and ceremony. The book contains 145 color photographs of the valuable textiles in the collection, as well as images of local weavers and project participants at work. Subjects include anthropological research, ancient and present-day weaving techniques, analyses of natural dyestuffs, and discussions of the ethical and practical considerations involved in working in Latin America to conserve the materials and practices of living cultures.

The spread of newly 'invented' places, such as theme parks, shopping malls and revamped historic areas, necessitates a redefinition of the concept of 'place' from an architectural perspective. In this interdisciplinary work, these invented places are categorized according to the different phenomenological experiences they are able to provide. The book explores how such 'cloning spaces' use placemaking and placemarketing in attempt to replicate the characteristics found in urban spaces traditionally viewed as successful, and how these places can affect society's environmental perception. A range of international empirical studies illustrates how such invented places can be perceived as legitimate urban spaces, and contribute towards the quality of life in today's cities.

Raised as a foundling in one of Austermeer's Great Libraries, Elisabeth has grown up among the tools of sorcery—magical grimoires that whisper on shelves and rattle beneath iron chains. If provoked, they transform into grotesque monsters of ink and leather. Then an act of sabotage releases the library's most dangerous grimoire, and Elisabeth is implicated in the crime. With no one to turn to but her sworn enemy, the sorcerer Nathaniel Thorn, and his mysterious demonic servant, she finds herself entangled in a centuries-old conspiracy. The chalk men are their secret code, stick figures they draw for one another as hidden messages. But one morning the friends find a chalk man leading them to the woods. They follow the message, only to find the dead body of a teenage girl. In 2016, Eddie is nursing a drinking problem and trying to forget his past, until one day he gets a

El libro comenzó a escribir en abril del 2016 después de la visita de Obama a Cuba y se terminó en lo fundamental en julio del mismo año. A la muerte de FCR en noviembre de ese año el libro no se había publicado pero se dejó en su forma original sin hacer cambios por el fallecimiento de quien es objeto principal en el libro. Es un libro necesario para entender dónde la clase en el poder ha conducido al país en casi seis décadas de desgoberno; es el punto de vista del autor considerando lo positivo y lo negativo por lo que ha atravesado la nación; es un libro para abrir los ojos, para pensar sobre la vida que a millones de cubanos dentro de la isla, para entender por qué otros millones se han ido de la isla y a quienes siguen yéndose a cualquier paraje, el caso es no permanecer allí donde no se ha encontrado la vía, para quitarse de encima el enorme fardo de una revolución devenida en dictadura, es un libro para polemizar, para ver por qué si este sistema es tan bueno como se siguen yendo los habitantes del país; es para enfrentar la triste verdad de que no se puede seguir con el curso que la plutocracia le ha dado al río, hay que desviarlo. La propuesta es completamente seria, tiene un elevadísimo grado de seriedad, de burla sobre los que han querido matar la inteligencia que todavía queda en la población.

While much has been written about the Catholic Church and the Holocaust, little has been published about the hostile role of priests, in particular Jesuits, toward Jews and Judaism. Jesuit Kaddish is a long overdue study that examines Jesuit hostility toward Judaism before the Shoah and the development of a new understanding of the Catholic Church's relation to Judaism that culminated with Vatican II's landmark decree *Nostra aetate*. James Bernauer undertakes a self-examination as a member of the Jesuit order and writes this story in the hopes that it will contribute to interreligious reconciliation. Jesuit Kaddish demonstrates the way Jesuit hostility operated, examining Jesuit moral theology's dualistic approach to sexuality and, in the case of Nazi Germany, the articulation of an unholy alliance between sexualizing and Judaizing of German culture. Bernauer then identifies an influential group of Jesuits whose thought and action contributed to the developments in Catholic teaching about Judaism that eventually led to the watershed moment of *Nostra aetate*. This book concludes with a proposed statement of repentance from the Jesuits and an appendix presenting the

fifteen Jesuits who have been honored as "Righteous Among the Nations" by Israel's Yad Vashem Holocaust Center. Jesuit Kaddish offers a crucial contribution to the fields of Catholicism and Nazism, Catholic-Jewish relations, Jesuit history, and the history of anti-Semitism in Europe.

FROM THE ACCLAIMED AUTHOR OF THE LAST PEARL AND

DANCING AT THE VICTORY CAFE, this is a beautiful novel about family secrets, betrayals and redemption. The secrets in a woman's heart are deeper than the ocean... For May Smith, travelling with her husband and baby girl Ellen, stepping foot on the Titanic marks the start of an incredible journey, one which is destined to take her from the back streets of Bolton to the land of opportunity: the United States. But when the 'unsinkable' Titanic hits an iceberg one cold dark night, May's dreams are instantly shattered. Jumping from the sinking ship at the last minute, May loses sight of Joe and Ellen. Distraught, she is pulled into a lifeboat. Minutes later, the real-life Captain Smith swims to the lifeboat and hands May a baby swaddled in blankets. This rescue is witnessed by fellow survivor, Celeste Parkes, married to an American industrialist who is on her way back to Ohio after her mother's funeral. In horror, they both watch the death throes of the mighty ship; May traumatised, knowing her husband has drowned, Celeste wishing her bully of a husband had been on board and out of her life. As the dawn comes up, and the two women are rescued by the Carpathia, a friendship is formed, one which is destined to transcend the Atlantic and social differences between them and last a lifetime. Then May makes a shocking discovery and a split-second decision which will change the lives of many. Praise for Leah Fleming 'I enjoyed it enormously. It's a moving and compelling story about a lifetime's journey in search of the truth' RACHEL HORE 'A born storyteller' KATE ATKINSON

This book is recommended to psychoanalysts and therapists interested in the analytical technique, and particularly that work with patients who have deficits in their symbolization capacity. It presents studies of technical aspects of the analytical process with patients who are difficult to reach. Collusions named 'chronic enactments' show that the analytic dyad cannot dream and the analytical field is paralyzed without the analyst perceiving it.

Chronic enactments are undone through unconscious acts or behaviours that threaten to destroy the analytical process: behaviours that are named 'acute enactments'. The thorough study of these enactments show that they take the dyad to an awareness of the discrimination between self and object and re-establish the capacity to dream. It is demonstrated that this occurs in an attenuated traumatic form, revealing in the analytical field the externalization of primitive non-dreamed traumas. Clinical, artistic, and mythical models are part of the discussion. The emphasis on clinical aspects allows readers to use different theories to consider the clinical facts. The clinical theories used by the author are mostly post-Kleinian and Bionian.
