Cambridge English First for Schools 2 Student's Book without answers Cambridge University Press

The new multi-level exam preparation series for Cambridge ESOL exams which inspires students to better exam results.

Spotlight on CAE Student's Book + MycaE Online Course Self Study Version Cambridge University Press

Learn to Read Latin helps students acquire an ability to read and appreciate the great works of Latin literature as quickly as possible. It not only presents basic Latin morphology and syntax with clear explanations and examples but also offers direct access to unabridged passages drawn from a wide variety of Latin texts. As beginning students learn basic forms and grammar, they also gain familiarity with patterns of Latin word order and other features of style. Learn to Read Latin is designed to be comprehensive and requires no supplementary material. Explains English grammar points and provides drills especially for today's students. Offers sections on Latin metrics. Includes numerous unaltered examples of ancient Latin prose and poetry. Incorporates selections by authors such as

Caesar, Cicero, Sallust, Catullus, Vergil, and Ovid, presented chronologically with introductions to each author and work. Offers a comprehensive workbook that provides drills and homework assignments. This enlarged second edition improves upon an already strong foundation by streamlining grammatical explanations, increasing the number of syntax and morphology drills, and offering additional short and longer readings in Latin prose and poetry.

Complete CAE is a new course for the 2008 updated CAE exam. Informed by the Cambridge Learner Corpus and providing a

complete CAE exam paper specially prepared for publication by Cambridge ESOL, it is the most authentic exam preparation course available. Complete CAE combines the very best in contemporary classroom practice with first-hand knowledge of the challenges students face. There are exercises to help students avoid repeating the typical mistakes that real CAE candidates make, as revealed by the Cambridge Learner Corpus. This topic-based course covers every part of the CAE exam in detail, ensuring that students are fully equipped to tackle each part of every paper. A free CD-ROM packed with interactive exercises accompanies the Student's Book allowing students to focus on their own particular areas of difficulty and work at their own pace. The Teacher's Book offers plenty of time-saving consolidation and extension material, including photocopiable resources such as tests and activities.
