The Norton Anthology  
of World Literature,  
Volume 1 & 2

Routledge

While much has been written about Chuck Palahniuk and his body of work, next to nothing has been written about when, where and how it is necessary to teach Palahniuk. This collection will reveal that teaching Palahniuk's work and the discursive dynamic of the classroom interactions create new opportunities for scholarship by both the

faculty member and his or her students. Despite early critical success with 'Fight Club', 'Invisible Monsters', and 'Choke', Palahniuk's novels are increasingly dismissed for the very transgressive content that makes them essential pedagogical tools in the Age of Trump where "truth isn't truth," and tribalism is stoked with claims of "fake news". This collection aims to broaden the scholarship by examining under-represented and unrepresented works from his oeuvre and situating them in the context of their

pedagogical implications. In both form and content, the transgressive nature of Palahniuk's work demands critical thought and reflection, capacities that are necessary for the preservation of a democratic society. Contributors take various approaches to address what students can learn about writing, literature, and society by reading and analyzing Palahniuk's texts. The collection will discuss the value of teaching Palahniuk, innovations and various disciplinary contexts for teaching his works, and reflections on some of those pedagogical opportunities. Through its multi-faceted discussion of Palahniuk and pedagogy, this collection will

legitimize efforts to bring his work onto syllabi and into the classroom, where it can enhance student engagement, create new avenues for interdisciplinary scholarship, and reinvigorate an expansion of the canon. It will also provide diverse frameworks for incorporating and interpreting Palahniuk's writing across disciplines. Finally, the collection will offer post-mortems from faculty members who have found the "guts" to teach Palahniuk and will offer insight into what students have gained and stand to gain from a more intensive Palahniuk pedagogy. Shakespeare Wiley-Blackwell  
The Literary Theory

Handbook introduces students to the history and scope of literary theory, showing them how to perform literary analysis, and providing a greater understanding of the historical contexts for different theories. A new edition of this highly successful text, which includes updated and refined chapters, and new sections on contemporary theories. Far reaching in its inclusion of a detailed history of theory and in-depth discussions of major theories and movements. Four distinct perspectives on theory—historical, thematic, biographical, practical—are carefully intertwined, so that key concepts, terms and ideas are developed in different contexts and cross-referenced, in the text

and in the index. Includes alphabetically-arranged biographies designed for quick reference, and sample readings to illustrate the practical application of theory. *Theory of Literature* The New Press. In this second edition of *Beginning Theory*, the variety of approaches, theorists, and technical language is lucidly and expertly unraveled and explained, and allows readers to develop their own ideas once first principles have been grasped. Expanded and updated from the original edition first published in 1995, Peter Barry has incorporated all of the recent developments in literary theory, adding two new chapters covering the emergent

Eco-criticism and the re-emerging Narratology.

## **STARTING AN ENGLISH LITERATURE DEGREE**

Psychology Press  
CRITICAL THEORY SINCE PLATO is a chronologically-arranged anthology that presents a broad survey of the history and development of literary criticism and theory in Western culture. Written by two well-known scholars in the field of literary study, this well-respected text puts an emphasis on the individual contributors to the development of literary criticism, from Plato and Aristotle to the present.

The American Civil

War: A Literary and Historical Anthology brings together a wide variety of important writings from the Civil War and Reconstruction eras, including short fiction, poetry, public addresses, memoirs, and essays, accompanied by detailed annotations and concise introductions. Now in a thoroughly revised second edition, this slimmer volume has been revamped to:  
Emphasize a diversity of perspectives on the war  
Showcase more women writers  
Expand the number of Southern voices  
Feature more soldiers' testimony  
Provide greater historical context. With selections from Louisa May Alcott, Walt Whitman, Sidney

Lanier, Abraham  
Lincoln, Frederick  
Douglass, Kate Chopin,  
and many more, Ian  
Finseth's careful  
arrangement of texts  
remains an  
indispensable resource  
for readers who seek to  
understand the impact  
of the Civil War on the  
culture of the United  
States. The American  
Civil War reaffirms the  
complex role that  
literature, poetry, and  
non-fiction played in  
shaping how the  
conflict is  
remembered. To  
provide students with  
additional resources,  
the anthology is now  
accompanied by a  
companion website  
which you can find at  
[insert URL]. There you  
will find additional  
primary sources, a  
detailed timeline, and  
an extensive  
bibliography, among

other materials.  
An Anthology of  
Literary Theory and  
Criticism Wiley-  
Blackwell  
Smoke and Mirrors is a  
passionate, richly  
nuanced work that  
shows television as a  
circus, a wishing well,  
and a cure for  
loneliness. Ranging  
from Ed Sullivan to  
cyberspace, from kid  
shows to cable, and  
from the cheap thrills  
of "action adventure"  
to the solemn boredom  
of PBS pledge week,  
Leonard argues for a  
whole new way of  
thinking about  
television. For Leonard,  
the situation comedy is  
a socializing agency,  
the talk show is a  
legitimizing agency,  
the made-for-television  
movie is the last  
redoubt of social  
conscience, and  
television criticism

itself is the last refuge of time-serving thugs and postmodernists. Instead of scapegoating television as the cause of crime in our streets, stupidity in our schools, and spectacle rather than substance in our government, Leonard sees something else inside the box: an echo chamber and a feedback loop, a medium neither wholly innocent of nor entirely responsible for the frantic disorder it brings into our homes.

### **AN ANTHOLOGY**

John Wiley & Sons  
An accessible and thorough introduction to literary theory and contemporary critical practice, this book is an essential resource for beginning students of literary criticism. Covers traditional

approaches such as formalism and structuralism, as well as more recent developments in criticism such as evolutionary theory, cognitive studies, ethical criticism, and ecocriticism Offers explanations of key works and major ideas in literary criticism and suggests key elements to look for in a literary text Also applies critical approaches to various examples from film studies Helps students to build a critical framework and write analytically  
Savant Books and Publications  
A Reader's Guide to Contemporary Literary Theory is a classic introduction to the complex yet crucial area of literary theory. This book is known for its clear, accessible

style and its thorough, logical approach, guiding the reader through the essentials of literary theory. It includes two new chapters: 'New Materialisms' which incorporates ecocriticism, animal studies, posthumanism and thing theory; '21st Century and Future Developments' which includes technology, digital humanities, ethics and affect. *Literary Theory: The Basics* Wiley-Blackwell

The new edition of this bestselling literary theory anthology has been thoroughly updated to include influential texts from innovative new areas, including disability studies, eco-criticism, and ethics. Covers all the major schools and methods that make up the dynamic field of

literary theory, from Formalism to Postcolonialism Expanded to include work from Stuart Hall, Sara Ahmed, and Lauren Berlant. Pedagogically enhanced with detailed editorial introductions and a comprehensive glossary of terms

Competition to study English Literature at university is now tougher than ever before. How can you make sure your application stands out? What is expected of you at university? How will you adapt to the changes in teaching, learning and lifestyle? The world of English Literature is an unfamiliar yet exciting one, and clear

guidance on how to cope with the demands of university-level study is essential if you want to succeed.

Andrew Green takes you from the A level/school/college classroom to the university lecture theatre, covering everything from: -

Deciding which

university and course is right for you -

Making initial applications - Tackling Summer reading lists to the skills needed for studying at degree level: -

Preparing for lectures, seminars and tutorials - Interpreting reading lists and developing your reading skills -

Applying literary theory -

Becoming a better writer - Referencing an essay and avoiding plagiarism -

Researching online

Whether you are just thinking about taking English Literature to degree level, or needing help through your university course, *Starting an English Literature Degree* is the must-have companion.

## LITERARY THEORY

Forge Books

Three college roommates try to live and enjoy their student lives while caught up in the frenzy of casual drug use, recreational sex, lacrosse, rock and roll music, political activism, riots, and race relations during the tumultuous 1969-70 school year in the unique student community of Isla Vista.

This book introduces formal grammar theories that play a role in current linguistic theorizing (Phrase Structure Grammar, Transformational Grammar/Government & Binding, Generalized Phrase Structure Grammar, Lexical Functional Grammar, Categorical Grammar, Head-Driven Phrase Structure Grammar, Construction Grammar, Tree Adjoining Grammar). The key assumptions are explained and it is shown how the respective theory treats arguments and adjuncts, the active/passive alternation, local reorderings, verb placement, and fronting of constituents

over long distances. The analyses are explained with German as the object language. The second part of the book compares these approaches with respect to their predictions regarding language acquisition and psycholinguistic plausibility. The nativism hypothesis, which assumes that humans possess genetically determined innate language-specific knowledge, is critically examined and alternative models of language acquisition are discussed. The second part then addresses controversial issues of current theory building such as the question of flat or binary branching structures being more appropriate, the question whether constructions should

be treated on the phrasal or the lexical level, and the question whether abstract, non-visible entities should play a role in syntactic analyses. It is shown that the analyses suggested in the respective frameworks are often translatable into each other. The book closes with a chapter showing how properties common to all languages or to certain classes of languages can be captured. This book is a new edition of <http://langsci-press.org/catalog/book/25> and <http://langsci-press.org/catalog/book/195>. *An Anthology* Routledge

Representation is the subject of this book, representation taken in a series of senses, from the formal and linguistic to the social

and political. Representation poses a theoretical problem that can be located in the inconsistency between two vocabularies for compositional method: one positing a "centre of consciousness" (James's term), the other being a story of displaced agency and intermediaries, of deputies, delegates, and substitutes. What the center promises—that consciousness can be fully incarnated in a given character who will then constitute a foundation for meaning and truth in the novel—is exactly what the "delegate" acknowledges as an impossibility. Drawing largely on the theory of representation of Jacques Derrida, this book examines the

interplay between the two contradictory positions in detailed readings of James's stories of writers and artists and his novels *The Ambassadors*, *The Wings of the Dove*, *What Maisie Knew*, and *The Awkward Age*. Throughout, the readings are organized by the supplementary logic of representation—a logic that understands that a thing standing for another thing both completes it and suggests a lack or limitation in that which it completes, and hence ultimately in itself.

**CRITICAL RACE THEORY**

A&C Black

The Norton Anthology of Theory and Criticism is the gold standard for anyone who wishes to understand the development and current state of literary theory. Offering 185 pieces (31 of them new) by 148 authors (18 of them new), The Norton Anthology of Theory and Criticism , Second Edition, is more comprehensive, and more varied, in its selection than any other anthology. New selections from non-western theory and a thoroughly updated twentieth century selection make the

book even more diverse and authoritative.

## **A PRACTICAL INTRODUCTION**

Language Science Press

Theory of Literature was born from the collaboration of René Wellek, a Vienna-born student of Prague School linguistics, and Austin Warren, an independently minded "old New Critic." Unlike many other textbooks of its era, however, this classic kowtows to no dogma and toes no party line. Wellek and Warren looked at literature as both a social product--influenced by politics, economics, etc.--as well as a self-contained system of formal structures.

Incorporating examples from Aristotle to

Coleridge, written in clear, uncondescending prose, *Theory of Literature* is a work which, especially in its suspicion of simplistic explanations and its distrust of received wisdom, remains extremely relevant to the study of literature today.

*The American Civil War*  
Vernon Press

Explaining both why theory is important and how to use it, Lois Tyson introduces beginning students of literature to this often daunting area in a friendly and approachable style. The new edition of this textbook is clearly structured with chapters based on major theories that students are expected to cover in their studies. Key features

include: coverage of major theories including psychoanalysis, Marxism, feminism, lesbian/gay/queer theories, postcolonial theory, African American theory, and a new chapter on New Criticism (formalism) practical demonstrations of how to use these theories on short literary works selected from canonical authors including William Faulkner and Alice Walker a new chapter on reader-response theory that shows students how to use their personal responses to literature while avoiding typical pitfalls new sections on cultural criticism for each chapter new 'further practice' and 'further reading' sections for each

chapter a useful "next step" appendix that suggests additional literary titles for extra practice.

Comprehensive, easy to use, and fully updated throughout, Using Critical Theory is the ideal first step for students beginning degrees in literature, composition and cultural studies.

*An Anthology*

Wadsworth Publishing Company

New and thoroughly updated,

*Epistemology: An Anthology* continues to represent the most comprehensive and authoritative collection of canonical readings in the theory of knowledge.

Concentrates on the central topics of the field, such as skepticism and the Pyrrhonian

problematic, the definition of knowledge, and the structure of epistemic justification Offers coverage of more specific topics, such as foundationalism vs coherentism, and virtue epistemology Presents wholly new sections on 'Testimony, Memory, and Perception' and 'The Value of Knowledge' Features modified sections on 'The Structure of Knowledge and Justification', 'The Non-Epistemic in Epistemology', and

'The Nature of the Epistemic' Includes many of the most important contributions made in recent decades by several outstanding authors *The Norton Anthology of Theory and Criticism* Routledge This substantial anthology comprises the most comprehensive and authoritative collection of readings in analytic philosophy of the twentieth century. It provides a survey and analysis of the key issues, figures and concepts.
