MARLEE BISHOP

Abraham Lincoln and the Great Secession Winter 1860-1861 Amberley Publishing Limited No ancient ruler inspired more legends than Julius Caesar. Under his leadership, Rome conquered territory throughout Europe and the Mediterranean, reaching the North Sea and conducting the first Roman invasion of Great Britain. His tactical acumen and intuitive understanding of how armies work birthed a military structure that allowed Roman generals to expand the boundaries of the empire for generations, and his vision of a unified Europe inspired military leaders for hundreds of years. Yet, in addition to his commanding leadership of Roman troops, Caesar was also a gifted orator and skilled politician who successfully maneuvered within the most complex and well-established bureaucratic system in the world. In this fast-paced look at one of the greatest generals the world has ever seen, acclaimed author Bill Yenne charts the major events that shaped Caesar's leadership, his rise to power, and his crashing fall.

Rome's Greatest Enemy Createspace Independent Publishing Platform

A little over 2000 years ago a man named Julius Caesar changed the world. Even if you had never heard of him his lasting legacy has no doubt had an impact on your life. No doubt, even the very calendar that you use is based upon the system he created, with the month of July bearing his name. So who was this man that singlehandedly changed the course of history? Inside you will read about... ✓ The Underpinnings of a Republic ✓ The Real Struggle Begins ✓ When in Rome ✓ The Ides of March This book follows the life and legacy of the man whose life stood as a footnote between Republic and Empire. The man who has inspired playwrights, governments, and the very days of the week, the life of Julius Caesar is an incredible journey to behold.

A Life From Beginning to End CUP Archive

A splendid new translation of one of the greatest books on friendship ever written In a world where social media, online relationships, and relentless self-absorption threaten the very idea of deep and lasting friendships, the search for true friends is more important than ever. In this short book, which is one of the greatest ever written on the subject, the famous Roman politician and philosopher Cicero offers a compelling guide to finding, keeping, and appreciating friends. With wit and wisdom, Cicero shows us not only how to build friendships but also why they must be a key part of our lives. For, as Cicero says, life without friends is not worth living. Filled with timeless advice and insights, Cicero's heartfelt and moving classic—written in 44 BC and originally titled *De Amicitia*—has inspired readers for more than two thousand years, from St. Augustine and Dante to Thomas Jefferson and John Adams. Presented here in a lively new translation with the original Latin on facing pages and an inviting introduction, *How to Be a Friend* explores how to choose the right friends, how to avoid the pitfalls of friendship, and how to live with friends in good times and bad. Cicero also praises what he sees as the deepest kind of friendship—one in which two people find in each other “another self” or a kindred soul. An honest and eloquent guide to finding and treasuring true friends, *How to Be a Friend* speaks as powerfully today as when it was first written.

JULIUS CAESAR

Yale University Press

Collects the Roman statesman's thoughts on leadership, the balance of power, and other topical political issues that maintain relevance today, in a work featuring new translations and organized by subject.

The Life of Rome's First Emperor Random House

A monumental new life of Ancient Rome's most illustrious complex and legendary leader - Julius Caesar.

A NOVEL OF CAESAR AND CLEOPATRA

Simon and Schuster

An exploration of the fascinating poetry, life, and world of Sappho, including a complete translation of all her poems. For more than twenty-five centuries, all that the world knew of the poems of Sappho—the first woman writer in literary history—were a few brief quotations preserved by ancient male authors. Yet those meager remains showed such power and genius that they captured the imagination of readers through the ages. But within the last century, dozens of new pieces of her poetry have been found written on crumbling papyrus or carved on broken pottery buried in the sands of Egypt. As recently as 2014, yet another discovery of a missing poem created a media stir around the world. The poems of Sappho reveal a remarkable woman who lived on the Greek island of Lesbos during the vibrant age of the birth of western science, art, and philosophy. Sappho was the

daughter of an aristocratic family, a wife, a devoted mother, a lover of women, and one of the greatest writers of her own or any age. Nonetheless, although most people have heard of Sappho, the story of her lost poems and the lives of the ancient women they celebrate has never been told for a general audience. Searching for Sappho is the exciting tale of the rediscovery of Sappho's poetry and of the woman and world they reveal.

MODERN LESSONS FROM THE MAN WHO BUILT AN EMPIRE

Vintage Books

How to Win an Election is an ancient Roman guide for campaigning that is as up-to-date as tomorrow's headlines. In 64 BC when idealist Marcus Cicero, Rome's greatest orator, ran for consul (the highest office in the Republic), his practical brother Quintus decided he needed some non-nonsense advice on running a successful campaign. What follows in his short letter are timeless bits of political wisdom, from the importance of promising everything to everybody and reminding voters about the sexual scandals of your opponents to being a chameleon, putting on a good show for the masses, and constantly surrounding yourself with rabid supporters. Presented here in a lively and colorful new translation, with the Latin text on facing pages, this unashamedly pragmatic primer on the humble art of personal politicking is dead-on (Cicero won)--and as relevant today as when it was written. A little-known classic in the spirit of Machiavelli's *Prince*, *How to Win an Election* is required reading for politicians and everyone who enjoys watching them try to manipulate their way into office.

The Epic Saga of Julius Caesar's Elite Tenth Legion and the Armies of Rome Yale University Press

An authoritative and dramatic portrait set against a backdrop of the war-torn Greek empire draws on extensive research to cover such topics as Alexander's military prowess, premature death and inspiration to subsequent historical conquerors.

An Ancient Guide for Modern Leaders Simon and Schuster

In her new book about the men who were instrumental in establishing the Rome of the Emperors, Colleen McCullough tells the story of a famous love affair and a man whose sheer ability could lead to only one end -- assassination. As *The October Horse* begins, Gaius Julius Caesar is at the height of his stupendous career. When he becomes embroiled in a civil war between Egypt's King Ptolemy and Queen Cleopatra, he finds himself torn between the fascinations of a remarkable woman and his duty as a Roman. Though he must leave Cleopatra, she remains a force in his life as a lover and as the mother of his only son, who can never inherit Caesar's Roman mantle, and therefore cannot solve his father's greatest dilemma -- who will be Caesar's Roman heir? A hero to all of Rome except to those among his colleagues who see his dictatorial powers as threats to the democratic system they prize so highly, Caesar is determined not to be worshiped as a god or crowned king, but his unique situation conspires to make it seem otherwise. Swearing to bring him down, Caesar's enemies masquerade as friends and loyal supporters while they plot to destroy him. Among them are his cousin and Master of the Horse, Mark Antony, feral and avaricious, priapic and impulsive; Gaius Trebonius, the nobody, who owes him everything; Gaius Cassius, eaten by jealousy; and the two Brutuses, his cousin Decimus, and Marcus, the son of his mistress Servilia, sad victim of his mother and of his uncle Cato, whose daughter he marries. All are in Caesar's debt, all have been raised to high positions, all are outraged by Caesar's autocracy. Caesar must die, they decide, for only when he is dead will Rome return to her old ways, her old republican self. With her extraordinary knowledge of Roman history, Colleen McCullough brings Caesar to life as no one has ever done before and surrounds him with an enormous and vivid cast of historical characters, characters like Cleopatra who call to us from beyond the centuries, for McCullough's genius is to make them live again without losing any of the grandeur that was Rome. Packed with battles on land and sea, with intrigue, love affairs, and murders, the novel moves with amazing speed toward the assassination itself, and then into the ever more complex and dangerous consequences of that act, in which the very fate of Rome is at stake. *The October Horse* is about one of the world's pivotal eras, relating as it does events that have continued to echo even into our own times.

Julius Caesar St. Martin's Press

More than two thousand years after his death, Julius Caesar remains one of the great figures of history. He shaped Rome for generations, and his name became a synonym for "emperor" -- not only in Rome but as far away as Germany and Russia. He is best known as the general who defeated the Gauls and doubled the size of Rome's territories. But, as Philip Freeman describes in this fascinating new biography, Caesar was also a brilliant orator, an accomplished writer, a skilled politician, and

much more. Julius Caesar was a complex man, both hero and villain. He possessed great courage, ambition, honor, and vanity. Born into a noble family that had long been in decline, he advanced his career cunningly, beginning as a priest and eventually becoming Rome's leading general. He made alliances with his rivals and then discarded them when it suited him. He was a spokesman for the ordinary people of Rome, who rallied around him time and again, but he profited enormously from his conquests and lived opulently. Eventually he was murdered in one of the most famous assassinations in history. Caesar's contemporaries included some of Rome's most famous figures, from the generals Marius, Sulla, and Pompey to the orator and legislator Cicero as well as the young politicians Mark Antony and Octavius (later Caesar Augustus). Caesar's legendary romance with the Egyptian queen Cleopatra still fascinates us today. In this splendid biography, Freeman presents Caesar in all his dimensions and contradictions. With remarkable clarity and brevity, Freeman shows how Caesar dominated a newly powerful Rome and shaped its destiny. This book will captivate readers discovering Caesar and ancient Rome for the first time as well as those who have a deep interest in the classical world.

A Life Princeton University Press

Accessible, fast-paced retellings of the most important classical Greek and Roman myths, adapted for middle graders. Ancient myths continue to have modern relevance—for thousands of years they have been the basis for plays, operas, paintings, and movies. And in these retellings from acclaimed writer and scholar Philip Freeman, classic tales from Greek and Roman mythology find new life and inspire aspiring writers, artists, and musicians. Adapted from the lengthier *Oh My Gods* and specially tailored to a younger audience, these irresistible stories of philandering gods, flawed heroes, and tragic lovers portray the fundamental aspects of humanity and are filled with entertaining drama and valuable insights. Sixty dramatic illustrations enliven the book.

Napoleon Hourly History

The acclaimed historian and author of *Caesar* presents "a first-rate popular biography" of Rome's first emperor, written "with a storyteller's brio" (*Washington Post*). The story of Augustus' life is filled with drama and contradiction, risky gambles and unexpected success. He began as a teenage warlord whose only claim to power was as the grand-nephew and heir of the murdered Julius Caesar. Mark Antony dubbed him "a boy who owes everything to a name," but he soon outmaneuvered a host of more experienced politicians to become the last man standing in 30 BC. Over the next half century, Augustus created a new system of government—the Principate or rule of an emperor—which brought peace and stability to the vast Roman Empire. In this highly anticipated biography, Goldsworthy puts his deep knowledge of ancient sources to full use, recounting the events of Augustus' long life in greater detail than ever before. Goldsworthy pins down the man behind the myths: a consummate manipulator, propagandist, and showman, both generous and ruthless. Under Augustus' rule the empire prospered, yet his success was constantly under threat and his life was intensely unpredictable.

Life of a Colossus Createspace Independent Publishing Platform

He found Rome made of clay and left it made of marble. As Rome's first emperor, Augustus transformed the unruly Republic into the greatest empire the world had ever seen. His consolidation and expansion of Roman power two thousand years ago laid the foundations, for all of Western history to follow. Yet, despite Augustus's accomplishments, very few biographers have concentrated on the man himself, instead choosing to chronicle the age in which he lived. Here, Anthony Everitt, the bestselling author of *Cicero*, gives a spellbinding and intimate account of his illustrious subject. Augustus began his career as an inexperienced teenager plucked from his studies to take center stage in the drama of Roman politics, assisted by two school friends, Agrippa and Maecenas. Augustus's rise to power began with the assassination of his great-uncle and adoptive father, Julius Caesar, and culminated in the titanic duel with Mark Antony and Cleopatra. The world that made Augustus—and that he himself later remade—was driven by intrigue, sex, ceremony, violence, scandal, and naked ambition. Everitt has taken some of the household names of history—Caesar, Brutus, Cassius, Antony, Cleopatra—whom few know the full truth about, and turned them into flesh-and-blood human beings. At a time when many consider America an empire, this stunning portrait of the greatest emperor who ever lived makes for enlightening and engrossing reading. Everitt brings to life the world of a giant, rendered faithfully and sympathetically in human scale. A study of power and political genius, Augustus is a vivid, compelling biography of one of the most important rulers in history.

The Assassination of Julius Caesar W. W. Norton & Company

Renaissance plays and poetry in England were saturated with the formal rhetorical twists that Latin education made familiar to audiences and readers. Yet a formally educated man like Ben Jonson was unable to make these ornaments come to life in his two classical Roman plays. Garry Wills, focusing his attention on Julius Caesar, here demonstrates how Shakespeare so wonderfully made these ancient devices vivid, giving his characters their own personal styles of Roman speech. Shakespeare also makes Rome present and animate by casting his troupe of experienced players to make their strengths shine through the historical facts that Plutarch supplied him with. The result is that the Rome English-speaking people carry about in their minds is the Rome that Shakespeare created for them. And that is even true, Wills affirms, for today's classical scholars with access to the original Roman sources.—From publisher description.

THE GALATIAN LANGUAGE

Wiley

Telling the story of a man who stood against the overwhelming power of the mighty Roman empire, Hannibal is the biography of a man who, against all odds, dared to change the course of history. Over two thousand years ago one of the greatest military leaders in history almost destroyed Rome. Hannibal, a daring African general from the city of Carthage, led an army of warriors and battle

elephants over the snowy Alps to invade the very heart of Rome's growing empire. But what kind of person would dare to face the most relentless imperial power of the ancient world? How could Hannibal, consistently outnumbered and always deep in enemy territory, win battle after battle until he held the very fate of Rome within his grasp? Hannibal appeals to many as the ultimate underdog—a Carthaginian David against the Goliath of Rome—but it wasn't just his genius on the battlefield that set him apart. As a boy and then a man, his self-discipline and determination were legendary. As a military leader, like Alexander the Great before him and Julius Caesar after, he understood the hearts of men and had an uncanny ability to read the unseen weaknesses of his enemy. As a commander in war, Hannibal has few equals in history and has long been held as a model of strategic and tactical genius. But Hannibal was much more than just a great general. He was a practiced statesman, a skilled diplomat, and a man deeply devoted to his family and country. Roman historians—on whom we rely for almost all our information on Hannibal—portray him as a cruel barbarian, but how does the story change if we look at Hannibal from the Carthaginian point of view? Can we search beneath the accounts of Roman writers who were eager to portray Hannibal as a monster and find a more human figure? Can we use the life of Hannibal to look at the Romans themselves in an unfamiliar way— not as the noble and benign defenders of civilization but as ruthless conquerors motivated by greed and conquest?

Hannibal Good Press

A professor of classics and visiting scholar at the Harvard Divinity school presents modern interpretations of traditional Greek and Roman myths that render classic themes accessible to a new generation of readers. By the author of *Alexander the Great*.

An Introduction to the Sacred Wisdom of the Celts Simon and Schuster

This "captivating biography" of the great Roman general "puts Caesar's war exploits on full display, along with his literary genius" and more (*The New York Times*) Tracing the extraordinary trajectory of the Julius Caesar's life, Adrian Goldsworthy not only chronicles his accomplishments as charismatic orator, conquering general, and powerful dictator but also lesser-known chapters during which he was high priest of an exotic cult and captive of pirates, and rebel condemned by his own country. Goldsworthy also reveals much about Caesar's intimate life, as husband and father, and as seducer not only of Cleopatra but also of the wives of his two main political rivals. This landmark biography examines Caesar in all of these roles and places its subject firmly within the context of Roman society in the first century B.C. Goldsworthy realizes the full complexity of Caesar's character and shows why his political and military leadership continues to resonate thousands of years later.

Julius Caesar Basic Books

Julius Caesar is highly regarded today as a military strategist and tactician, and as the ambitious conqueror who expanded Roman territory several times over. Less well known is Caesar the man – his early years spent as a priest, his first marriage to General Cinna's Daughter, his refusal to divorce his wife under threat of death during a civil war, his decision to join the army and his devotion to his family. Julius Caesar is a comprehensive work that touches all the important aspects of his life without miring readers in unnecessary details. Indisputably one of the most fascinating leaders in history, he is immersed in contradictions: a virtual dictator who continued to act on behalf of the plebeians and an intellectual who was capable of cruel vengeance. Philip Freeman, a distinguished classicist and brilliantly insightful author, describes Caesar in all his complexity, creating a stunning and engaging work that is destined to be a classic. "Julius Caesar packed more into his life than most of history's great men – and Philip Freeman unpacks it all with skill and clarity". Anthony Everitt, author of *Augustus* and *Cicero*. Philip Freeman is the author of five books on classical, Irish and Celtic history and is the Qualley Chair of Classics at Luther College, Iowa and recipient of numerous fellowships in the US and Europe.

Makers of History St. Martin's Essentials

This sophisticated and masterful biography, written by a respected French history scholar who has taught courses on Napoleon at the University of Paris, brings new and remarkable analysis to the study of modern history's most famous general and statesman. Since boyhood, Steven Englund has been fascinated by the unique force, personality, and political significance of Napoleon Bonaparte, who, in only a decade and a half, changed the face of Europe forever. In *Napoleon: A Political Life*, Englund harnesses his early passion and intellectual expertise to create a rich and full interpretation of a brilliant but flawed leader. Napoleon believed that war was a means to an end, not the end itself. With this in mind, Steven Englund focuses on the political, rather than the military or personal, aspects of Napoleon's notorious and celebrated life. Doing so permits him to arrive at some original conclusions. For example, where most biographers see this subject as a Corsican patriot who at first detested France, Englund sees a young officer deeply committed to a political event, idea, and opportunity (the French Revolution) -- not to any specific nationality. Indeed, Englund dissects carefully the political use Napoleon made, both as First Consul and as Emperor of the French, of patriotism, or "nation-talk." As Englund charts Napoleon's dramatic rise and fall -- from his Corsican boyhood, his French education, his astonishing military victories and no less astonishing acts of reform as First Consul (1799-1804) to his controversial record as Emperor and, finally, to his exile and death -- he is at particular pains to explore the unprecedented power Napoleon maintained over the popular imagination. Alone among recent biographers, Englund includes a chapter that analyzes the Napoleonic legend over the course of the past two centuries, down to the present-day French Republic, which has its own profound ambivalences toward this man whom it is afraid to recognize yet cannot avoid. *Napoleon: A Political Life* presents new consideration of Napoleon's adolescent and adult writings, as well as a convincing argument against the recent theory that the Emperor was poisoned at St. Helena. The book also offers an explanation of Napoleon's role as father of the "modern" in politics. What finally emerges from these pages is a vivid and sympathetic portrait that combines youthful enthusiasm and mature scholarly reflection. The result is already regarded by experts as the Napoleonic bicentennial's first major interpretation of this perennial subject.
