**MODERN INDIA**  
**1885-1947**

Ramesh Publishing  
House  
Features Most  
authoritative and  
comprehensive

reference work of its kind on Indian politics More than forty eminent contributors from India, USA, UK, and Europe Covers key issues like federalism, parliamentary democracy, judicial system, political economy of reforms, ethnicity and politics, party system, ideological contestations, social movements, and policies

Principles and Standards for Measuring Primary Production

Sourcebooks, Inc.

This comprehensive book is specially developed for the M.A. Political Science candidates of Delhi University for Entrance Test. This book includes Study Material, Previous Paper (Solved) for the

purpose of practice of questions based on the latest pattern of the examination. Detailed Explanatory Answers have also been provided for the selected questions for Better Understanding of the Candidates.

**Wilson and Walker's Principles and Techniques of Biochemistry and Molecular Biology**

Bloomsbury Publishing

'...it is well written, balanced and comprehensive. It splendidly incorporates the new work of the last twenty years as no one else has and it will be the starting point for everyone doing any work, from sixth forms upwards, on modern India.' D.A.Low

*Modern South Asia*

Oxford University Press

Bringing this best-selling textbook right

up to date, the new edition uniquely integrates the theories and methods that drive the fields of biology, biotechnology and medicine, comprehensively covering both the techniques students will encounter in lab classes and those that underpin current key advances and discoveries. The contents have been updated to include both traditional and cutting-edge techniques most commonly used in current life science research. Emphasis is placed on understanding the theory behind the techniques, as well as analysis of the resulting data. New chapters cover proteomics, genomics, metabolomics,

bioinformatics, as well as data analysis and visualisation. Using accessible language to describe concepts and methods, and with a wealth of new in-text worked examples to challenge students' understanding, this textbook provides an essential guide to the key techniques used in current bioscience research.

**University of Delhi  
(DU) MA History**

**Entrance Exam**

**Guide** Taylor & Francis  
Perspectives on International Relations: Power, Institutions, and Ideas shows students new to the field how theories (perspectives) of international affairs—realism, liberalism, constructivism (identity), and critical theory—play a decisive role in explaining

every-day debates about world affairs. Why, for example, do politicians and political scientists disagree about the causes of the ongoing conflict in Syria, even though they all have the same facts? Or, why do policymakers disagree about how to deal with North Korea when they are all equally well informed? The new Sixth Edition of this best-seller includes updates on Brexit, the rise of Donald Trump and other populist leaders, and continuing developments for ISIS, Syria, and Russia.

*The Oxford Companion to Politics in India*

Ramesh Publishing House

The present book is specially published for the aspirants of MA (Geography) Entrance Exam conducted by the

University of Delhi. The book is highly recommended to study and Sharpen your Problem Solving Skills with thorough practice of numerous questions provided in the book, and prepare you to face the exam with Confidence, Successfully. The book comprises the Specialised Study and Practice Material along with Previous Years' Solved Paper to make you familiar with the exam pattern and the type of questions asked, with their appropriate answers. Practice questions have been modelled on the basis of questions asked in previous exam papers and solved by respective subject experts. Detailed Explanatory Answers have also been provided for the

Selected Questions for Better Understanding of readers. Based on the Latest Pattern of Exam, the book will prove very useful for study, practice and during the precious moments before the exam for reference and revision. While the specialised study and practice material of this book is aimed to prepare you for Sure Success, your own intelligence and practice, in harmony with this, will definitely Ensure you a Seat in the Prestigious Course paving the way for a Bright Future.

**Indra's Net** Oxford University Press, USA  
This edition of Indian Administration is completely revised and updated text. Chapters have been enlarged and rewritten. Fresh chapters have been

added on Planning and Audit, making this the most comprehensive treatise on Indian administration today. This is a recommended text for undergraduate students of both political science and public administration. Perspectives on International Relations OUP India

"A systematic and integrated analysis of the theory and practice of contemporary international relations, covering traditional and critical theory, core issues and recent developments in the field"--

**Mastering Modern World History** Bloomsbury Publishing  
Conventional wisdom says that integration into the global marketplace tends to weaken the power of traditional faith in

developing countries. But, as Meera Nanda argues in this path-breaking book, this is hardly the case in today's India. Against expectations of growing secularism, India has instead seen a remarkable intertwining of Hinduism and neoliberal ideology, spurred on by a growing capitalist class. It is this "State-Temple-Corporate Complex," she claims, that now wields decisive political and economic power, and provides ideological cover for the dismantling of the Nehru-era state-dominated economy. According to this new logic, India's rapid economic growth is attributable to a special "Hindu mind," and it is what

separates the nation's Hindu population from Muslims and others deemed to be "anti-modern." As a result, Hindu institutions are replacing public ones, and the Hindu "revival" itself has become big business, a major source of capital accumulation. Nanda explores the roots of this development and its possible future, as well as the struggle for secularism and socialism in the world's second-most populous country.

**India-China Relations** Routledge  
Western Political Thought: From Plato to Marx is a lucid and comprehensive account of political thought that stretches from ancient Greece to the nineteenth century. Analysing political philosophies

chronologically, this book offers valuable insights into the political structures of societies across the ages, and presents a wide perspective on the various social and political ideologies. Each of the 12 chapters contains excerpts from the original works by the philosophers, comprehensive reading list, and thought provoking questions on the philosophies discussed.

*The Politics of India Since Independence*  
Cambridge University Press

The Globalization of World Politics, the bestselling introduction to international relations, offers the most comprehensive coverage of the key theories and global issues in world politics.

The eighth edition engages with contemporary global challenges, featuring a brand new chapter on Refugees and Forced Migration and updated coverage of decolonization to ensure the book continues to cover those topics that will define the key issues in IR into the future.

Tailored pedagogical features help readers to evaluate key IR debates and apply theory and concepts to real world events. A fully updated Opposing Opinions feature facilitates critical and reflective debate on contemporary policy challenges, from decolonising universities to debates over migration and the state. Leading scholars in the field introduce readers to the history,

theory, structures and key issues in IR, providing students with an ideal introduction and a constant guide throughout their studies. Students and lecturers are further supported by extensive online resources to encourage deeper engagement with content: Student resources: International relations simulations encourage students to develop negotiation and problem solving skills by engaging with topical events and processes IR theory in practice case studies encourage students to apply theories to current and evolving global events Video podcasts from contributors help students to engage with key issues and cases in IR Guidance

on how to evaluate the Opposing Opinions feature, supporting students to engage in nuanced debate over key policy challenges Interactive library of links to journal articles, blogs and video content to deepen students' understanding of key topics and explore their research interests Flashcard glossary to reinforce understanding of key terms Multiple choice questions for self-study help students to reinforce their understanding of the key points of each chapter Revision guide to consolidate understanding and revise key terms and themes Instructor Resources: Case studies help to contextualise and deepen theoretical

Physical Geography  
Ramesh Publishing  
House  
A comprehensive and  
up-to-date study of the  
major political, cultural  
and economic changes  
in India during the past

45 years.  
*Right College, Right  
Price* Pearson  
Education India  
First published in 1990,  
National Security and  
International Relations  
provides a concise  
analysis of the problem  
of national security in  
the twentieth century.  
It examines the criteria  
by which states decide  
what level of security  
they want to seek in an  
uncertain and  
essentially Hobbesian  
world, and why some  
states tend to  
underinsure, while  
obsessively insecure  
states overinsure,  
frequently making  
others more insecure  
in the process. In the  
wake of two world wars  
and the threat of  
nuclear destruction,  
Peter Mangold argues  
that war was becoming  
as much a source of  
insecurity as the

intentions of other states. It then explores the different approaches attempted during the twentieth century to ameliorate or ideally escape from the security dilemma. These range from international regimes, to the restructuring of the international politics of Western Europe so as to substitute cooperation for conflict, and U.S. and Soviet attempts to render nuclear competition safer through arms control and confidence building measures. Of special value to students of International Relations and Strategic Studies, this book will also interest those keen to understand the challenges embodied in Gorbachev's 'new thinking' in foreign

policy.

### **POLITICAL THEORY: AN INTRODUCTION**

Cambridge University Press

Present book has been specially published for the aspirants of Entrance Exam for admission to M.A. (English) course conducted by the Jamia Millia Islamia University (JMI), Delhi. Salient Features of the Book: - The book comprises, along with the Specialised Study Material, Solved Previous Years' Papers to make you well-conversant with the exam pattern, the type of questions asked and their appropriate answers for Better Understanding. - The book contains specialised Study and Practice Material with numerous Objective &

Subjective Question-  
Answers on all relevant  
chapters & topics. -  
Both the Study and  
Practice Material have  
been prepared by  
learned Subject-expert.  
The book will serve  
both as Study Material  
and a True Test of your  
preparation for the  
exam. - It is believed,  
the book will prove  
very useful for study,  
practice and during  
precious moments  
before the exam for  
reference and revision.  
It is highly  
recommended to  
Sharpen your Problem  
Solving Skills with  
thorough practice of  
numerous questions  
provided in the book,  
and prepare yourself to  
face the exam with  
Confidence,  
Successfully. While the  
specialised study and  
practice material of  
this book is aimed to

professionally guide  
you for the exam, your  
own intelligent study  
and practice in synergy  
with this will Ensure  
you a definite Success  
in your endeavour and  
a seat in the  
Prestigious Course.

Originating in the  
Atharva Veda, the  
concept of Indra's Net  
is a powerful metaphor  
for interconnectedness.  
It was transmitted via  
Buddhism's  
Avatamsaka Sutra into  
Western thought,  
where it now resides at  
the heart of post-  
modern discourse.  
According to this  
metaphor, nothing  
ultimately exists

separately by itself and all boundaries can be deconstructed. This book invokes Indra's Net to articulate the open architecture, unity and continuity of Hinduism. Seen from this perspective, Hinduism defies pigeonholing into the traditional, modern and post-modern categories by which the West defines itself; rather, it becomes evident that Hinduism has always spanned all three categories simultaneously and without contradiction. It is fashionable among intellectuals to assert that dharma traditions lacked any semblance of unity before the British period, and that the contours of contemporary Hinduism were bequeathed to us by our colonial masters.

Such arguments routinely target Swami Vivekananda, a key interlocutor who shattered many deeply rooted prejudices against Indian civilization. They accuse him of having camouflaged various alleged 'contradictions' within traditional Hinduism, and charge him with having appropriated the principles of Western religion to 'manufacture' a coherent and unified worldview and set of practices known today as Hinduism. Indra's Net: Defending Hinduism's Philosophical Unity provides a foundation for theories that slander contemporary Hinduism as illegitimate, ascribing sinister motives to its existence, and

characterizing its fabric as oppressive. Rajiv Malhotra offers a detailed, systematic rejoinder to such views, and articulates the multidimensional, holographic understanding of reality that grounds Hindu dharma. He also argues that Vivekananda's creative interpretations of Hindu dharma informed and influenced many Western intellectual movements of the post-modern era. Indeed, as he cites with many insightful examples, appropriations from Hinduism have provided a foundation for cutting-edge discoveries in several fields, including cognitive science and neuroscience.

## **DEATH AT THE DURBAR**

NYU Press

ABOUT THE BOOK The "Classic Text Series" is a collection of books written by the most famous mathematicians of their time and has been proven over the years as the most preferred concept-building tool to learn mathematics. Arihant's imprints of these books are a way of presenting these timeless classics. Compiled by GN Berman, the book "A Problem Book in Mathematic Analysis" has been updated and deals with the modern treatment of complex concepts of Mathematical Analysis. Formulated as per the latest syllabus, this complete preparatory guide is compiled with

systematically arranged Problems, exercises, and solutions to enhance problem-solving skills. The unique features accumulated in this book are: 1. Complete coverage of syllabus in 16 Chapters 2. A corresponding section of the textbook Mathematical Analysis 3. Hints for the solutions are given for more difficult problems 4. Table of values of basic elementary functions is given in Appendix 5. Works as an elementary textbook to build concepts 6. Chapterwise study notes, Miscellaneous Examples, and Answers TABLE OF CONTENT: Function, Limit, Continuity, Derivative & Differential- Differential Calculus, Investigating

Functions and Their Graphs, The Definite Integral, Indefinite Integral- Indefinite Calculus, Methods for Evaluating Definite Integrals- Improper Integrals, Application of Integral Calculus, Series, Functions of Several Variables- Differential Calculus, Application of Differential Calculus of Functions of Several Variables, Multiple Integrals, Line Integrals and Surface Integrals, Differential Equations, Trigonometric Series, Elements of Field Theory, Answers, Appendix

Oxford University Press  
Ramachandra Guha's  
India after Gandhi is a  
magisterial account of  
the pains, struggles,

humiliations and glories of the world's largest and least likely democracy. A riveting chronicle of the often brutal conflicts that have rocked a giant nation, and of the extraordinary individuals and institutions who held it together, it established itself as a classic when it was first published in 2007. In the last decade, India has witnessed, among other things, two general elections; the fall of the Congress and the rise of Narendra Modi; a major anti-corruption movement; more violence against women, Dalits, and religious minorities; a wave of prosperity for some but the persistence of poverty for others; comparative peace in Nagaland but

greater discontent in Kashmir than ever before. This tenth anniversary edition, updated and expanded, brings the narrative up to the present. Published to coincide with seventy years of the country's independence, this definitive history of modern India is the work of one of the world's finest scholars at the height of his powers.

**JNU BA (Hons.) in  
Foreign Languages  
Entrance  
Examination Guide**  
CQ Press

The first edition of the book aimed at presenting a mass of critically analysed material on the agrarian conditions of pre-colonial India - a subject which till then had received little attention. This revised

and updated edition has much that is new in both description and perception. There is an expanded bibliography, a new descriptive index and new illustrations and maps. National Security and International Relations (Routledge Revivals)  
Pan Macmillan

This volume is an analytical study of

India's public institutions. It covers the Parliament, the Presidency, the Judiciary, the Comptroller and Auditor General, the Police, the Civil Service, and economic institutions like the Reserve Bank of India, the Finance Commission, the SEBI, the TRAI, and the Pay Commission.
