BELTRAN JUSTICE

Faithful Simon and Schuster

This book looks at the more recent works of fiction by Stephen King as well as an examination of his nonfiction book, *On Writing*, published in 2000. Works discussed in this volume include *Duma Key*, *The Girl Who Loved Tom Gordon*, *Under the Dome*, *Joyland*, and *Dr. Sleep*.

The Dead Zone Simon and Schuster

The Salem witch trials, and the many narratives based on them, both contemporaneous and subsequent discussions, have had a powerful influence on the American national psyche, informing the nation's political debates and propelling its fears. Perhaps one of the major reasons for the importance of the trials is how they conceive of and present a narrative of danger. The horror grows in and seems to threaten not just the body politic, but, perhaps more importantly, the domestic sanctuary. The home and hearth become a contested ground where good and evil fight for the souls of the inhabitants, or an infection that threatens to spread to other homes and, eventually, the entire community. The fear of witchcraft or demonic possession reveals not just a religious mania, but also a level of misogyny. Much has been made of the connections between witchcraft accusations and midwifery, homeopathy, and other, usually female, pursuits. The link between midwifery and witchcraft is especially interesting here, however, as it suggests an anxiety linked to notions of creation and procreation. This book proposes a link between the fears of usurped procreation elicited by the trials and fears of misdirected or usurped creativity. In many Gothic stories, the authors imagine their literary creations as children who have been transformed by malignant forces, much as the Puritans of 1692 feared that the devil was transforming their actual children. The home in the Gothic story becomes a warped version of the sacred domestic space of sentimental literature, and it transforms from refuge to place of terror. The authors examined here include Nathaniel Hawthorne, Louisa May Alcott, Rose Terry Cooke, Charlotte Perkins Gilman, Shirley Jackson, Stephen King, and Ira Levin.

Cowboy Adventures, Yukon & Oregon Trail Tales, Famous Outlaw Classics, Gold Rush Adventures & more (Including Riders of the Purple Sage, The Night Horseman, The Last of the Mohicans, Rimrock Trail...) e-artnow

Contributors analyze the theme of violence in the film adaptations of Stephen King's work, ranging from his earliest movies to the most recent, through a variety of lenses.

Prescriber's Guide Simon and Schuster

New edition. Originally published: 1994.

SOLVE YOUR CHILD'S SLEEP PROBLEMS

Rowman & Littlefield

In 1793 Philadelphia, sixteen-year-old Matilda Cook, separated from her sick mother, learns about perseverance and self-reliance when she is forced to cope with the horrors of a yellow fever epidemic. 10,000 first printing.

The Jewelled Jaguar Christian Art Publishers

Age-old images of fear fuse with the iconography of contemporary American life in this collection of tales from the modern master of horror.

STORIES

Simon and Schuster

This volume serves a resource for the design and analysis of neuroprosthetic supersystems, which can be defined as organizations – either small or large, simple or complex – whose human members have been neuroprosthetically augmented. While numerous other texts focus on the biomedical engineering of neuroprostheses as technological devices or on the biocybernetic engineering of the host-device system comprising a neuroprosthesis and its human host, this volume presents a unique investigation of the intentional creation of higher-order supersystems that allow multiple neuroprosthetically augmented human beings to interact with one another and with external information systems in order to accomplish some shared task. In essence, this can be understood as the work of designing and managing neuroprosthetically enhanced organizations. Individual chapters present an ontology of the neuroprosthesis as a computing device; a biocybernetic ontology of the host-device system; an ontology of the neuroprosthesis as an instrument of ‘cyborgization’; motivating and inhibiting factors for the organizational deployment of posthumanizing neuroprostheses by military organizations and other early adopters; an introduction to enterprise architecture in the context of technological posthumanization; an exploration of the implications of neuroprosthetic augmentation for enterprise architecture; and considerations for the development of effective network topologies for neuroprosthetically augmented organizations. The conceptual frameworks formulated within this book offer a wide range of tools that can be of use to policymakers, ethicists, neuroprosthetic device manufacturers, organizational decision-makers, and others who must analyze or manage the complex legal, ethical, and managerial implications that result from the use of emerging neuroprosthetic technologies within an organizational context.

The Quest for the Dark Tower Simon and Schuster

The book, *Astrology Poetry 101: Cypher*, is for those who enjoy studying patterns, and in search of solace. Free your mind and ease your disposition and spirituality.

Horror, the Supernatural, and New Approaches to Literature Simon and Schuster

After decades as an itinerant alcoholic, middle-aged Dan Torrance uses his remnant powers to assist the dying before coming to the aid of a twelve-year-old girl being tortured by a tribe of murderous paranormals.

Santorini Simon and Schuster

When an inappropriate photo of a teenage girl goes viral on social media, a close-knit community comes apart in this gripping novel of domestic suspense. Izzy has always been a good girl, but lately she's become increasingly troubled. When her mother Caitlin tries to reach her, she just pushes her away . . . until the truth comes out. A compromising picture of Izzy has been shared online. Could her boyfriend Seb be the one responsible? Liv knows that her grandson Seb would never do anything to hurt his girlfriend. But she has worried about the boy ever since his father went to prison. And when the police are called in to investigate the photo, it doesn't look good for Seb. As tensions rise and buried secrets come to light, no one is prepared for the ripples that threaten to tear their lives apart.

Representation and Affect in Contemporary Fiction Simon and Schuster

Every marriage has two hearts, one light and one dark, and Lisey Landon must confront both. King's most personal and powerful book to date is about the wellsprings of creativity, the temptations of madness, and the secret language of love.

Disability, Literature, Genre Simon and Schuster

At the same time in which the present author was reading books by Barrow Marrow and Peter Kreeft

posing that sexual intimacy continues in Heaven, he discovered that his wife had stage-3 breast cancer. As a therapy to help him deal with this news, he poured himself into research to see if Marrow and Kreeft might actually be correct, thereby enabling him to believe that no matter what happened, the best was yet to come. This is the conclusion and comfort of this book. In contradiction to those authors and groups who advocate polygamous and promiscuous sexual relations in Heaven, the present author uses type-archetype pattern and typology to argue for exclusivity and monogamy in the form of a heavenly soulmate who, in many cases, will be the spouse who was our earthly soulmate. Monogamous sexual intimacy will continue in the eternal state for those resurrected believers who are found faithful by the Lord at the time of judgment. A variety of arguments are used to defend this thesis. Naturally, the presence of sex organs in the eternal state suggests the function of that organ. Since those in the eternal state will have sex organs, as is conceded even by those not holding to the author's thesis, the supposition should be that those having these sex organs will use them. NDE claims to the contrary concerning lack of genitalia during the intermediate state are evaluated. Transcendentally, just as other transcendental desires point to a future fulfillment, our present sexual desires point to a future fulfillment also. Exegetically, Lk 20:35-36 is not limited to being like angels in terms of immortality but encompasses being like angels in terms of their sexuality. The sexuality and sex drive of male angels is obvious in Gen 6:1-4. These heavenly angels had a strong sex drive before their fall, indicating that even angels in Heaven have sexual desires and thus act in accordance with those desires. Angelically, we should deduce that angels are likewise male and female soulmates. Ontologically, our sexual gender is not limited to our physical bodies but includes our metaphysical being as well, as is proven by astral sex. Changing sexual form during astral sex or having sexual ambiguities during the physical state pose no problem for the affirmation of sexual gender projecting into the metaphysical state. Hierarchically, the cosmic sex ladder suggests increased sexual distinctiveness as one moves up the ladder. Neuter forms at the bottom of the ladder are to be expected. Intrinsically, for man and woman to be created as a unity in the image of God means that this sexual duality and unity must continue in the eternal state if we are to continue in our status of God's image bearers. Misthology, the doctrine of rewards supports exclusivity, and therefore monogamy, in the form of a complementary consensual soulmate. This soulmate is one's sole mate. Sexual hierarchy agrees with misthological hierarchy. Also, misthologically speaking, a king needs a queen. Extrabiblical sources in the forms of dreams, visions, and NDEs are consulted as and found to provide limited secondary confirmation for the thesis of this book. Collaborating biblical sources include typological pairing of male and female overcomers, pictured by Boaz and Ruth, as confirmed by the Song of Solomon. Oral sex within the Song of Solomon demonstrates that sex is intended for pleasure and not limited to reproduction, thus supporting the case that sex could be intended for pleasure in Heaven without being tied to reproductive marriage.

THE PSYCHOLOGY OF SPIRITUAL AWAKENING

AuthorHouse

This book asks the simple question of what if. The answer is expressed in thirteen short stories where O'Neal pushes the limits of imagination from a man who wakes up knowing the future date of his death, to a little girl's love for her cat that uses each of its nine lives in order to protect her from danger, to an evil ghost of a six-year-old girl trying to return to life by stealing the soul and the body of another six-year-old girl. With the combination of fantasy, the paranormal, ghosts, sci-fi horror, and the unexplained, O'Neal's characteristic dark humor and savory taste for the macabre and the unknown extends the bounds of the predictable and brings the reader to the brink of sanity and insanity, loneliness and friendship, and into the horrors of human and inhuman existence. Fans of Dean Koontz, Stephen King, *Amazing Tales*, and *The Twilight Zone* will thoroughly enjoy this anthology of unique stories that will be sure to leave you breathless. *What If* commemorates the mysteries of the world and the unexplained that encompasses each of us and articulates how fast time flies. Never forget that time is the most valuable thing we can spend, O'Neal says, so spend it wisely and don't throw it away.

[The Leap](#) Xlibris Corporation

From #1 New York Times bestselling author Stephen King whose "storytelling transcends genre" (*Newsday*) comes "another winner: creepy and touching and horrifyingly believable" (*The Boston Globe*) about a group of kids confronting evil. In the middle of the night, in a house on a quiet street in suburban Minneapolis, intruders silently murder Luke Ellis's parents and load him into a black SUV. The operation takes less than two minutes. Luke will wake up at The Institute, in a room that looks just like his own, except there's no window. And outside his door are other doors, behind which

are other kids with special talents—telekinesis and telepathy—who got to this place the same way Luke did: Kalisha, Nick, George, Iris, and ten-year-old Avery Dixon. They are all in Front Half. Others, Luke learns, graduated to Back Half, "like the roach motel," Kalisha says. "You check in, but you don't check out." In this most sinister of institutions, the director, Mrs. Sigsby, and her staff are ruthlessly dedicated to extracting from these children the force of their extranormal gifts. There are no scruples here. If you go along, you get tokens for the vending machines. If you don't, punishment is brutal. As each new victim disappears to Back Half, Luke becomes more and more desperate to get out and get help. But no one has ever escaped from the Institute. As psychically terrifying as Firestarter, and with the spectacular kid power of *It*, The Institute is "first-rate entertainment that has something important to say. We all need to listen" (*The Washington Post*).

MONOGAMOUS SEX IN HEAVEN!

W. W. Norton & Company

This fully updated Seventh Edition, includes nine new drugs, and remains the indispensable guide for all mental health prescribers.

The Haunting of Hill House e-arnow

#1 New York Times bestselling author Stephen King's terrifying novella about a town engulfed in a dense, mysterious mist as humanity makes its last stand against unholy destruction—originally published in the acclaimed short story collection *Skeleton Crew* and made into a TV series, as well as a feature film starring Thomas Jane and Marcia Gay Harden. In the wake of a summer storm, terror descends...David Drayton, his son Billy, and their neighbor Brent Norton join dozens of others and head to the local grocery store to replenish supplies following a freak storm. Once there, they become trapped by a strange mist that has enveloped the town. As the confinement takes its toll on their nerves, a religious zealot, Mrs. Carmody, begins to play on their fears to convince them that this is God's vengeance for their sins. She insists a sacrifice must be made and two groups—those for and those against—are aligned. Clearly, staying in the store may prove fatal, and the Draytons, along with store employee Ollie Weeks, Amanda Dumfries, Irene Reppler, and Dan Miller, attempt to make their escape. But what's out there may be worse than what they left behind. This exhilarating novella explores the horror in both the enemy you know—and the one you can only imagine.

[A Gripping Psychological Suspense](#) Random House

DEGREES OF OBSESSION reveals the deadly stalker inside every woman and reminds every man to check his rearview mirror. Longtime therapist Dr. Charlene 'Charlie' Pedersen admits that her fixation with college sweetheart Danny Shapiro has reached the unsettling stage of obsession. Jolted by turning fifty and struggling with a condescending husband, Charlie crafts a harebrained scheme to find Danny and recapture his heart. Her delight at reuniting with her old flame soon turns to indignation when he accuses her of stalking him. Danny's fears about being stalked are well-founded. Charlie plays on her professional expertise about stalking to worm her way back into Danny's life—all the while jeopardizing her marriage, tarnishing her reputation, and alienating her best friend. After her darkest secret is revealed, Charlie plunges into unfamiliar depths of pain and mortal danger and must rely on every psychological trick in her book to survive. DEGREES OF OBSESSION will take you on a riveting journey from risky infatuation to personal fulfillment and forgiveness.

Unlocking the Power of Sleep and Dreams New World Library

Set in the fictional town of Castle Rock, Maine Master storyteller Stephen King presents the classic #1 New York Times bestseller about a mysterious store that can sell you whatever you desire—but not without exacting a terrible price in return. The town of Castle Rock, Maine has seen its fair share of oddities over the years, but nothing is as peculiar as the little curio shop that's just opened for business here. Its mysterious proprietor, Leland Gaunt, seems to have something for everyone out on display at *Needful Things*...interesting items that run the gamut from worthless to priceless. Nothing has a price tag in this place, but everything is certainly for sale. The heart's desire for any resident of Castle Rock can easily be found among the curiosities...in exchange for a little money and—at the specific request of Leland Gaunt—a whole lot of menace against their fellow neighbors. Everyone in town seems willing to make a deal at *Needful Things*, but the devil is in the details. And no one takes heed of the little sign hanging on the wall: *Caveat emptor*. In other words, let the buyer beware...

Lisey's Story Simon and Schuster

A collection of twenty stories dealing with morality, the afterlife, guilt and more, with autobiographical comments on when, why and how Stephen King came to write each story.
