pharmacy  
management  
system  
Computer

software, or  
simply  
software, is a  
collection of  
data or  
computer  
instructions  
that tell the  
computer how  
to work. This  
is in contrast  
to physical  
hardware,  
from which  
the system is  
built and  
actually  
performs the  
work. Software
