### THE NEW CAMBRIDGE BIBLIOGRAPHY OF ENGLISH LITERATURE: VOLUME 1, 600-1660

Scarecrow Press

From its beginning as one of the most ambitious construction projects west of the Mississippi, the imposing red granite Lone Star statehouse loomed large in Texas lore. The iconic landmark rests on a foundation of election rigging, an unsolved murder, land swaps and pre-dedication blackmail. It bore witness to the first meeting between LBJ and Lady Bird, as well as a bizarre resolution honoring the Boston Strangler. Mike Cox digs up a quarry's worth of the capitol's untold history, cataloguing everything from its ghost stories to its public art and collectible tourist kitsch.

Personal Names in English Literature Penguin

Looks at the development of hereditary surnames and provides a listing of the most common surnames in the United States.

*The Summer Olympics* ABC-CLIO

More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

*The Journal of Recreational Linguistics* Workman Publishing

An anthology of Native American lore is culled from the traditions of more than twenty North American tribes and includes such stories as "Raven, the River Maker," "The Corn Song," and "Coyote and the Blackbirds"

*Treasury of Name Lore* Rowman & Littlefield

Indicates the meanings, sources, and pronunciations of thousands of names from cultures throughout the world as well as astrological names, and gives tips on creating original names

### JEWISH GIVEN NAMES AND FAMILY NAMES

New World Library

Thousands of Names and the Blessings They Can Impart This unique guide includes 6,000-plus names from all corners of the globe, and each entry illuminates the name's distinctive spiritual, historical, and cultural background — its poetry. Names, from the traditional to the newly coined, are fully explained. Pronunciation guide, origin, alternate spellings, and meaning are enhanced by the affirmation carefully chosen for each name. Lists of names by meaning, names by ethnicity, and most popular names by decade provide easy reference. Whether your aim is to honor ancestors, capture a child's essence, or convey parental hopes, Inspired Baby Names from Around the World will help you greet and bless your new baby with heartfelt meaning.

McFarland

With more than a thousand new entries and more than 2,300 word-frequency ratios, the magisterial fourth edition of this book-now renamed Garner's Modern English Usage (GMEU)-reflects usage lexicography at its finest. Garner explains the nuances of grammar and vocabulary with thoroughness, finesse, and wit. He discourages whatever is slovenly, pretentious, or pedantic. GMEU is the liveliest and most compulsively readable reference work for writers of our time. It delights while providing instruction on skillful, persuasive, and vivid writing. Garner liberates English from two extremes: both from the hidebound "purists" who mistakenly believe that split infinitives and sentence-ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted. The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available. In this fourth edition, Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources. No other resource provides as comprehensive, reliable, and empirical a guide to current English usage. For all concerned with writing and editing, GMEU will prove invaluable as a desk reference. Garner illustrates with actual examples, cited with chapter and verse, all the linguistic blunders that modern writers and speakers are prone to, whether in word choice, syntax, phrasing, punctuation, or pronunciation. No matter how knowledgeable you may already be, you're sure to learn from every single page of this book.

### FAMILY NAMES OF THE ISLAND OF NEWFOUNDLAND

Arcadia Publishing

The naming practices of Chinese Americans are the focus of this work. Since Chinese immigration began in the mid-19th century, names of immigrants and their descendants have been influenced by both Chinese and American name customs. This detailed study first describes the naming traditions of China, providing a base for understanding how personal names may change in the interaction between cultures. One discovers that surnames are clues to Chinese dialect sounds, that many have been Americanized, that new surnames were created and that, in more recent decades as the Chinese American population has grown, new names practices developed and surnames have proliferated. Included are ideographs to surnames and an overview of their preservation by Americans of Chinese descent.

*Cumulative Book Index* Partridge Publishing Singapore

This book traces the origins of the most common American surnames.

*Inspired Baby Names from Around the World* University Press of Amer

Traces the origins of nearly 3,000 surnames found on the eastern Canadian island, along with sometimes extensive information on etymology, genealogy, and Newfoundland history. Introduces the alphabetical catalogue with a survey of the history and linguistic origins, which include English, Welsh, Irish, Scottish, French, Syrian, Lebanese, and Micmac. Appends lists of names by frequency and frequency by origin, and surnames recorded before 1700. First published in 1977, reprinted four times, and here revised with additions and corrections and reset in a more convenient format. No index. Annotation copyrighted by Book News, Inc., Portland, OR

*Literary Names* OUP Oxford

For years, the Chicago Tribune's "10 Things You Might Not Know" column has been informing and entertaining readers on a diverse range of fascinating subjects. 10 Things You Might Not Know About Nearly Everything is a collection of the best of these columns, presented in a fun and easy-to-read format. This book gives readers well-researched, obscure facts on universal topics—including arts and culture, food and leisure, history, politics, science and technology, sports, holidays and religion, lifestyle, language, and more. 10 Things You Might Not Know About Nearly Everything contains a plethora of surprising trivia and pertinent tidbits on so many different areas that will appeal to everyone from history buffs to sports fans to foodies, with an especially riveting look into Chicago-area history and facts. For example, in Zion, Illinois it was once not only illegal to gamble, curse, and sell alcohol and tobacco, but also to whistle on Sundays, put on plays, eat pork or oysters, spit, or wear tan-colored shoes. Some facts will make readers laugh and some will make jaws drop. This collection is a kaleidoscope of the absurd, the outrageous, and the sometimes-gruesome, making a highly entertaining mix of people, places, and things. 10 Things You Might Not Know About Nearly Everything will leave readers brighter, wittier, and curious to learn more about myriad worlds they never encountered before and will never forget.

*Public Library Catalog* Agate Digital

One of the most comprehensive baby name reference guides available, featuring more than 30,000 baby names, has been revised and expanded. Each chapter focuses on names from specific countries, regions, and ethnicities, including details about traditional naming customs. Each entry contains various spellings and pronunciations, as well as the name's meaning, history, etymology, and derivations.

*A Rich and Diverse Collection of Names from Around the Globe, Revised and Updated* Oxford University Press

Information on more than 660 terms used in onomastics, the study of names.

*University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963*

*Through 1967: Authors & titles* McFarland

Journal of the American Name Society.

*Catalog of Copyright Entries. Third Series* Alfred A. Knopf Books for Young Readers

Looks at historical arguments made for slavery and abolition, slavery systems in various countries, related legal cases, slave rebellions, slave biographies, the history of the slave trade, and the teachings of various religions concerning slavery

*The Historical Encyclopedia of World Slavery* BRILL

Why do authors use pseudonyms and pen-names, or ingeniously hide names in their work with acrostics and anagrams? How has the range of permissible given names changed and how is this reflected in literature? Why do some characters remain mysteriously nameless? In this rich and learned book, Alastair Fowler explores the use of names in literature of all periods - primarily English

but also Latin, Greek, French, and Italian - casting an unusual and rewarding light on the work of literature itself. He traces the history of names through Homer, Spenser, Shakespeare, Milton, Thackeray, Dickens, Joyce, and Nabokov, showing how names often turn out to be the thematic focus. Fowler shows that the associations of names, at first limited, become increasingly salient and sophisticated as literature itself develops.

1967: [January-June](#) Cambridge University Press

One of the most comprehensive baby name reference guides available, featuring more than 30,000 baby names, has been revised and expanded. Each chapter focuses on names from specific countries, regions, and ethnicities, including details about traditional naming customs. Each entry contains various spellings and pronunciations, as well as the name's meaning, history, etymology, and derivations.

The Kayan culture is one that is rich with cultural diversity, and it's important to appreciate and preserve it for future generations. The Kayan people are categorized as part of the Dayak communities of Borneo, and this book focuses on the Sarawak tribe with special reference to the Kayan Uma Pu clan. In addition to learning about the Kayans through an assortment of beautiful pictures, you'll learn about tribal customs, beliefs, and more. Get insights on how: \* Kayans expanded their living area over time; \* communication occurs even without an alphabet; \* villagers resolve household and community disputes; \* beliefs and omens play a critical role in their society. The Kayans have survived so long because they cooperate and stick together, even though they're scattered over a large area. While they've often been displaced, they'll enjoy a much brighter future if the world seeks to understand their culture, heritage, and accomplishments.

[The Reader's Adviser](#) Taylor Trade Publishing

Presents over 3,000 bibliographic entries on the history and lore of Jewish family names and given names in all parts of the world from Biblical times to the present day. This work replaces the compiler's out-of-print JEWISH AND HEBREW ONOMASTICS: A BIBLIOGRAPHY (1977)
