A Concise History of Romanians

A&C Black
Over the past decade, Internet technology, now merging into that of mobile technology, has transformed the multiple facets of life in society across the world, changing work and leisure

patterns, and placing greater demands on us as active, democratic citizens. The Internet literacy handbook, intended for parents, teachers and young people throughout Europe, is a guide to exploiting to the fullest this complex network of information and communication. The

handbook is comprised of 21 fact sheets, each covering a particular topic on Internet use, from searching for information to setting up blogs through to e-shopping and e-citizenship. These fact sheets offer teachers and parents sufficient technical know-how to allow them to share young people's and

children's voyages through communication technology. They highlight ethical and safety considerations, give insight into added value in education, provide ideas for constructive activities in class or at home, share best practice in Internet use, and provide a wealth of definitions and links to sites that give practical examples and further in-depth information.

FOLLOWING JESUS IN A SELFIE- CENTERED WORLD

Chronicle Books
We all love the benefits of technology and social media, but even with the incredible upsides, many of us suspect there are unintended negative consequences that are beyond our control. We've lost perspective, even perhaps ourselves. In this relevant and life-changing new book, New

York Times bestselling author and pastor of LifeChurch.tv Craig Groeschel encourages readers who are hungry to regain control over their lives and put Christ first again. He walks them through biblical values that all Christ followers know are essential, but are even more important for the maxed out, selfie-centered world we live in. The more you compare, the less satisfied you

are. The more we interact online, the more we crave face to face intimacy, but the harder it is to have. The more filtered our lives become, the harder it is to be authentic. The more information about the pain in the world we're exposed to the more difficult it is to care. It's time to refresh and rediscover our understanding for today's world the biblical principles that life with Christ brings: contentment,

intimacy, authenticity, compassion, rest and more. Groeschel taps some of the most up to date studies on the effects of social media on our emotions and our friendships, and shows us through real-life illustrations how we struggle and how we can overcome our struggles with Jesus' life-changing gospel message. With helpful appendices like the 10 Commandments of Using

Social Media to Strengthen Your Faith, a challenge to go on Technology Fasts, and Creating Safeguards for Your #Struggles, you'll find #Struggles to be just the guide to bring balance and real-life engagement to your everyday living.

Internet, became for a time one of the richest men in the world, and was crowned "the king of cyber-commerce." Yet for all the media exposure, the inside story of Amazon.com has never really been told. In this revealing, unauthorized account, Robert Spector, journalist and best-selling author, gives us this up-to-date, fast-paced, behind-the-scenes story of the

company's creation and rise, its tumultuous present, and its uncertain future.

Genesis Earth Kings Road Publishing

So many secrets, under the surface of the world you think you know... Between school, swim team, gossipy friends, and cleaning cages at her dad's veterinary clinic, Lorelei doesn't have time to worry too much about the odd dreams that haunt her

sleep most nights. She considers herself about as normal as a girl can be, in her circumstances. Her mom left when she was six, but Dad did his best to make up for it with small-town stability. Her biggest worries are AP Calculus tests and whether her team will make the state swimming championships. Oh, and the boy who offered study help, with a certain expression in his eyes that said it wasn't

about studying at all. Life is good. Until she finds out what she is. That revelation is thanks to the boy with the hungry eyes. The only one she can trust now. And then there's the stranger, the shadow who seems to be everywhere Lorelei is. Even in her mind and dreams. Her identity turned upside down, Lorelei must find the will and the way to understand herself, and her world, once again.

But the surprises show no sign of slowing yet... The Complete Water Rites Series Is Available Now Water Rites ~ Book 1 Crestfallen ~ Book 2 Castle and Crown ~ Book 3 Search terms: contemporary fantasy, coming of age, selkie, mermaid, paranormal, supernatural, myth, magic, mind control, powers, shapeshifter, shifter, romantic fantasy, fantasy trilogy,

fantasy series *The Politics of Religion in Eastern Europe and the USSR* Random House Religious organizations in many countries of the communist world have served as agents for the preservation, defense, and reinforcement of nationalist feelings, and in playing this role have frequently been a source of frustration to the Communist Party elites. Although the relationship

between governments and religious groups varies according to the particular country and group in question, the mosaic of these relationships constitutes a revealing picture of the political reform shaping the lives of Soviet and East European citizens. Harper Collins A fascinating tour of the urban landscape and interiors of Tokyo, Japan, captures in hundreds of full-color

photographs the tiny crowded apartments of one of the world's most densely populated metropolises. Original. **Get Big Fast** J.R. Pearse Nelson Augustine was one of the West's first public philosophers. Intellectually brilliant and a gifted writer, he is known primarily as one of the great figures of Christian late antiquity. In this new biography we encounter him through the complexities

of his remarkable personality. Miles Hollingworth demonstrates that it was as a personality that he turned against his Age to explore the shocking relevance of one life to God and history. His autobiography , the Confessions, is held up by many today as the first truly modern book. *Castrati, Travesti, and the Second Woman in Early-nineteenth-century Italian Opera* Indiana University

Press
This book presents captivating stories about Romania's past in the larger context of European and world history. Prof. Djuvara sets aside the academic tone to recount the story of Romanians, without taboos or prejudices. Common misunderstandings are brought to light and clarified, such as the story of Vlad the Impaler and the role played by Romania in

World War II. Read about the wars between Dacia and Rome, barbarian invasions, the assimilation of other populations, the complex history of Transylvania, Moldavia and Wallachia and about great sacrifices made in defense of Christianity. This translation published by Cross Meridian (Canada) is dedicated to young people of Romanian descent who live in countries

where English is spoken or understood.
Oleanna
Penguin UK
In a terrifyingly short time, a male college instructor and his female student descend from a discussion of her grades into a modern reprise of the Inquisition. Innocuous remarks suddenly turn damning. Socratic dialogue gives way to heated assault. And the relationship between a somewhat fatuous teacher and

his seemingly hapless pupil turns into a fiendishly accurate X ray of the mechanisms of power, censorship, and abuse.

Religion and Nationalism in Soviet and East European Politics

Oxford University Press, USA Documents the changes in approaches to gender in opera in the early 19th century. *Tell It to the Squirrels* McFarland A thorough and incisive introduction to

contemporary India The story of the forging of India, the world's largest democracy, is a rich and inspiring one. This volume, a sequel to the best-selling India's Struggle for Independence, analyses the challenges India has faced and the successes it has achieved, in the light of its colonial legacy and century-long struggle for freedom. The book describes how the Constitution was framed,

as also how the Nehruvian political and economic agenda and basics of foreign policy were evolved and developed. It dwells on the consolidation of the nation, examining contentious issues like party politics in the Centre and the states, the Punjab problem, and anti-caste politics and untouchability . This revised edition offers a scathing analysis of the growth of communalism in India and

the use of state power in furthering its cause. It also documents the fall of the National Democratic Alliance in the 2004 General Elections, the United Progressive Alliance's subsequent rise to power and the Indo-US Nuclear Deal that served to unravel the political consensus at the centre. Apart from detailed analyses of Indian economic reforms since 1991 and wide-ranging

land reforms and the Green Revolution, this new edition includes an overview of the Indian economy in the new millennium. These, along with objective assessments of Jawaharlal Nehru, Indira Gandhi, Jayaprakash Narayan, Lal Bahadur Shastri, Rajiv Gandhi, Vishwanath Pratap Singh, Atal Bihari Vajpayee and Manmohan Singh, constitute a remarkable overview of a nation on the

move.

 Simon Basset, the irresistible Duke of Hastings, has hatched a plan to keep himself free from the town's marriage-minded society mothers. He pretends to be engaged to the lovely Daphne Bridgerton. After all, it isn't as if the brooding rogue has any real plans to

marry - though there is something about the alluring Miss Bridgerton that sets Simon's heart beating a bit faster. And as for Daphne, surely the clever debutante will attract some very worthy suitors now that it seems a duke has declared her desirable. But as Daphne waltzes across ballroom after ballroom with Simon, she soon forgets that their courtship is a complete sham. And now she has

to do the impossible and keep herself from losing her heart and soul completely to the handsome hell-raiser who has sworn off marriage forever!

A BOY AND A
GIRL ON A
VOYAGE TO
AN ALIEN
STAR
Michael
Anderson
never thought
he would set
foot on a
world like

Earth. He only studied planetology to satisfy his parents, two of humanity's most brilliant scientists. But when they open a wormhole to an alien planet—one emitting a signal that can only be a sign of intelligent life—he soon becomes caught up in the mission to explore it. His sole mission partner, Terra, doesn't care nearly as much about the science as he does, though. The child of a bitter divorce,

she sees the mission as a chance to escape from the expectations of others. Before they can work out their differences, a mysterious alien ship begins to hunt them down. Alone, twenty light-years from the nearest human being, they must learn to open up and trust each other—but how can they do that when they can't even agree why they're there? As Michael

struggles to keep the mission from falling apart, he is forced to reexamine his deepest, most unquestioned beliefs about the universe—and about what it means to be human.
