The hidden brain is the voice in our ear  
when we make the most important  
decisions in our lives—but we're never  
aware of it. The hidden brain decides  
whom we fall in love with and whom we  
hate. It tells us to vote for the white  
candidate and convict the dark-skinned  
defendant, to hire the thin woman but

pay her less than the man doing the same job. It can direct us to safety when disaster strikes and move us to extraordinary acts of altruism. But it can also be manipulated to turn an ordinary person into a suicide terrorist or a group of bystanders into a mob. In a series of compulsively readable narratives, Shankar Vedantam journeys through the latest discoveries in neuroscience, psychology, and behavioral science to uncover the darkest corner of our minds and its decisive impact on the choices we make as individuals and as a society. Filled with fascinating characters, dramatic storytelling, and cutting-edge science, this is an engrossing exploration of the secrets our brains keep from us—and how they are revealed.

“In the heart of this world, the Lord of life, who loves us so much, is always present. He does not abandon us, he does not leave us alone, for he has united himself definitively to our earth, and his love constantly impels us to find new ways forward. Praise be to him!” – Pope Francis, *Laudato Si'* In his second encyclical, *Laudato Si'*: On the Care of Our Common Home, Pope Francis draws all Christians into a dialogue with every person on the planet about our common home. We as human beings are united by the concern for our planet, and every living thing that dwells on it, especially the poorest and most vulnerable. Pope Francis' letter joins the body of the Church's social and moral teaching, draws on the best scientific research, providing the foundation for “the ethical

and spiritual itinerary that follows.”  
Laudato Si’ outlines: The current state of our “common home” The Gospel message as seen through creation The human causes of the ecological crisis Ecology and the common good Pope Francis’ call to action for each of us Our Sunday Visitor has included discussion questions, making it perfect for individual or group study, leading all Catholics and Christians into a deeper understanding of the importance of this teaching.

One of the twentieth century’s enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel

known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political,

personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

### **THE COLLECTED ESSAYS OF RALPH ELLISON**

Simon and Schuster

"Ellison sought no less than to create a Book of Blackness, a literary composition of the tradition at its most sublime and fundamental." —Henry Louis Gates, Jr., TIME From the renowned author of the classic novel *Invisible Man*, Ralph Ellison's *Juneteenth* is brilliantly crafted,

moving, and wise. With a new introduction by National Book Award-winning author and scholar Charles R. Johnson. Here is Ellison, the master of American vernacular—the preacher’s hyperbole and the politician’s rhetoric, the rhythms of jazz and gospel and ordinary speech—at the height of his powers, telling a powerful, evocative tale of a prodigal of the twentieth century. “Tell me what happened while there’s still time,” demands the dying senator Adam Sunraider to the Reverend A. Z. Hickman, the itinerant Negro preacher whom he calls Daddy Hickman. As a young man, Sunraider was Bliss, an orphan taken in by Hickman and raised to be a preacher like himself. His history encompasses camp meetings where he became the risen Lazarus to inspire the

faithful; the more ordinary joys of Southern boyhood; bucolic days as a filmmaker; lovemaking with a young woman in a field in the Oklahoma sun. And behind it all lies a mystery: how did this chosen child become the man who would deny everything to achieve his goals?

At his death in 1994, Ralph Ellison left behind several thousand pages of his unfinished second novel, which he had spent nearly four decades writing. Five years later, Random House published *Juneteenth*, drawn from the central narrative of Ellison’s epic work in progress. *Three Days Before the*

Shooting . . . gathers in one volume all the parts of that planned opus, including three major sequences never before published. Set in the frame of a deathbed vigil, the story is a gripping multigenerational saga centered on the assassination of a controversial, race-baiting U.S. senator who's being tended to by an elderly black jazz musician turned preacher. Presented in their unexpurgated, provisional state, the narrative sequences brim with humor and tension, composed in Ellison's magical jazz-inspired prose style. Beyond its compelling narratives, *Three Days Before the Shooting . . .* is perhaps most notable for its extraordinary insight into the creative process of one of this country's greatest writers, and an essential, fascinating piece of Ralph

Ellison's legacy.

The Invisible Man is a science fiction novella. The Invisible Man of the title is Griffin, a scientist who has devoted

himself to research into optics and invents a way to change a body's refractive index to that of air so that it absorbs and reflects no light and thus becomes invisible. He successfully carries out this procedure on himself, but fails in his attempt to reverse the procedure. Herbert George Wells (1866 – 1946), known as H. G. Wells, was a prolific English writer in many genres, including the novel, history, politics, and social commentary, and textbooks and rules for war games.

 Compiled, edited, and newly revised by Ralph Ellison's literary executor, John F. Callahan, this Modern Library Paperback Classic includes posthumously discovered reviews, criticism, and interviews, as well as the essay collections *Shadow and Act* (1964), hailed by Robert Penn Warren as "a body of cogent and subtle commentary on the questions that focus on race," and *Going to the Territory* (1986), an exploration of literature and folklore, jazz and culture, and the nature and quality of lives that black Americans lead. Saddleback Educational Publishing  
With the same intellectual incisiveness and supple, stylish prose he brought to his classic novel *Invisible Man*, Ralph Ellison examines his antecedents and in so doing illuminates the literature, music, and culture of both black and white America. His range is virtuosic, encompassing Mark Twain and Richard Wright, Mahalia Jackson and Charlie Parker, *The Birth of a Nation* and the Dante-esque landscape of Harlem—“the scene and symbol of the Negro's perpetual alienation in the land of his birth.” Throughout, he gives us what

amounts to an episodic autobiography that traces his formation as a writer as well as the genesis of *Invisible Man*. On every page, Ellison reveals his idiosyncratic and often contrarian brilliance, his insistence on refuting both black and white stereotypes of what an African American writer should say or be. The result is a book that continues to instruct, delight, and occasionally outrage readers thirty years after it was first published.

**Invisible Girl** Harper Collins

The “invisible men” of sociologist Adia Harvey Wingfield’s urgent and timely *No More Invisible Man* are African American professionals who fall between extremely high status, high-profile black men and the urban underclass. Her

compelling interview study considers middle-class, professional black men and the challenges, obstacles, and opportunities they encounter in white male-dominated occupations. *No More Invisible Man* chronicles these men’s experiences as a tokenized minority in the workplace to show how issues of power and inequality exist—especially as they relate to promotion, mobility, and developing occupational networks. Wingfield’s intersectional analysis deftly charts the ways that gender, race, and class collectively shape black professional men’s work experiences. In its examination of men’s interactions with women and other men, as well as men’s performances of masculinity and their emotional demeanors in these jobs, *No More Invisible Man* extends our

understanding of racial- and gender-based dynamics in professional work.

Gorgeously illustrated in a large-format album with two gatefolds and a stunning foldout of a jungle at war, The Tiger Who

Would Be King is as entertaining as it is wise, as wry as it is passionate. Yoon's humorous images support this beautifully written text with wit and insight, playing up the comic elements, while showing the pathos as well.
