This book can be  
 regarded as a resource  
 book for teachers who  
 would like to apply  
 multiple entry point  
 approaches, a  
 framework of multiple  
 intelligences proposed  
 by Gardner, in their  
 language classes. On-  
 line sources are  
 particularly valuable in  
 learning situations  
 where teachers usually  
 expect authentic

materials. Moreover, this book builds a bridge from theory to practical approach aiming to assist teachers who believe intrinsically in the use of technology, but have not been trained in its use.
