Your hands-on guide to one of the world's major religions The dominant religion of India,

"Hinduism" refers to a widevariety of religious traditions and philosophies that have developed over thousands of years. Today, the United States is home to approximately one million Hindus. If you've heard of this ancient religion and are

looking for a reference that explains the intricacies of the customs, practices, and teachings of this ancient spiritual system, *Hinduism For Dummies* is for you! Provides a thorough introduction to this earliest and popular world belief system Information

on the rites, rituals, deities, and teachings associated with the practice of Hinduism. Explores the history and teachings of the Vedas, Brahmans, and Upanishads. Offers insight into the modern daily practice of Hinduism around the world. Continuing the Dummies tradition of making the world's religions engaging and accessible to everyone, *Hinduism For Dummies* is your hands-on, friendly guide to this fascinating religion.

*Muslim Contributions to World Civilization* Biteback Publishing  
 "Hilarious and heart-breaking. Comedy shouldn't take courage, but it made an exception for Bassem." --Jon Stewart  
 "The Jon Stewart of the Arabic World"—the creator of *The Program*, the most popular television show in Egypt's history—chronicles his transformation from heart surgeon to political satirist, and offers crucial insight into the Arab Spring, the Egyptian Revolution, and the turmoil roiling the modern Middle East, all of which inspired the documentary about his life, *Tickling Giants*. Bassem Youssef's incendiary satirical news program, *Al-Bernameg*

(*The Program*), chronicled the events of the 2011 Egyptian Revolution, the fall of President Hosni Mubarak, and the rise of Mubarak's successor, Mohamed Morsi. Youssef not only captured his nation's dissent but stamped it with his own brand of humorous political criticism, in which the Egyptian government became the prime laughing stock. So potent were Youssef's skits, jokes, and commentary, the authoritarian government accused him of insulting the Egyptian presidency and Islam. After a six-hour long police interrogation, Youssef was released. While his case was eventually dismissed, his television show was terminated, and Youssef, fearful for his safety, fled his homeland. In *Revolution for Dummies*, Youssef recounts his life and offers hysterical riffs on the hypocrisy, instability, and corruption that has long animated Egyptian politics. From the attempted cover-up of the violent clashes in Tahrir Square to the government's announcement that it had created the world's first "AIDS cure" machine, to the conviction of officials that Youssef was a CIA

operative—recruited by Jon Stewart—to bring down the country through sarcasm. There's much more—and it's all insanely true. Interweaving the dramatic and inspiring stories of the development of his popular television show and his rise as the most contentious funny-man in Egypt, Youssef's humorous, fast-paced takes on dictatorship, revolution, and the unforeseeable destiny of democracy in the Modern Middle East offers much needed hope and more than a few healing laughs. A documentary about his life, *Tickling Giants*, debuted at the Tribeca Film Festival in 2016, and is now scheduled for major release.

Find out how to: Use basic phrases and words correctly Converse intelligently about Korean culture Do business with a Korean company Say task-specific expressions Pronounce Korean words Put material in a real-world context Make a good first impression with Koreans Complete with lists of ten ways to learn Korean quickly, ten phrases to make you sound Korean, ten expressions that Koreans like to use, and ten things you should never do around a Korean, Korean For Dummies is your one-stop guide to speaking basic Korean and understanding the fundamentals of Korean

culture.

The Wiley Blackwell History of Islam

International Institute of Islamic Thought (IIIT) Explores the doctrines and beliefs of Islam, its practices and institutions, the history of the religion, and Islam today.

**ISLAM FOR BEGINNERS**

ScribeDigital.com Opening with the provocative query "what might an anthropology of the secular look like?" this book explores the concepts, practices, and political formations of secularism, with emphasis on the major historical shifts that have shaped secular sensibilities and attitudes in the modern West and the Middle East. Talal Asad proceeds to dismantle commonly held assumptions about the secular and the terrain it allegedly covers. He argues that while anthropologists have oriented themselves to the study of the "strangeness of the non-European world" and to what are seen as non-rational dimensions of social life (things like myth, taboo, and religion), the modern and the secular have not been adequately examined. The conclusion is that the secular cannot be viewed

as a successor to religion, or be seen as on the side of the rational. It is a category with a multi-layered history, related to major premises of modernity, democracy, and the concept of human rights. This book will appeal to anthropologists, historians, religious studies scholars, as well as scholars working on modernity.

*A Novel*/ HarperCollins Australia

'Ideologies need enemies to thrive, religion does not'. Using the Sahel as a source of five comparative case studies, this volume aims to engage in the painstaking task of disentangling Islam from the political ideologies that have issued from its theologies to fight for governmental power and the transformation of society. While these ideologies tap into sources of religious legitimacy, the author shows that they are fundamentally secular or temporal enterprises, defined by confrontation with other political ideologies—both progressive and liberal—within the arena of nation states. Their objectives are the same as these other ideologies, i.e., to harness political power for changing

national societies, and they resort to various methods of persuasion, until they break down into violence. The two driving questions of the book are, whence come these ideologies, and why do they—sometimes—result in violence? Ideologies of Salafi radicalism are at work in the five countries of the Sahel region, Burkina Faso, Mali, Niger, (Northern) Nigeria and Senegal, but violence has broken out only in Mali and Northern Nigeria. Using a theoretical framework of ideological development and methods of historical analysis, Idrissa traces the emergence of Salafi radicalism in each of these countries as a spark ignited by the shock between concurrent processes of Islamization and colonization in the 1940s. However, while the spark eventually ignited a blaze in Mali and Nigeria, it has only led to milder political heat in Niger and Senegal and has had no burning effect at all in Burkina Faso. By meticulously examining the development of Salafi radicalism ideologies over time in connection with developments in national politics in each of the countries, Idrissa arrives at compelling conclusions

about these divergent outcomes. Given the many similarities between the countries studied, these divergences show, in particular, that history, the behaviour of state leaders and national sociologies matter—against assumptions of ‘natural’ contradictions between religion (Islam) and secularism or democracy. This volume offers a new perspective in discussions on ideology, which remains—as is shown here—the independent variable of many key contemporary political processes, either hidden in plain sight or disguised in a religious garb.

John Wiley & Sons  
There has been an urgent need for a simple and concise guide which teaches the basics of prayer for Muslims. This book has been designed for people who don't know how to pray yet or those who aren't sure whether they learned correctly or not. In this book you will

learn the prayers by reading clear and simple descriptions of what to do along with pictures to make sure you understood correctly. One of the unique features of this book is that it doesn't limit itself to teaching the rituals behind the prayer only. Rather, there is an entire chapter dedicated to learning the meanings behind each statement and action in the prayer. *The Muslim Prayer Book for Dummies(sunni Book), Life of Muhammad 3 in 1* Createspace Independent Pub

Why are we here? How should we live? What happens after we die? Why does evil exist? Religion For Dummies explains how the world's great religions answer questions that persist through generations. Authors Rabbi Marc Gellman and Monsignor Thomas Hartman are trusted religious advisors known as the God Squad. With wonderful wit and incredible wisdom, they host a daily talk show which reaches nearly 4 million homes in the New York area, and have appeared on numerous TV and radio shows. This book is not a scholarly theological treatise; it's a lively, practical, hands-on resource that will help you

better understand your own religion and others. You'll explore: Religion's role in the family and in the workplace The beliefs and practices of Christianity, Judaism, Islam, and other religions Religion's impact during major passages in life such as birth, death, and marriage How to join a religion and how to pray How religion can help you deal with issues in every day life such as conflict, adversity, marriage, divorce, and more Religious rituals and ethics Religion for Dummies touches on lesser-known religions (such as, Zoroastrianism, Jainism, Sikhism). It explores how people of various faiths pray, celebrate life and death, and view moral issues. The book does not tell you what to believe, but rather encourages you to live as you believe and let your religion infuse every aspect of your life. It doesn't give simple answers to haunting, complex questions; it helps you find your own answers and pursue your own spiritual path! *Islam for Beginners* Penguin

The explosion of a jetliner over India triggers an Apocalyptic battle that sweeps across the

subcontinent. Reprint. [Comparative Religion For Dummies](#) John Wiley & Sons

A theoretically rich, nuanced history of Islam and Islamic civilization with a unique sociological component This major new reference work offers a complete historical and theoretically informed view of Islam as both a religion and a sociocultural force. Uniquely comprehensive, it surveys and discusses the transformation of Muslim societies in different eras and various regions, providing a broad narrative of the historical development of Islamic civilization. This text explores the complex and varied history of the religion and its traditions. It provides an in-depth study of the diverse ways through which the religious dimension at the core of Islamic traditions has led to a distinctive type of civilizational process in history. The book illuminates the ways in which various historical forces have converged and crystallized in institutional forms at a variety of levels, embracing social, religious, legal, political, cultural, and civic dimensions. Together, the team of internationally

renowned scholars move from the genesis of a new social order in 7th-century Arabia, right up to the rise of revolutionary Islamist currents in the 20th century and the varied ways in which Islam has grown and continues to pervade daily life in the Middle East and beyond. This book is essential reading for students and academics in a wide range of fields, including sociology, history, law, and political science. It will also appeal to general readers with an interest in the history of one of the world's great religions.

[The Sacred Path to Islam: A Guide to Seeking Allah \(God\) & Building a Relationship](#) John Wiley & Sons

From how the Koran was received by Mohammed and how it was compiled to how it's interpreted by Islam's two main branches, you'll see how to put the Islamic faith in perspective. Plus, you'll discover: What the Koran really says about women and civil law How Islam relates to Judaism and Christianity The Koran's view of God, prophets, mankind, and the self How its teachings are lived and recited every day by devout Muslims Common misconceptions of the Koran How to raise a family the Koranic way Complete with lists of important passages, Koranic terminology, famous quotes, and

further reading resources, The Koran For Dummies makes it easy and enjoyable for you to grasp the teachings and significance of Islam's holy book.

*Understanding Islamic Finance* Islam For Dummies

Many non-Muslims have no idea that Muslims worship the same God as Christians and Jews, and that Islam preaches compassion, charity, humility, and the brotherhood of man. And the similarities don't end there. According to Islamic teaching, Muhammad founded Islam in 610 CE after the angel Gabriel appeared to him at Mecca and told him that God had entered him among the ranks of such great biblical prophets as Abraham, Moses, and Christ. Whether you live or work alongside Muslims and want to relate to them better, or you simply want to gain a better understanding of the world's second largest religion, Islam For Dummies can help you make sense of this religion and its appeal. From the Qur'an to Ramadan, this friendly guide introduces you to the origins, practices and beliefs of Islam, including: Muhammad, the man and

the legend The Five Pillars of Wisdom The Five Essentials beliefs of Islam The different branches of Islam and Islamic sects The Qur'an and Islamic law Islam throughout history and its impact around the world Professor Malcolm Clark explores the roots of Islam, how it has developed over the centuries, and it's long and complex relationship with Christianity. He helps puts Islam in perspective as a major cultural and geopolitical force. And he provided helpful insights into, among other things: Muhammad, the Qur'an and the ethical teachings of Islam Muslim worship, customs, and rituals surrounding birth, marriage, and death Shi'ites, Sunnis, Sufis, Druze, and other important Muslim groups Islam in relation to Judaism and Christianity In these troubled times, it is important that we try to understand the belief systems of others, for through understanding comes peace. Islam For Dummies helps you build bridges of understanding between you and your neighbors in the global village. Islam For Dummies (9781119642978) was previously published as

Islam For Dummies (9780764555039). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. Shari'ah, Inshallah John Wiley & Sons The documentary comic books of the For Beginners series deal with complex and serious subjects. They attempt to untimidate and uncomplicate the great ideas and work of great thinkers. The movements and concepts dealt with are placed in their historical, political and intellectual contexts. The books are painstakingly researched, humourously written and enlivened with classic comic-strip illustrations, photographs, paintings, etc. The range of subjects covered is truly vast and varied Malcom X and the New Age guru Castenanda, Shakespeare and Foucault, Jewish Holocaust and Arab and Israel, Structuralism and Biology. The Milibands and the Making of a Labour Leader Usborne Books An up-close and up-to-date look at an often misunderstood faith. This completely revised and updated guide explores

the tenets of the Qu'ran (A.K.A 'Koran'), examines the history of the religion and its relationship to Christianity and Judaism, and features an expanded section on the true story behind 'jihad'. It explores Islamic views on war and terrorism, including the Muslim perspective on the tragic events of September 11, and the subsequent U.S. presence in both Afghanistan and Iraq. Excellent sales for the 1st Editrion. Islam is the fastest-growing religion in America, with more than six million devoted followers. ## **THE WORLD FROM ISLAM**

Random House Digital, Inc.

Judaism isn't a race or even a particular culture or ethnic group. There are about 13 or 14 million Jews spread around the world, including about 6 million in the United States and about 5 million in Israel – so Judaism clearly isn't "a nation." So what does it mean to be Jewish? Here are the basics: Being Jewish (being "a Jew") means you're a Member of the Tribe (an M-O-T). The tribe started with a couple named Abraham and Sarah about 4,000 years ago, it grew over time, and it's still here today. You can become part of the Jewish tribe in two ways: By being born to a Jewish mother or joining through a series of rituals (called converting). Judaism is a set of beliefs, practices, and ethics

based on the Torah. You can practice Judaism and not be Jewish, and you can be a Jew and not practice Judaism. Whether you're interested in the religion or the spirituality, the culture or the ethnic traditions, Judaism For Dummies explores the full spectrum of Judaism, dipping into the mystical, meditative, and spiritual depth of the faith and the

practice. In this warm and welcoming book, you'll find coverage of Orthodox Jews and breakaway denominations Judaism as a daily practice The food and fabric of Judaism Jewish wedding ceremonies Celebrations and holy days 4,000 years of pain, sadness, triumph, and joy Great Jewish thinkers and historical celebrities Jews have long

spread out to the corners of the world, so there are significant Jewish communities on many continents. Judaism For Dummies offers a glimpse into the rituals, ideas, and terms that are woven into the history and everyday lives of Jewish people as near as our own neighborhoods and as far-reaching as across the world.
