BREAKAWAY LEARNERS

Routledge

This work is the third Small Wars Journal anthology focusing on radical Sunni Islamic terrorist and insurgent groups. It covers this professional journals writings for 2015 and complements the earlier Global Radical Islamist Insurgency anthologies that were produced as Vol. I:

20072011 (published in 2015) and Vol. II: 20122014 (published in 2016). This anthology, which offers roughly five hundred pages of additional analysis, follows the same general conceptual breakdown as the earlier works, and is divided into two major thematic sectionsone focusing on jihadi terrorism, insurgency, and the Islamic State in context and the other focusing on US-allied policy and counter-jihadi and counterIslamic State strategies. *Common Sense for the 21st Century* The Anglo Egyptian Bookshop
"It is very exciting to see all of these

studies compiled in one book. It can be read sequentially or just for certain transitions. It also can be used as a template for compilation of other concepts central to nursing and can serve as a resource for further studies in transitions. It is an excellent addition to the nursing literature." Score: 95, 4 Stars. --Doody's "Understanding and recognizing transitions are at the heart of health care reform and this current edition, with its numerous clinical examples and descriptions of nursing interventions, provides important lessons that can and should be incorporated into health policy.

It is a brilliant book and an important contribution to nursing theory." Kathleen Dracup, RN, DNSc Dean and Professor, School of Nursing University of California San Francisco Afaf Meleis, the dean of the University of Pennsylvania School of Nursing, presents for the first time in a single volume her original "transitions theory" that integrates middle-range theory to assist nurses in facilitating positive transitions for patients, families, and communities. Nurses are consistently relied on to coach and support patients going through major life transitions, such as illness, recovery, pregnancy, old age, and many more. A collection of over 50 articles published from 1975 through 2007 and five newly commissioned articles, *Transitions Theory* covers developmental, situational, health and illness, organizational, and therapeutic transitions. Each section includes an introduction written by Dr. Meleis in which she offers her historical and practical perspective on transitions. Many of the articles consider the transitional experiences of ethnically diverse patients, women, the elderly, and other minority populations. Key Topics Discussed: Situational transitions,

including discharge and relocation transitions (hospital to home, stroke recovery) and immigration transitions (psychological adaptation and impact of migration on family health) Educational transitions, including professional transitions (from RN to BSN and student to professional) Health and illness transitions, including self-care post heart failure, living with chronic illness, living with early dementia, and accepting palliative care Organization transitions, including role transitions from acute care to collaborative practice, and hospital to community practice Nursing therapeutics models of transition, including role supplementation models and debriefing models

Heir of Fire Dramatists Play Service Inc 'A landmark in the process of decolonizing imperial Western knowledge.' Walter Mignolo, Duke University To the colonized, the term 'research' is conflated with European colonialism; the ways in which academic research has been implicated in the throes of imperialism remains a painful memory. This essential volume explores intersections of imperialism and research - specifically, the ways in which imperialism

is embedded in disciplines of knowledge and tradition as 'regimes of truth.' Concepts such as 'discovery' and 'claiming' are discussed and an argument presented that the decolonization of research methods will help to reclaim control over indigenous ways of knowing and being. Now in its eagerly awaited second edition, this bestselling book has been substantially revised, with new case-studies and examples and important additions on new indigenous literature, the role of research in indigenous struggles for social justice, which brings this essential volume urgently up-to-date.

Women, Race, & Class McGraw Hill Professional

From the bestselling author of *Charlie and the Chocolate Factory* and *The BFG!* Someone's been stealing from the three meanest farmers around, and they know the identity of the thief--it's *Fantastic Mr. Fox!* Working alone they could never catch him, but now Boggis, Bunce, and Bean have joined forces, and they've concocted a cunning plan to dig him out of his hole once and for all. What they don't know is they're not dealing with just any fox. Mr. Fox would rather die than surrender, and

he just happens to have a fantastic plan of his own . . . This special edition of Roald Dahl's beloved story has a beautiful full-color interior and large trim to feature Quentin Blake's iconic art.

Flipped Simon & Schuster Books for Young Readers

The heir of ash and fire bows to no one. A new threat rises in the third book in the #1 bestselling Throne of Glass series by Sarah J. Maas. Celaena Sardothien has survived deadly contests and shattering heartbreak, but now she must travel to a new land to confront her darkest truth. That truth could change her life-and her future-forever. Meanwhile, monstrous forces are gathering on the horizon, intent on enslaving her world. To defeat them, Celaena will need the strength not only to fight the evil that is about to be unleashed but also to harness her inner demons. If she is to win this battle, she must find the courage to face her destiny-and burn brighter than ever before. The third book in the #1 New York Times bestselling Throne of Glass series continues Celaena's epic journey from woman to warrior.

Liquid Modernity John Wiley & Sons

Since ocular infections are one of the most

frequent occurrences in ophthalmology, the treatment for these infections must be fast, precise and effective. In order to address this goal, it is important to identify and characterize the culprit microorganisms involved in the pathogenesis of ocular infections. Clinical diagnosis of ocular infections can be confirmed by several techniques based on microbiological test of ocular samples. Some of these techniques include classic microbiological testing in which it is necessary to isolate microorganisms to characterize them by biochemical analysis which require significant resources and timing.

DECOLONIZING METHODOLOGIES

Bloomsbury Publishing

Whether for entertainment, under the guise of medicine, or to propel consumerism, heinous acts are perpetrated daily on women's bodies. In *Body Horror: Capitalism, Fear, Misogyny, Jokes*, award-winning journalist Anne Elizabeth Moore catalogs the global toll of capitalism on our physical autonomy. Weaving together unflinching research and surprising humor, these essays range

from investigative—probing the Cambodian garment industry, the history of menstrual products, or the gender biases of patent law—to uncomfortably intimate. Moore, who suffers from several autoimmune disorders, examines what it takes to seek care and community in the increasingly complicated, problematic, and disinterested US healthcare system. A Lambda Literary Award finalist and a Chicago Review of Books Nonfiction Award shortlist title, *Body Horror* is “sharp, shocking, and darkly funny. . . . Brainy and historically informed, this collection is less a rallying cry or a bitter diatribe than a series of irreverent and ruthlessly accurate jabs at a culture that is slowly devouring us” (Publishers Weekly, starred review). Featuring an updated introduction and new essays, as well as illustrations by Xander Marro, this new edition of *Body Horror* is a fascinating, insightful portrait of the gore that encapsulates contemporary American politics. *Fantastic Mr. Fox* Feminist Press at CUNY
THE STORY: A darkly comic fable of brotherly love and family identity is Suzan-Lori Parks' latest riff on the way we are defined by history. The play tells the story

of Lincoln and Booth, two brothers whose names were given to them as a joke, foret
Participatory Media in Environmental Communication Encounter Books
 "She is a godly woman." "True love waits."
 Are these phrases and many others about gender truly based in scripture, or based on dusty, outdated stereotypes? And how do these perceptions repress people, especially women, from fully expressing their faith? If *Eve Only Knew* offers a fresh perspective on gender and the Bible, destroying trumped-up, captive-creating messages with the freeing proclamation grounded in Jesus' ministry and found everywhere in scripture: that we are all created in God's image, and by relying on our gifts and skills--rather than on gender-designed roles--we become all God means for us to be.

RULES FOR RADICALS

Taylor & Francis
 NATIONAL BESTSELLER • A coming-of-age classic, acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in

International Literature. *The House on Mango Street* is the remarkable story of Esperanza Cordero, a young Latina girl growing up in Chicago, inventing for herself who and what she will become. Told in a series of vignettes—sometimes heartbreaking, sometimes deeply joyous—Sandra Cisneros' masterpiece is a classic story of childhood and self-discovery. Few other books in our time have touched so many readers. "Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one." —The New York Times Book Review
Reflection Bloomsbury Publishing
 From one of our most important scholars and civil rights activist icon, a powerful study of the women's liberation movement and the tangled knot of oppression facing Black women. "Angela Davis is herself a woman of undeniable courage. She should be heard."—The New York Times
 Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates

how the racist and classist biases of its leaders inevitably hampered any collective ambitions. While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in Frederick Douglass, many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women's rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger's racism. Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework and child care in this bold and indispensable work.

Deep Learning with Python Chelsea Green Publishing
Rosencrantz and Guildenstern Are Dead is a play which, as it were, takes place in the wings of Hamlet, and finds both humour and poignancy in the situation of the ill-fated attendant lords. The National Theatre production in April 1967 made Tom Stoppard's reputation virtually

overnight. Its wit, stagecraft and verbal verve remain as exhilarating as they were then and the play has become a contemporary classic. 'One of the most original and engaging of post-war plays.'

Daily Telegraph

The House on Mango Street Springer Publishing Company

This illuminating work offers readers a comprehensive overview of ISIS, with more than 100 in-depth articles on a variety of topics related to the notorious terrorist group, and more than a dozen key primary source documents. ISIS formed through a combination of a rise in violent extremist ideologies demonstrated on September 11, 2001; the invasion of Iraq; and the Syrian Civil War. ISIS is possibly the most important conflict group and phenomena of the last half century, and understanding its source and success is crucial to functioning in the world today. This book provides insight into ISIS from its beginnings to the present, through coverage of its people, organizations, and operations. The book begins with an overview of ISIS, which provides context for each of the reference entries that follow. The introductory material also

includes entries on the causes and consequences of the conflict between ISIS and the West. The book contains more than 100 reference entries on general and specific topics ranging from key leaders to major terrorist attacks and affiliated organizations. It also includes a carefully curated selection of primary sources that come from a variety of sources including national-level strategy documents, presidential addresses, and ISIS itself. The book concludes with a detailed chronology and annotated bibliography.

Daniel Goleman Omnibus Vintage
'Richly documented and convincingly presented' -- New Society Mods and Rockers, skinheads, video nasties, designer drugs, bogus asylum seekers and hoodies. Every era has its own moral panics. It was Stanley Cohen's classic account, first published in the early 1970s and regularly revised, that brought the term 'moral panic' into widespread discussion. It is an outstanding investigation of the way in which the media and often those in a position of political power define a condition, or group, as a threat to societal values and interests. Fanned by screaming media

headlines, Cohen brilliantly demonstrates how this leads to such groups being marginalised and vilified in the popular imagination, inhibiting rational debate about solutions to the social problems such groups represent. Furthermore, he argues that moral panics go even further by identifying the very fault lines of power in society. Full of sharp insight and analysis, *Folk Devils and Moral Panics* is essential reading for anyone wanting to understand this powerful and enduring phenomenon. Professor Stanley Cohen is Emeritus Professor of Sociology at the London School of Economics. He received the Sellin-Glueck Award of the American Society of Criminology (1985) and is on the Board of the International Council on Human Rights. He is a member of the British Academy.

In this new book, Bauman examines how we have moved away from a 'heavy' and 'solid', hardware-focused modernity to a 'light' and 'liquid', software-based modernity. This passage, he argues, has brought profound change to all aspects of the human condition. The new remoteness and un-reachability of global systemic structure coupled with the unstructured and under-defined, fluid state of the immediate setting of life-politics and human togetherness, call for the rethinking of the concepts and cognitive frames used to narrate human individual experience and their joint history. This book is dedicated to this task. Bauman selects five of the basic concepts which have served to make sense of shared human life - emancipation, individuality, time/space, work and community - and traces their successive incarnations and changes of meaning. Liquid Modernity concludes the analysis undertaken in Bauman's two previous books Globalization: The Human Consequences and In Search of Politics. Together these volumes form a brilliant analysis of the changing conditions of social and political life by one of the most original thinkers

writing today.

Praise for Mind Gym "Believing in yourself is paramount to success for any athlete. Gary's lessons and David's writing provide examples of the importance of the mental game." --Ben Crenshaw, two-time Masters champion and former Ryder Cup captain "Mind Gym hits a home run. If you want to build mental muscle for the major leagues, read this book." --Ken Griffey Jr., Major League Baseball MVP "I read Mind Gym on my way to the Sydney Olympics and really got a lot out of it. Gary has important lessons to teach, and you'll find the exercises fun and beneficial." --Jason Kidd, NBA All-Star and Olympic gold-medal winner In Mind Gym, noted sports psychology consultant Gary Mack explains how your mind influences your performance on the field or on the court as much as your physical skill does, if not more so. Through forty accessible lessons and inspirational anecdotes from prominent athletes--many of whom he has worked with--you will learn the same techniques and exercises Mack uses to help elite athletes build mental "muscle."

Mind Gym will give you the "head edge" over the competition.

IF EVE ONLY KNEW

Taylor & Francis US

Emotional Intelligence Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play a major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be

nurtured and strengthened in all of us. Working with Emotional Intelligence Do you want to be more successful at work? Do you want to improve your chances of promotion? Do you want to get on better with your colleagues? Daniel Goleman draws on unparalleled access to business leaders around the world and the thorough research that is his trademark. He demonstrates that emotional intelligence at work matters twice as much as cognitive abilities such as IQ or technical expertise in this inspiring sequel.

The complete guide to maintaining your own personal woods. Who owns our forests? We do. And it's up to us to care

for them. More than 10 million ordinary citizens own over half of the forestland in America. The vast majority of landowners want to do right by their land, but until now, there's been no single resource to help them do so. Backyard Woodland is a comprehensive guide to nurturing the land in your care, from soil and water protection to fostering wildlife diversity and keeping the land whole. Backyard Woodland also features tips for the financial considerations that come from land-owning, including how to save money on your taxes and how to make some extra income from responsible timber sales and viable farming. Owning a piece of the forest is a rare privilege, and this complete guide will help you get the most out of the experience.
