A visual guide to the

history of tanks, Tank tells
the full history of tanks
through stunning
photography and
informative text. From the
early Mark Is of World War
I to the T-34 of World War
II to the cutting-edge M1
Abrams of today, Tank
showcases the most
famous (or infamous)
armored fighting vehicles

in history. Packed full of tanks, armored vehicles, personnel carriers, and anti-tank weaponry, Tank combines comprehensive photographic spreads with in-depth histories of key manufacturers and specially commissioned visual tours of the most iconic examples of their kind. The featured vehicles are placed in their wider context, along with tactical and technological improvements, and the impact of the tank on the evolution of battlefield and military strategy.

Tank charts the evolution of the tank over the past century, covering over 450 tanks and military vehicles from all over the world. Look through the history of tanks and explore the form and function of a weapon that changed history. Learn the different vehicles' weight, size, country of origin, and time of use through in-depth profiles. An essential visual history, Tank provides a complete and exciting overview to the iconic vehicles that changed history.
