**What's the Worst Thing You Can Do to Shakespeare?**  
 Simon and Schuster  
 All Sophie

wants is to forget what happened last summer. But that's not easy when people keep asking if she's okay, and her mother locks herself behind closed doors for hours at a time. And now her best friend, Abigail, cares more about parties and boys than about hanging out with Sophie. Lost in memories of the life she had before that terrible day, Sophie retreats into herself. But it's only so long before she must

confront the tragedy of her past so she can face the future.

**The Best Worst Thing That Happened to Me**  
 Penguin  
 Left reeling after her thoughtless mistake causes a terrible accident, 12-year-old Army Morand channels her grief to help someone in need. Army Morand feels like her life has been blown to bits when the worst thing imaginable happens--her beloved dog

dies. It was an accident, but it was also Army's fault. She can't seem to stop hiding from everything and everybody including her best friend JennaLouise. But then Army sees Madison, the little girl who moved in across the way, climbing a tree and walking down the street unsupervised. Her family is not neglectful, just overwhelmed. Army finds herself overcome with the need to help Madison's

family to make sure another worst thing doesn't happen--which becomes even more challenging when a big storm threatens her town. After the Worst Thing Happens is a bittersweet story about a girl surprised by the force of a growing need inside her to reach out and lend a hand while trying to escape the swirling sadness of her own sudden loss. In the end, it is about finding

love and hope and friendship in very surprising places. *The Worst Thing* Simon and Schuster Mackerel middle school is out for the summer, leaving Jamie & friends at loose ends for the summer.

### **LIFE AND DEATH IN CLINICAL ETHICS**

Little, Brown Books for Young Readers Following the failure of her marriage and the deterioration of her mother's

health as she falls victim to Alzheimer's, Jeanne returns home to care for her once glamorous and demanding mother and is forced to embark on a painful, poignant journey toward self-discovery and self-confidence. Reader's Guide included. Reprint. 35,000 first printing.

**The Best Worst Thing**  
Turtleback Books  
Psychologists John and Linda Friel have

written an enormously readable and infinitely practical book that digs into some of the worst mistakes that parents make, with suggestions on how parents can change immediately. The Friels examine the seven most ineffective and self-defeating behaviors that parents display again and again. Working from the ideas that even small changes can have big results, the

authors give parents concrete steps they can take to end the behaviors and improve the quality of their parenting. Whether readers are contemplating starting a family, have children who haven't entered school yet, are struggling with rebellious teenagers, or are empty-nesters wondering how they can be better parents to their grown children, they can't afford not to read this book.

With the same clarity and concrete examples that have sold over 350,000 copies of their books, the Friels offer readers forty years of combined experience as practicing psychologists, and fifty years of combined experience as blended-family parents. This material has been field-tested in the authors' own household, with hundreds of their clients, and with thousands of their

workshop and Clearlife Clinic participants. It will cause immediate changes in parents' behavior, and immediate improvement in the lives of their children. The Best Worst Thing Penguin The premise of Not the Worst Thing: Life and Death in Clinical Ethics is that death is not the worst thing that can happen to a person. Rather, the inappropriate overuse of life-sustaining medical treatments

and technologies impair the dignity of the dying patient. Not the Worst Thing covers issues such as quality of life, informed choice and consent, the persistent vegetative state, artificial nutrition and hydration, palliative sedation, pain management, futile treatment, healthcare costs, and physician-assisted suicide. ### **The Worst Thing I Could**

**Do** Boxtree  
A young woman journeys deep into the untamed jungle, wrestling with love and loss,

trauma and healing, faith and redemption, in this sweeping debut from "the gutsiest woman adventurer of our day" (Book Magazine) Marika Vecera, an accomplished war reporter, has dedicated her life to helping the world's oppressed and forgotten.

When not on one of her dangerous assignments, she lives in Boston, exploring a new relationship with Seb, a

psychologist who offers her glimpses of a better world. Returning from a harrowing assignment in the Congo where she was kidnapped by rebel soldiers, Marika learns that a man she has always admired from afar, Pulitzer-winning war correspondent Robert Lewis, has committed suicide. Stunned, she abandons her magazine work to write Lewis's biography, settling down

with Seb as their intimacy grows. But when Marika finds a curious letter from a missionary claiming to have seen Lewis in the remote jungle of Papua New Guinea, she has to wonder, What if Lewis isn't dead? Marika soon leaves Seb to embark on her ultimate journey in one of the world's most exotic and unknown lands. Through her eyes we experience the harsh realities of jungle travel,

embrace the mythology of native tribes, and receive the special wisdom of Tobo, a witch doctor and sage, as we follow her extraordinary quest to learn the truth about Lewis—and about herself, along the way. Roosevelt is the only president in history to deliver a ninety-minute speech directly after being shot in the chest. He's a Nobel Prize recipient, a Harvard graduate, and he was the youngest President in history to be inaugurated into office. Roosevelt's force took America by storm in the early twentieth century, and he is regarded as one of the finest leaders ever to take

office. His wisdom even earned him a spot in Mount Rushmore, which has immortalized him along with George Washington, Thomas Jefferson, and Abraham Lincoln. As a sickly child, Roosevelt was home-schooled his entire life until enrolling at Harvard University, where he studied biology. A year after graduating, he began his political career as the New York City police

commissioner, and later as a member of the New York State Assembly, where he led the reform division of the GOP. In the time since his presidency, Roosevelt's bravery has inspired generations of Americans. "A man who is good enough to shed his blood for the country is good enough to be given a square deal afterwards." Skyhorse Publishing, as well as our Arcade imprint, are proud to

publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a

national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
