★ 55% OFF for Bookstores ! NOW at \$ 29.95 instead of \$ 39.95 ! LAST DAYS ★ Do you want to play the most famous guitar songs in a few days? Would you like to learn how to play the guitar through a practice step-by-step book? If "yes", there are no doubts: Guitar Practice is the book definitely for your customers! When most beginner guitarists starts to play guitar, they generally either decide to give up attempting to know the guitar completely or maintain attempting to get better, but "acknowledge" that they're never going to be as great as their favorite musicians. Luckily, this doesn't have to be the truth for you. Anyone can grow into an extremely sophisticated guitar player with the correct practice and instruments to achieve this objective. Obviously, it is not realistic to suggest a magical guitar training schedule that will work for every individual who reads this book, but there are a number of practice exercises that all excellent guitarists use to solve their guitar difficulties in order to achieve consistent strides in their musical abilities. The purpose of this book is to guide you in setting up the foundations that you will need to learn and master in order to reach that level from which you can easily build upon and further develop your guitar skills (and your skills as a musician as well). You've probably heard of the house analogy: If you don't have a proper foundation set, everything you build upon later is going to eventually collapse. That's why you need a strong foundation. Many people find this out the hard way and give up too early because they struggle with learning something that is way beyond their skill level. They haven't spent enough time mastering all the necessary foundational skills. There are also other factors for giving up, like lack of motivation, negative beliefs and self-talk, being impatient and focusing too much on the end result. By learning guitar you can become a better version of yourself more intelligent, creative and confident. You will be proud of yourself each victory, however minor, is an accomplishment! I'm speaking from experience and from what I've seen happen to others who started playing guitar and decided to stick with it. In this book, you will learn more about: - Introduction to guitar - What's the importance of learning to play a guitar? - Developing skills learning more about your guitar - Most common guitar types - Skills to master - Identify notes on the guitar fretboard - Chord changes and other chords you should probably know - How to tune your guitar - Picking the tools for guitaring - Habits that will make you a better guitarist - Common beginner mistakes and how to overcome them - Learn basics guitar chords and practice exercises - Practice test exercises to valuate preparation - 10 Famous song to play with your guitar ... AND MORE!!! Buy it NOW and let your customers get addicted to this amazing book

**How To Play Left Handed Guitar** Hal Leonard Corporation Frustrated with those terrible YouTube video guitar tutorials? Well, the feeling is mutual. Spending years researching all popular beginner guitar books out in the market and using them for 20 years teaching my students. There was never a time where I had to jump to other guitar material to cover what was missing in the current book I was teaching off of. Are they ever going to come out with a book that will cover what's needed for beginning

guitarists? This is where my journey began to create the ultimate beginners guitar book. Now it can be in your hands today! "The Only Beginner's Guitar Book You'll Ever Need" gives you everything a total beginner needs from: 1. Covering all 15 basic guitar chords (majors, minors, sevenths) 2. Finger exercises that help build strength and dexterity while playing. 3. Covers eighth notes and rests. ( all beginner books do not cover this topic ) 4. 10 original tunes. 5. Proper strumming patterns. 6. Play in different styles, including rock, blues, latin, folk, and classical. 7. Very simple to follow instructions and illustrations. And much more... "The Only Beginner's Guitar Book You'll Ever Need" is a slam dunk for anyone interested in speeding up their guitar process.
