CAMBRIDGE PHRASAL VERBS DICTIONARY

Cambridge University Press
Understand phrasal verbs and use them-- confidently!

Easy Phrasal Verbs Createspace Independent Publishing Platform
The book traces the evolution of the English verb-particle construction ('phrasal verb') from Indo-European and Germanic up to the present. A contrastive survey of the basic semantic and syntactic characteristics of verb-particle constructions in the present-day Germanic languages shows that the English construction is structurally unremarkable and its analysis as a periphrastic word-

formation is proposed. From a cross-linguistic and comparative perspective the Old English prefix verbs are identified as preverbs and the shift towards postposition of the particles is connected to the development of more general patterns of word order. The interplay of phonological, morphological, syntactic and semantic factors in the loss of the native prefixes in the history of English is investigated. In this context the question is discussed to what extent the older prefixes were replaced by particles and borrowed prefixes, how the characteristic etymological and semantic properties of the Modern English phrasal verbs can be explained and what role they play in the lexicon. The author argues that their common perception as particularly 'English', 'colloquial' and 'informal' has its origin in the eighteenth-century normative tradition.

English Made Easy Volume Two John Wiley & Sons

Every day all around the world, learners of the English language are constantly battling with those irksome multiple word verbs which we all refer to as phrasal verbs. This book has been written as a guide on how to use two hundred commonly used phrasal verbs by way of exercises. There is also a glossary which goes more into detail on their usage along with plenty more examples. It is always best to learn phrasal verbs in a natural context through natural speech. Without context, phrasal verbs mean nothing. Level B1 to C1 grammar is continuously used throughout the book to enable learners to learn not only phrasal verbs in a natural context but also to become more acquainted with grammar structures. The author has not gone into detail about how to remember which particle goes with

which verb. There are ongoing debates among linguists about whether or not this makes a complicated situation even more complicated. It does nothing to speed up the learning process if the student has to waste time trying to decipher particles before he or she starts to speak. Phrasal verbs are picked up naturally as students slowly progress in their studies. Remember, out of context even native speakers are unable to decipher their meanings.

Macmillan Phrasal Verbs Plus Jackie Bolen
If you are trying to study English then you have probably already run into problems with phrasal verbs. So many English students have problems with phrasal verbs. But you don't need to worry. This book will help you learn 462 phrasal verbs in the context of a fun short story. You will be able to see these new phrasal verbs inside the story and so it will be easier for you to understand them in context. Each phrasal verb is explained below the text so you can read and repeat them as many times as you need to learn them. Remember, phrasal verbs are very important if you want to speak better English. So today is the day to start improving your English!

Learn and Practise More Than 1,000 English Phrasal Verbs Collins

Focus your English learning on the most frequently used verbs. Learn just the 100 verbs you need for everyday life to talk about the past, the present and the future. One of the usual mistakes when learning a foreign language is that the student has no priorities. All the unknown verbs get the same attention. Actually, to communicate you only need 100 verbs in any language. These verbs are the most frequently used and can be defined using an algorithm that provides the ranking. In this book you'll find the list. This book will provide you with the 100 verbs you have to learn first to get around when traveling or interacting with English speaking people. The phrases are presented in a very simple fashion: Past, Present and Future. No complications with the so many different conjugations and their weird names. Straight and simple. So, don't waste your time and energy! Focus your effort on the most important verbs you have to learn to master English! Download your copy and start focusing your energy today! This is the second edition, revised and over 70% bigger than the first one. Most people think that phrasal verbs, verbs with more than one word, are hard to learn. As students we are given lists and lists of them to memorise, and we usually find the whole thing boring, complicated, and really hard to remember. This book is different. There are no lists and there is nothing to memorise. Instead, there are over 600 little stories, one for each verb. The fact is that phrasal verbs are not a logical system, designed by some maniac a few centuries ago. No. There are simply something that grew up naturally. Most natives don't even know the expression phrasal verbs. We never learn them at school. We know the difference between chopping down a tree and then chopping it up. We also know that when a building burns down, it is the same as when it burns up. Neither do we ever confuse put up your cousin with put up with him. If you use this book for about ten minutes every day, I money-back guarantee that in about ten days you will know more about phrasal verbs than 99% of all non-native teachers who teach English for a living. I also promise you that you will have fun doing it. "Reviews for the first edition, which was Kindle only Phrasal verbs are usually a nightmare for us. Often we try out the "uncommon common sense" just to come to the wrong meaning, fools rush in where angels fear to tread. So I am very grateful to the author as he shows a natural way to learn those damned little things. - jartiblisimo (Spain) It's a brilliantly conceived book, not only the short stories really stick in your head and help your memory in recalling all those verbs, but also enables the reader to get all the subtle shades of a verb which a non-native speaker fails to appreciate most of the times. - haunted85 (Italy) "

PLEASE NOTE - this is a replica of the print book and you will need a pen and paper to complete the exercises. Learn more than 1,000 of the most common and useful English phrasal verbs using the highly effective English for Everyone visual method. Phrasal verbs (two- or three-part verbs such as "put off," "put on," and "put up with") are incredibly useful but notoriously difficult to learn. English for Everyone: Phrasal Verbs uses the same combination of visual teaching and crystal-clear definitions as in the rest of the English for Everyone series to make one of the most difficult aspects of learning English much easier. More than 1,000 phrasal verbs are presented in context, together with easy-to-understand definitions and attractive illustrations. Each teaching module is based around a practical or everyday topic (such as work, education, or leisure) and is followed by tightly focused practice exercises to help students remember what they have just learned. All phrasal verbs are also listed by key verb (such as "put," "take," or "get") in the reference section.

The Secret to Use English Tenses Like a Native in 2 Weeks for Busy People

Cambridge University Press

The verb be has a remarkable history, and a wider range of meanings, uses, and forms than any other English word. In this book, David Crystal explores the intriguing story of this verb over 26 chapters, each linked to a particular usage. Chapters explore, for instance, circumstantial be ('how are you?'), numerical be ('two and two is four'), quotative be ('so I was like,

"wow"), and ludicrous ('oh no he isn't!'). The discussion is accompanied by examples from a whole host of sources, literary and otherwise, such as Beowulf, Jane Austen, pantomime, and Star Wars, and further illustrated by cartoons including several from late nineteenth- and early twentieth-century issues of Punch. Full of fascinating nuggets of information, this book will appeal to a broad audience of lovers of words and language.
