1: FROM THE

McGraw-Hill College
Kaplan's, 5-Steps, Crash
Course and the others are
great resources for

reviewing at the end, but
Tamm's Textbook Tools
accompany kids all year
long. This AP World
History companion is filled
with vocab and
assignments that follow
the Bentley text
throughout the year, all
38 chapters. They can be

used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be done as homework. All you need is the textbook. Teachers can copy at will, or the book can be used as a student consumable. As publishers started putting the majority of their content online, it opened a niche for traditional paper assignments, a void filled by this series. Whether the textbook itself is written in ink or electrons, students still need to write and keep notes for

themselves, and portfolios still matter. These activities challenge students to apply the concepts and give examples, diagramming each chapter as it comes. Facebook message or email (hudsonfla@gmail.com) if you want bulk pricing for a class set.

TRADITIONS AND ENCOUNTERERS

McGraw-Hill Humanities/Social Sciences/Languages Traditions & Encounters offers an inclusive vision

of the global past—one that is meaningful and appropriate for the interdependent world of contemporary times. Given the diversity of human societies, gathering and organizing the sheer mass of information in a meaningful way is a daunting challenge for any world history survey course. The seven-part chronological organization enables students to understand the development of the world through time, while also exploring broader, big-

picture thematic issues in world history. Through new and revised chapter-level and part-level features, the hallmark twin themes of traditions and encounters emerge in greater clarity than ever before in this sixth edition. As a result, students have resources that enable them to move beyond the facts of history and examine the past critically, analyze causes and effects, and recognize similarities and differences across world regions and time periods. By digging deeper into the

implications of world history's stories—not just the who, the what, and the where, but also the why and the how—students can make sense of the human past. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective. *Traditions & Encounters A Global Perspective on the Past Volume II: From 1500*
