JAZLYN RICHARD

By the Rev. David R. Breed Lulu.com

Be Still, My Soul is a collection of 175 of the most popular hymns and the stories behind them. Many of these hymns were written out of incredible life experiences—from the heart cry of a repentant slave trader to the renewed hope of a survivor of attempted suicide. In this devotional you'll discover the stories behind the songs we sing. You'll experience the passion and joy contained in these hymns' lyrics and melodies. In addition to the hymn stories, Be Still, My Soul includes the musical score, lyrics, and in-depth biographies of 12 of the most-prolific hymn writers, singers, and composers. Whether you are new to hymns or have cherished them for a long time, you'll enjoy this illuminating book on the stories behind some of the most popular hymns you sing in worship.

Illustrated History of Hymns and Their Authors Oxford University Press

Readers will discover a wealth of connections between reading, education, poetry, and religion in Phillips's lively accounts of hymnals and their readers.

Hymns and Hymnody, Volume 1 Peter Lang

While worship is one of the central functions of the church (along with mission, service, education, justice, and compassion) and occupies a prime focus of our churches, a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship. Hymns and Hymnody: Historical and Theological Introductions is an introductory textbook in three volumes describing the most influential hymnists, liturgists, and musical movements of the church. This academically-grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers that have impacted the church over the course of twenty centuries. Volume 2 begins with the Reformation and extends to the eighteenth-century hymnists and liturgists. Each chapter contains five elements: historical background, theological perspectives communicated in their hymns/compositions, contribution to liturgy and worship, notable hymns, and bibliography. The missions of Hymns and Hymnody are to provide biographical data on influential hymn writers for students and interested laypeople, and to

provide a theological analysis of what the cited composers have communicated in the theology of their hymns. It is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology. This latter aspect is missing in accessible formats for the current literature.

ILLUSTRATED HISTORY OF HYMNS AND THEIR AUTHORS

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work.As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

English Hymns of the Nineteenth Century Forgotten Books

D.H. Lawrence, writing of the poems that had meant most to him, said that they were `still not woven so deep in me as the rather banal Nonconformist hymns that penetrated through and through my childhood'. It is not easy to account for this, and most writing about hymns has not helped because it has concentrated on their content and function in worship and liturgy. In the present book the author tries to account for feelings like Lawrence's by examining the hymn form and its progress through the centuries from the Reformation to the present day. He begins by discussing the status of a hymn text and relates it to the demands made upon it by the needs of singing. A chronological study then traces the development of the English hymn, from the metrical psalms of the Reformation, through the seventeenth century and Isaac Watts to the Wesleys,

Cowper, Toplady, and others, and then to the great flood of hymn writing that occurred during the Victorian period, together with the great success of Hymns Ancient and Modern. There are chapters on American hymnody and women's hymn writing, and sections on gospel hymns and the translation of German hymnody. A final chapter takes the story into the twentieth century, with a brief postscript on the revival of hymn writing since 1960.

WONDERFUL WORDS OF LIFE

Wipf and Stock Publishers

Hymns and the music the church sings are tangible means of expressing worship. And while worship is one of, if not the, central functions of the church along with mission, service, education, justice, and compassion, and occupies a prime focus of our churches, a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship. Hymns and Hymnody: Historical and Theological Introductions is a 60-chapter, three-volume introductory textbook describing the most influential hymnists, liturgists, and musical movements of the church. This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers that have impacted the church over the course of twenty centuries. Volume 1 explores the early church and concludes with the Renaissance era hymnists. Volume 2 begins with the Reformation and extends to the eighteenth-century hymnists and liturgists. Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty-first century. Each chapter contains these five elements: historical background, theological perspectives communicated in their hymns/compositions, contribution to liturgy and worship, notable hymns, and bibliography. The mission of Hymns and Hymnody is (1) to provide biographical data on influential hymn writers for students and interested laypeople, and (2) to provide a theological analysis of what these composers have communicated in the theology of their hymns. We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology. This latter aspect, we contend, is missing-yet important-in accessible formats for the current literature.

Illustrated History of Hymns and Their Authors Tyndale House Pub

Excerpt from The Church and the Hymn Writers The study of hymns has been a delightful

occupation of leisure hours with the present writer during nearly forty years. He has often felt that, in addition to the many excellent books existing on the general subject of the literary history of hymns, place might be found for a book that dealt with them as illustrative of the various developments of Christian doctrine, and as reflecting the changing emphasis from generation to generation upon certain aspects and presentations of the Church's creed. For the opportunity of attempting this task he desires to express his thanks to the Editor of the present series, and to his friend, R. H. Coates, M.A., to whose suggestion the present book is primarily due. The author is well aware that much larger space would be requisite for a thorough treatment of the subject, but will be satisfied if this little volume opens a new field of study and inquiry to many who may be better able to carry it farther, and who will doubtless find in it a field of interesting and profitable investigation. Hymns can often reach hearts that sermons and learned treatises on theology frequently fail to influence. As Pippa says: "No doubt, some way or other, hymns say right." About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Hymns and Hymnody: Historical and Theological Introductions, Volume 3 ISD LLC

English Hymns of the Nineteenth Century brings together for the first time the most popular and widely used English hymns from that period, continuing the work of its foregoing volume, *English Hymns of the Eighteenth Century*, the genre's formative period. This annotated and edited collection of nearly 200 hymns (with author introductions and a general historical introduction) will be of inestimable value to scholars, students, and laypersons from several disciplines and interests: from hymnology to church and social history and theology, from political science to literature to popular culture. Hymns were the most widely read and memorized verbal structures from the eighteenth and nineteenth centuries - and in the nineteenth century the hymn became not only the property of dissenters, but also of representatives from the Church of England and the Roman Catholic Church. This anthology, therefore, provides unique and highly significant insights into the culture, beliefs, and habits of thought of a people and their spiritual leaders.

From the English West to the Global South Alive House Publishers

Tracing the course of various hymns and hymn tunes through Christian history, this book is

intended for use by students of English hymnody, ministers of music and Christians interested in the songs they sing.

Illustrated History of Hymns and Their Authors Forgotten Books

William Penn's promise of religious freedom brought many diverse religious groups to Pennsylvania in the 17th and 18th centuries. Each brought pre-existing hymns and hymn tunes, but many also wrote original texts and music. This book examines the hymns of the 1694 Wissahickon settlement under Johannes Kelpius, the 18th century Ephrata Cloister of Conrad Beissel, and the hymn life of the Bethlehem Moravian Unitas Fratrum. Among the later writers of hymn text or music selected for this study are William Kirkpatrick, John Wyeth, William Gustavus Fischer, Francis Hopkinson, Eleanor C. Donnelly, and many more. Sample texts are included for many hymns, and six musical scores are reproduced. Of special interest are the earliest texts and music from the Wissahickon and Ephrata communities. Pennsylvania's hymn background is unique and compelling. The stories of the writers and their hymns should appeal to anyone interested in hymns, theology, music, or American history. Dr. Lucy E. Carroll is currently organist and choir director at the Carmelite Monastery in Philadelphia, and Adjunct Associate Professor at Westminster Choir College in Princeton NJ. She was appointed Scholar in Residence by the PHMC for the Ephrata Cloister site, and she has served as a PHC Commonwealth Speaker. She is Research Chair for the Kelpius Society of Philadelphia. Her articles on music have appeared in many journals and periodicals, and her Churchmouse Squeaks cartoons appear monthly in the Adoremus Bulletin. The recipient of numerous awards and honors, Dr. Carroll has served as organist, conductor, theatre director, educator, music coordinator, clinician and guest speaker. She chaired the music segment of the 1992 International Conference on Arts and Communication at St. Johns College, Cambridge, England and was awarded the International Order of Merit.

An Anthology Thomas Nelson

Why do people sing hymns? Are hymns poetry? What makes a good hymn? The author discusses the nature of hymns and their particular appeal, examines the English hymn as a literary form, and systematically describes its development through four centuries, from the Reformation to the mid-twentieth century.

The Church and the Hymn Writers Thomas Nelson Incorporated

Stories of the most favorite and beloved seasonal hymns of faith. Don't look for a dry recounting of boring historical fact, the devotional-style stories in *Then Sings My Soul* show the emotion and drama behind the hymns of faith that have changed many lives throughout history. Designed to be personally reflective, these stories speak to the soul and add depth to a meaningful worship time with God through song. Recounted are stories of the people whose faith led them to write these wonderful seasonal hymns and the people whose faith was affected by reading, hearing, and singing the songs. Includes words and music to each hymn Special, softcover, French flap cover design Ivory paper with brown ink Jagged edged paper, giving it a classic feel Complete with hymn index Use for devotionals, teaching illustrations, introductory remarks for song leaders and music ministers
