As Featured on the History Channel documentary Lincoln “Fresh, fascinating, provocative.”—Sanford D. Horwitt, San Francisco Chronicle “Some extremely beautiful prose and fine political rhetoric and leaves one feeling close to Lincoln, a considerable accomplishment.”—Andrew Solomon, New York Magazine “A profoundly human and psychologically important examination of the melancholy that so pervaded Lincoln's life.”—Kay Redfield Jamison, Ph.D., author of *An Unquiet Mind* HRC Simon and Schuster Despite the most meager of formal educations, Lincoln had a tremendous intellectual curiosity that drove him into the circle of Enlightenment philosophy and democratic political ideology. And from these, Lincoln developed a set of political convictions that guided him throughout his life and his presidency. This compilation of ten essays from Lincoln scholar Allen C. Guelzo uncovers the hidden sources of Lincoln's ideas and examines the beliefs that directed his career and brought an end to slavery and the Civil War.

Lincoln Vintage Presents a social history of the United States in 1940, along with a moment-by-moment account of Roosevelt's leadership and the private lives of the president and First Lady, whose remarkable partnership transformed America. (This book was previously featured in Forecast.)

ABOUT TEAM OF RIVALS

The mesmerizing story of Hillary Clinton's political rebirth, based on eyewitness accounts from deep inside her inner circle Hillary Clinton's surprising defeat in the 2008 Democratic primary brought her to the nadir of her political career, vanquished by a much younger opponent whose message of change and cutting-edge tech team ran circles around her stodgy campaign. And yet, six years later, she has reemerged as an even more powerful and influential figure, a formidable stateswoman and the presumed front-runner for the 2016 Democratic presidential nomination, marking one of the great political comebacks in history. The story of Hillary's phoenixlike rise is at the heart of HRC, a riveting political biography that journeys into the heart of “Hillaryland” to discover a brilliant strategist at work. Masterfully unfolded by Politico's Jonathan Allen and The Hill's Amie Parnes from more than two hundred top-access interviews with Hillary's intimates, colleagues, supporters, and enemies,

HRC portrays a seasoned operator who negotiates political and diplomatic worlds with equal savvy. Loathed by the Obama team in the wake of the primary, Hillary worked to become the president's greatest ally, their fates intertwined in the work of reestablishing America on the world stage. HRC puts readers in the room with Hillary during the most intense and pivotal moments of this era, as she mulls the president-elect's offer to join the administration, pulls the strings to build a coalition for his war against Libya, and scrambles to deal with the fallout from the terrible events in Benghazi—all while keeping one eye focused on 2016. HRC offers a rare look inside the merciless Clinton political machine, as Bill Clinton handled the messy business of avenging Hillary's primary loss while she tried to remain above the partisan fray. Exploring her friendships and alliances with Robert Gates, David Petraeus, Leon Panetta, Joe Biden, and the president himself, Allen and Parnes show how Hillary fundamentally transformed the State Department through the force of her celebrity and her unparalleled

knowledge of how power works in Washington. Filled with deep reporting and immersive storytelling, this remarkable portrait of the most important female politician in American history is an essential inside look at the woman who may be our next president.

As the Civil War drew to a close, newly emancipated black women workers made their way to Atlanta--the economic hub of the newly emerging urban and industrial south--in order to build an independent and free life on the rubble of their enslaved past. In an original and dramatic work of scholarship, Tera Hunter traces their lives in the postbellum era and reveals the centrality of their labors to the African-American struggle for freedom and justice. Household laborers and washerwomen were constrained by their employers' domestic worlds but constructed their own world of work, play, negotiation, resistance, and community organization. Hunter follows African-American working women from their newfound optimism and hope at the

end of the Civil War to their struggles as free domestic laborers in the homes of their former masters. We witness their drive as they build neighborhoods and networks and their energy as they enjoy leisure hours in dance halls and clubs. We learn of their militance and the way they resisted efforts to keep them economically depressed and medically victimized. Finally, we understand the despair and defeat provoked by Jim Crow laws and segregation and how they spurred large numbers of black laboring women to migrate north. Hunter weaves a rich and diverse tapestry of the culture and experience of black women workers in the post-Civil War south. Through anecdote and data, analysis and interpretation, she manages to penetrate African-American life and labor and to reveal the centrality of women at the inception--and at the heart--of the new south.

TRUMAN

When historian Goodwin was six years old, her father taught her how to keep score for 'their' team, the Brooklyn Dodgers, which forged a

lifelong bond between father and daughter. Set in the suburbs of New York in the 1950s, *Wait Till Next Year* is a coming-of-age memoir in the era of Jackie Robinson, Pee Wee Reese and Duke Snider, when baseball truly was a national pastime that brought whole communities together. With her radio by her side and scorecard to hand, she recreates the postwar era, when the corner store was a place to share stories and neighborhoods were equally divided between Dodger, Giant, and Yankee fans. Weaved between the games and the seasons, Goodwin tells the story of a changing America - from the lunacy of the Cold War alarm drills to McCarthy and the Rosenberg trials - as well as her own loss of innocence encapsulated by her mother's death, her father's lapse into despair and the Dodger's departure from Brooklyn in 1957 following the destruction of the iconic Ebbets Field stadium. Poignant, unsentimental and deeply eloquent, *Wait Till Next Year* is a profound memoir about childhood and loss, baseball, and the power of sport to bind families and

heal loss and reveal as metaphor the evolving heart of a nation.

A collection of essays about Abraham Lincoln.

King Lear Simon and Schuster

"An extremely good writer, [Ayers] is well worth reading . . . on the South and Southern history."—Stephen Sears, *Boston Globe* The Southern past has proven to be fertile ground for great works of history. Peculiarities of tragic proportions—a system of slavery flourishing in a land of freedom, secession and Civil War tearing at a federal Union, deep poverty persisting in a nation of fast-paced development—have fed the imaginations of some of our most accomplished historians. Foremost in their ranks today is Edward L. Ayers, author of the award-winning and ongoing study of the Civil War in the heart of America, *The Valley of the Shadow*. In wide-ranging essays on the Civil War, the New South, and the twentieth-century South, Ayers turns over the rich soil of Southern life to explore the sources of the nation's and his own history. The title

essay, original here, distills his vast research and offers a fresh perspective on the nation's central historical event.

Grant and Sherman JHU Press

"We were as brothers," William Tecumseh Sherman said, describing his relationship to Ulysses S. Grant. They were incontestably two of the most important figures in the Civil War, but until now there has been no book about their victorious partnership and the deep friendship that made it possible. They were prewar failures--Grant, forced to resign from the Regular Army because of his drinking, and Sherman, who held four different jobs, including a beloved position at a military academy in the South, during the four years before the Confederates fired on Fort Sumter. But heeding the call to save the Union each struggled past political hurdles to join the war effort. And taking each other's measure at the Battle of Shiloh, ten months into the war, they began their unique collaboration. Often together under fire on the war's great battlefields, they smoked cigars as they gave orders

and learned from their mistakes as well as from their shrewd decisions. They shared the demands of family life and the heartache of loss, including the tragic death of Shermans's favorite son. They supported each other in the face of mudslinging criticism by the press and politicians. Their growing mutual admiration and trust, which President Lincoln increasingly relied upon, would set the stage for the crucial final year of the war. While Grant battled with Lee in the campaigns that ended at Appomattox Court House, Sherman first marched through Georgia to Atlanta, and then continued with his epic March to the Sea. Not only did Grant and Sherman come to think alike, but, even though their headquarters at that time were hundreds of miles apart, they were in virtually daily communication strategizing the final moves of the war and planning how to win the peace that would follow. Moving and elegantly written, Grant and Sherman is an historical page turner: a gripping portrait of two men, whose friendship, forged on the battlefield, would

win the Civil War. [Lincoln Createspace Independent Publishing Platform](#)
A masterful work by Pulitzer Prize-winning author David Herbert Donald, Lincoln is a stunning portrait of Abraham Lincoln's life and presidency. Donald brilliantly depicts Lincoln's gradual ascent from humble beginnings in rural Kentucky to the ever-expanding political circles in Illinois, and finally to the presidency of a country divided by civil war. Donald goes beyond biography, illuminating the gradual development of Lincoln's character, chronicling his tremendous capacity for evolution and growth, thus illustrating what made it possible for a man so inexperienced and so unprepared for the presidency to become a great moral leader. In the most troubled of times, here was a man who led the country out of slavery and preserved a shattered Union—in short, one of the greatest presidents this country has ever seen.

LINCOLN'S VIRTUES

Simon and Schuster
As Louisiana and Cuba emerged from slavery in the late nineteenth

century, each faced the question of what rights former slaves could claim. "Degrees of Freedom" compares and contrasts these two societies in which slavery was destroyed by war, and citizenship was redefined through social and political upheaval. Both Louisiana and Cuba were rich in sugar plantations that depended on an enslaved labor force. After abolition, on both sides of the Gulf of Mexico, ordinary people--cane cutters and cigar workers, laundresses and labor organizers--forged alliances to protect and expand the freedoms they had won. But by the beginning of the twentieth century, Louisiana and Cuba diverged sharply in the meanings attributed to race and color in public life, and in the boundaries placed on citizenship. Louisiana had taken the path of disenfranchisement and state-mandated racial segregation; Cuba had enacted universal manhood suffrage and had seen the emergence of a transracial conception of the nation. What might explain these differences? Moving through the cane fields, small farms, and cities of Louisiana and Cuba, Rebecca Scott

skillfully observes the people, places, legislation, and leadership that shaped how these societies adjusted to the abolition of slavery. The two distinctive worlds also come together, as Cuban exiles take refuge in New Orleans in the 1880s, and black soldiers from Louisiana garrison small towns in eastern Cuba during the 1899 U.S. military occupation. Crafting her narrative from the words and deeds of the actors themselves, Scott brings to life the historical drama of race and citizenship in postemancipation societies.

Abraham Lincoln as a Man of Ideas Team of Rivals

The first in a sweeping, multi-volume history of Abraham Lincoln—from his obscure beginnings to his presidency, death, and the overthrow of his post-Civil War plan of reconciliation—"engaging and informative and...thought-provoking" (The Christian Science Monitor). From his youth as a voracious newspaper reader, Abraham Lincoln became a free thinker, reading Tom Paine, as well as Shakespeare and the Bible. In the "fascinating" (Booklist, starred review) *A Self-Made Man*, Sidney Blumenthal reveals how Lincoln's antislavery thinking began in his childhood in backwoods Kentucky and Indiana. Intensely ambitious, he held political aspirations

from his earliest years. Yet he was a socially awkward suitor who had a nervous breakdown over his inability to deal with the opposite sex. His marriage to the upper class Mary Todd was crucial to his social aspirations and his political career. "The Lincoln of Blumenthal's pen is...a brave progressive facing racist assaults on his religion, ethnicity, and very legitimacy that echo the anti-Obama birther movement....Blumenthal takes the wily pol of Steven Spielberg's Lincoln and Doris Kearns Goodwin's *Team of Rivals* and goes deeper, finding a Vulcan logic and House of Cards ruthlessness" (The Washingtonian). Based on prodigious research of Lincoln's record, and of the period and its main players, Blumenthal's robust biography reflects both Lincoln's time and the struggle that consumes our own political debate. This first volume traces Lincoln from his birth in 1809 through his education in the political arts, rise to the Congress, and fall into the wilderness from which he emerged as the man we recognize as Abraham Lincoln. "Splendid...no

one can come away from reading *A Self-Made Man...without eagerly anticipating the ensuing volumes.*" (Washington Monthly).

GRANT

By the middle of 1792, just a little more than three years after America's new government under the Constitution had been set in motion, Alexander Hamilton and Thomas Jefferson - President George Washington's two most important cabinet secretaries and two of the most eminent men among the American founders - had become open and bitter political enemies. Their dispute was not personal but political in the highest sense. Each believed that the debate between them was over regime principles. Each believed that he was protecting the newly established republic, and that the other was laboring to destroy it. Carson Holloway's *Hamilton versus Jefferson in the Washington Administration* examines Hamilton and Jefferson's differences, seeking to explain why these great founders came to disagree so profoundly and vehemently about the

political project to which both were committed and had dedicated so much thought and effort.

PENNSYLVANIA AVENUE

Farrar, Straus and Giroux The Pulitzer Prize-winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak of the Cold War and the Korean War, told by America's beloved and distinguished historian. The life of Harry S. Truman is one of the greatest of American stories, filled with vivid characters—Roosevelt, Churchill, Stalin, Eleanor Roosevelt, Bess Wallace Truman, George Marshall, Joe McCarthy, and Dean Acheson—and dramatic events. In this riveting biography, acclaimed historian David McCullough not only captures the man—a more complex, informed, and determined man than ever before imagined—but also the turbulent times in which he rose, boldly, to meet unprecedented challenges. The last president to serve as a living link between the nineteenth and the twentieth centuries,

Truman's story spans the raw world of the Missouri frontier, World War I, the powerful Pendergast machine of Kansas City, the legendary Whistle-Stop Campaign of 1948, and the decisions to drop the atomic bomb, confront Stalin at Potsdam, send troops to Korea, and fire General MacArthur. Drawing on newly discovered archival material and extensive interviews with Truman's own family, friends, and Washington colleagues, McCullough tells the deeply moving story of the seemingly ordinary "man from Missouri" who was perhaps the most courageous president in our history.
