Your future as a writer is in your hands. Whether you are a newcomer or an accomplished professional, a novelist, story writer, or a writer of nonfiction, you will find this book a wealth of immediately useful guidance not available anywhere else. As Sol Stein, renowned editor, author, and instructor, explains, "This is not a book of theory. It is a book of useable solutions-- how to fix writing that is flawed, how to improve writing that is good, how to create interesting writing in the first place." You will find one of the great unspoken secrets of craftsmanship in Chapter 5, called "Markers: The Key to Swift Characterization." In Chapter 7, Stein reveals for the first time in print the wonderful system for creating instant conflict developed in the Playwrights Group of the Actors Studio, of which he was a founder. In "Secrets of Good Dialogue,"

the premier teacher of dialogue gives you the instantly useable techniques that not only make verbal exchanges exciting but that move the story forward immediately. You won't need to struggle with flashbacks or background material after you've read Chapter 14, which shows you how to bring background into the foreground. Writers of both fiction and nonfiction will relish the amphetamines for speeding up pace, and the many ways to liposuction flab, as well as how to tap originality and recognize what successful titles have in common. You'll discover literary values that enhance writing, providing depth and resonance. You'll bless the day you read Chapters 32 and 33 and discover why revising by starting at page one can be a serious mistake, and how to revise without growing cold on your manuscript. In the pages of this book, nonfiction writers will find a passport to the new revolution in journalism and a guide to using the techniques of fiction to enhance nonfiction. Fresh, useful, informative, and fun to read and reread, *Stein on Writing* is a book you will mark up, dog-ear, and cherish.

National Board Certification is a voluntary process for teachers who want to measure their teaching practice against the set of core propositions and teaching standards developed by the National Board for Professional Teaching Standards. Teachers describe, analyze, and reflect on their practice by providing evidence of their accomplished teaching through student work samples and videos. They also take a series of assessment exercises designed to measure their depth of knowledge about the subjects they teach. *WHAT WORKS!* provides a roadmap for National Board candidates by guiding them as they work through each of the four entries to be submitted. The chapters contain dozens of tips on "What Works!" and "Why These Work!." The tips are practical, specific, and written in a conversational style that is easy to read. *WHAT WORKS!* will guide candidates through the

maze of requirements and prompts found in the four portfolio entries and help them prepare for the Assessment Center Exercises. *WHAT WORKS!* is designed to be the go-to handbook for candidates in any certification area.
