### OF MEN AND MONSTERS

Penguin

Investigating the way Hollywood scoops up notorious criminals and turns them into legends, this entertaining who's-who guide provides thumbnail sketches of such killers as Ma Barker, Black Beard, Al Capone, John Wesley Hardin, and Charles Starkweather. Noting that some figures are glamorized in popular culture (Jesse James), while others are demonized (Charles Manson), this encyclopedic collection explores the legends' emotional truths as depicted in movies, stories, and songs. Facts of the real cases behind these notorious criminals are also presented, including the landmark rulings that pioneered new approaches to criminal justice.

### THE MARVEL UNIVERSE

Echo Point Books & Media, LLC

Of Men and Monsters examines the serial killer as an American cultural icon, one that both attracts and repels. Richard Tithecott

suggests that the stories we tell and the images we conjure of serial killers—real and fictional—reveal as much about mainstream culture and its values, desires, and anxieties as they do about the killers themselves.

### CULT CITY

Simon & Schuster Books for Young Readers  
The Milwaukee detective who interrogated the notorious serial killer shares a vivid chronicle of what was revealed during the weeks-long encounter. In the late hours of July 22, 1991, Detective Patrick "Pat" Kennedy of the Milwaukee Police Department was asked to respond to a possible homicide. Little did he know that he would soon be delving into the dark mind of one of America's most notorious serial killers, the "Milwaukee Cannibal" Jeffrey Dahmer. As the media clamored for details, Kennedy spent the next six weeks, sixteen hours a day, locked in an interrogation room with Dahmer. There the thirty-one-year-old killer described in lurid detail how he lured several young men to his apartment where he strangled, sexually assaulted, dismembered,

and in some cases, cannibalized his victims. In *Grilling Dahmer*, Kennedy takes readers inside the mind of evil as he patiently, meticulously, listens to unspeakable horrors. *Programmed to Kill* Jjk Sports Entertainment Monsters explores questions about the central concept of the monstrous: Why do we create monsters? Are they animal, human, both, or neither? Which of our fears and desires do monsters embody? What can monsters tell us about our cultural and historical moments? How do we cope with the monsters that haunt our imaginations--and our societies? Readings by classic poets, contemporary fiction writers, pop culture critics, philosophers, psychologists, occultists, veterinarians, ethicists, historians, and others take up these questions and more. Questions and assignments for each selection provide a range of activities for students to write about vampires, werewolves, zombies, mermaids, serial killers, classic horror movie monsters, and more strange things that go bump in the night. The Bedford Spotlight Reader

Series is an exciting line of single-theme readers, each reflecting Bedford's trademark care and quality. An editorial board of a dozen compositionists at schools with courses focusing on specific themes assists in the development of the series. Each reader collects thoughtfully chosen selections sufficient for an entire writing course--about 35 pieces--to allow instructors to provide carefully developed, high-quality instruction at an affordable price. Bedford Spotlight Readers are designed to help students from all majors make sustained inquiries from multiple perspectives, opening up topics such as borders, food, gender, happiness, humor, language, music, science and technology, subcultures, and sustainability, to critical analysis. The readers are flexibly arranged in thematic chapters, with each chapter focusing in depth on a different facet of the central topic. Instructor support at [macmillanlearning.com](http://macmillanlearning.com) includes sample syllabi and additional teaching resources.

*Serial Killers* Visible Ink Press

There is little more

terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living in society, going about their day-to-day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church-going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser-known serial killers, covering many countries around the world, so the range is broad. Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and

punishments. For some, there are chilling quotes by the killers themselves. The Big Book of Serial Killers is an easy-to-follow collection of information on the world's most heinous murderers.

[Creating Cultural Monsters](#) An Encyclopedia of Serial Killers

True crime anthology that takes a closer look at some of the worst of the worst serial killers.

### **A COMPANION TO CRIME FICTION**

Franklin Classics

It's time to talk back. The generation born into evangelical purity culture has grown up, and many have started families of their own. But as time goes on, it's becoming more evident that many still struggle with purity culture's complicated legacy—its idolization of virginity, its mixed messages about modesty and lust, and its promise of a healthy marriage and great sex for those who follow the rules. In *Talking Back to Purity Culture*, Rachel Joy Welcher reviews the movement carefully, examining its teachings through the lens of Scripture. Compassionate, faithful, and wise, she charts a path forward for Christians in the ongoing

debates about sexuality—one that rejects legalism and license alike, steering us back instead to the good news of Jesus. It's time to talk back to purity culture—and this book is ready to jump-start the conversation.

The Shrine of Jeffrey Dahmer A Father's Story THE DEFINITIVE DOSSIER ON HISTORY'S MOST HEINOUS! Hollywood's make-believe maniacs like Jason, Freddy, and Hannibal Lecter can't hold a candle to real life monsters like John Wayne Gacy, Ted Bundy, Jeffrey Dahmer, and scores of others who have terrorized, tortured, and terminated their way across civilization throughout the ages. Now, from the much-acclaimed author of *Deviant*, *Deranged*, and *Depraved*, comes the ultimate resource on the serial killer phenomenon. Rigorously researched and packed with the most terrifying, up-to-date information, this innovative and highly compelling compendium covers every aspect of multiple murderers—from psychology to cinema, fetishism to fan clubs, "trophies" to trading cards. Discover: WHO THEY ARE: Those featured

include Ed Gein, the homicidal mama's boy who inspired fiction's most famous Psycho, Norman Bates; Angelo Buono and Kenneth Bianchi, sex-crazed killer cousins better known as the Hillside Stranglers; and the Beanes, a fifteenth-century cave-dwelling clan with an insatiable appetite for human flesh HOW THEY KILL: They shoot, stab, and strangle. Butcher, bludgeon, and burn. Drown, dismember, and devour . . . and other methods of massacre too many and monstrous to mention here. WHY THEY DO IT: For pleasure and for profit. For celebrity and for "companionship." For the devil and for dinner. For the thrill of it, for the hell of it, and because "such men are monsters, who live . . . beyond the frontiers of madness." PLUS: in-depth case studies, classic killers' nicknames, definitions of every kind of deviance and derangement, and much, much more. For more than one hundred profiles of lethal loners and killer couples, Bluebeards and black widows, cannibals and copycats—this is an indispensable, spine-tingling, eye-popping investigation into the dark

hearts and mad minds of that twisted breed of human whose crimes are the most frightening . . . and fascinating.

**Father's Story a Pbp** St. Martin's Paperbacks

"A well-told, powerful story. Backderf is quite skilled in using comics to tell this tale of a truly weird and sinister 1970s adolescent world." —R. Crumb NATIONAL BESTSELLER Named a BEST OF 2012 by Time, The Village Voice, A.V. Club, comiXology, Boing Boing, Publishers Weekly, MTV Geek, and more!

"ASTOUNDING." —Lev Grossman, Time You only think you know this story. In 1991, Jeffrey Dahmer—the most notorious serial killer since Jack the Ripper—seared himself into the American consciousness. To the public, Dahmer was a monster who committed unthinkable atrocities. To Derf Backderf, Dahmer was a much more complex figure: a high school friend with whom he had shared classrooms, hallways, and car rides. In *My Friend Dahmer*, a haunting and original graphic novel, writer-artist Backderf creates a surprisingly sympathetic portrait of a disturbed young man

struggling against the morbid urges emanating from the deep recesses of his psyche—a shy kid, a teenage alcoholic, and a goofball who never quite fit in with his classmates. With profound insight, what emerges is a Jeffrey Dahmer that few ever really knew, and readers will never forget. This new paperback edition will coincide with the release of the movie adaptation of *My Friend Dahmer* and will include additional bonus content from the author archives.

**Monsters** Simon and Schuster  
*Minds on Trial: Great Cases in Law and Psychology* gives you an inside view of 20 of the highest profile legal cases of the last 50 years. The authors skillfully convey the psychological and legal drama of each case, while providing important and fresh professional insights. Mental health and legal professionals, as well as others with an interest in psychology and the law will have a hard time putting this scholarly, yet readable book down.

*Night in the Lonesome October* Univ of Wisconsin Press

Life and its meaning is a mystery almost impossible to solve, but

what can the leading theories teach us about the search for purpose? For most of us, the major questions of life continue to perplex: Who am I? Why am I here? How should I live? In the late nineteenth century, a class of thinkers emerged who made solving these problems central to their work. They understood that human questions demand human answers and that without understanding what it means to be human, there are no answers. Through the biographies and theories of luminaries ranging from Sigmund Freud to Erich Fromm, Frank Tallis show us how to think about companionship and parenting, identity and aging, and much more. Accessible yet erudite, *The Act of Living* is essential reading for anyone seeking answers to life's biggest questions.

## THE SERIAL KILLER BOOKS

Open Road Media  
 When he was arrested in July 1991, Jeffrey Dahmer had a severed head in the refrigerator, two more in the freezer, two skulls and a skeleton in a filing cabinet. But if anything could be more disturbing than the brute horror of

this scene, it was the evidence that Dahmer had been using these human remains not only for sexual gratification, but as part of a dark ritual of his own devising -- to furnish a shrine to himself. The Shrine of Jeffrey Dahmer offers a chilling insight into the mind of a serial killer and reveals the horrors within. Perfect for fans of *Making a Murderer*, *Mindhunter* and *The Ted Bundy Tapes*, this is a gripping and gruesome read that delves into the mind of a murder and what possesses someone to kill. [Monster theory \[electronic resource\]](#) Createspace Independent Publishing Platform

“Sam, could you do me a favor?” Thus begins a story that has now become part of America’s true crime hall of fame. It is a gory, grotesque tale befitting a Stephen King novel. It is also a David and Goliath saga—the story of a young lawyer fresh from the Public Defender’s Office whose first client in private practice turns out to be the worst serial killer in our nation’s history. Sam Amirante had just opened his first law practice when he got a phone call from his friend John Wayne Gacy, a well-known and

well-liked community figure. Gacy was upset about what he called “police harassment” and asked Amirante for help. With the police following his every move in connection with the disappearance of a local teenager, Gacy eventually gave a drunken, dramatic, early morning confession—to his new lawyer. Gacy was eventually charged with murder and Amirante suddenly became the defense attorney for one of America’s most disturbing serial killers. It was his first case. This new edition of John Wayne Gacy, which contains updated material about the case that has come to light since the book’s original publication, recounts the gruesome killings and the famous trial that shocked a nation.

### **American Murder**

Abrams

Superspy middle schooler Ben Ripley faces the Croatoan—a new evil organization that’s so mysterious, the only proof it exists is from the American Revolution—in this latest addition to the New York Times bestselling Spy School series. With SPYDER defeated, Ben Ripley is looking forward to his life

getting back to normal, or as normal as possible when you’re a superspy in training. For once, everything seems to be right in Ben’s world...until someone bombs the CIA conference room next door. To Ben’s astonishment, the attacker is none other than Erica Hale, the spy-in-training he respects more than any other. Ben refuses to believe Erica is working for the enemy...even if the rest of the CIA does. His mission: prove Erica is not a double agent working against the US, locate the fabled colonial-era insurgent group that’s blackmailing her, figure out what their devious plot is, and thwart it. But this time, Ben finds himself up against opponents he has never encountered before: his own friends. They’re not as ready to trust in Erica as he is, and Ben is forced to rely on his own wits and skills more than ever before. How can he succeed when he doesn’t even know who he can trust?

The Act of Living Bedford Books

A completely updated, revised edition of the classic, outfitted with a whole new arsenal of indispensable knowledge

on global affairs, popular culture, economic trends, scientific principles, and modern arts. Here’s your chance to brush up on all those subjects you slept through in school, acquaint yourself with all the facts you once knew (then promptly forgot), catch up on major developments in the world today, and become the Renaissance man or woman you always knew you could be! How do you tell the Balkans from the Caucasus? What’s the difference between fission and fusion? Whigs and Tories? Shiites and Sunnis? Deduction and induction? Why aren’t all Shakespearean comedies necessarily thigh-slappers? What are transcendental numbers and what are they good for? What really happened in Plato’s cave? Is postmodernism dead or just having a bad hair day? And for extra credit, when should you use the adjective continual and when should you use continuous? An Incomplete Education answers these and thousands of other questions with incomparable wit, style, and clarity. American Studies, Art History, Economics, Film, Literature, Music,

Philosophy, Political Science, Psychology, Religion, Science, and World History: Here's the bottom line on each of these major disciplines, distilled to its essence and served up with consummate flair. In this revised edition you'll find a vitally expanded treatment of international issues, reflecting the seismic geopolitical upheavals of the past decade, from economic free-fall in South America to Central Africa's world war, and from violent radicalization in the Muslim world to the crucial trade agreements that are defining globalization for the twenty-first century. And don't forget to read the section "A Nervous American's Guide to Living and Loving on Five Continents" before you answer a personal ad in the International Herald Tribune. As delightful as it is illuminating, *An Incomplete Education* packs ten thousand years of culture into a single superbly readable volume. This is a book to celebrate, to share, to give and receive, to pore over and browse through, and to return to again and again.

## **SALINGER**

WildBlue Press

On July 23, 1991, Milwaukee chemist Lionel Dahmer discovered - along with the rest of the world - that his son Jeffrey was a murderer who, over a period of many years, had carried out some of the most ghastly crimes ever committed. As the trial progressed, and the crimes of his son were graphically detailed, Lionel began to place himself in the dock beside his son. In the torturous weeks following Jeff's conviction, he continued his descent towards that harrowing point at which the line of his own life inevitably intersected with his son's. This book is not the story of Jeffrey Dahmer at all, but of a father who, by slow degrees, came to realize the saddest truth any parent may ever know: that following some unknowable process, his child had somewhere crossed the line that divides the human from the monstrous. It is both a touching family memoir and a haunting memoir - the account of a man who never relented in his effort to fathom the deepest quarters of his son's afflictions, even as they pointed to his own. It

is a document on the nature of fatherhood, the origins of madness, and the role of kinship in the legacy of evil.

## **SPY SCHOOL REVOLUTION**

InterVarsity Press

The father of serial killer Jeffrey Dahmer describes his shock at hearing the news of his son's crimes, his entry into a world of complete denial, and how, during Jeffrey's trial, he placed himself in his son's shoes. 150,000 first printing.

## **HOMICIDE**

*The Serial Killer Files* U of Minnesota Press

Draws on extensive research and exclusive interviews to share previously undisclosed aspects of the enigmatic writer's life, from his private relationships and service in World War II to his legal concerns and innermost secrets.

*Talking Back to Purity Culture* Simon and Schuster

Serial murderers generate an abundance of public interest, media coverage, and law enforcement attention, yet after decades of studies, serial

murder researchers have been unable to answer the most important question: Why? Providing a unique and comprehensive exploration, *Creating Cultural Monsters: Serial Murder in America* explains connections between American culture and the incidence of serial murder, including reasons why most identified serial murderers are white, male Americans. It describes the omnipresence of serial murder in American media and investigates what it would take to decrease its occurrence. Presenting empirically supported arguments that have the potential to revolutionize how serial murder is understood, studied, and investigated, this volume: Places the serial murder phenomenon in a cultural context, promoting qualitative understanding and the potential for

reducing its frequency Includes an illustrated model that explains how people utilize cultural values to construct lines of action according to their cultural competencies Demonstrates how the American cultural milieu fosters serial murder and the creation of white male serial murderers Provides a critique of the American mass media's role in the development and notoriety of serial murder Describes the framework on which the majority of definitions of serial murder are based Drawn from years of dedicated research of Dr. Julie B. Wiest, this volume presents a new approach to the study of U.S. serial murder, offers important implications for law enforcement and mass media, and forms a basis for future research on serial murder, murder, and violence in the U.S. and in other nations.
