THE LEBANESE COLLECTION

Bradt Travel Guides
The Routledge Handbook of Arabic Linguistics introduces readers to the major facets of research on Arabic and of the linguistic situation in the Arabic-speaking world. The edited collection includes chapters from prominent experts on various fields of Arabic linguistics. The contributors provide overviews of the state

of the art in their field and specifically focus on ideas and issues. Not simply an overview of the field, this handbook explores subjects in great depth and from multiple perspectives. In addition to the traditional areas of Arabic linguistics, the handbook covers computational approaches to Arabic, Arabic in the diaspora, neurolinguistic approaches to Arabic, and Arabic as a global language. The Routledge Handbook of Arabic Linguistics is a much-needed resource for researchers on Arabic and comparative linguistics, syntax, morphology, computational linguistics, psycholinguistics, sociolinguistics, and

applied linguistics, and also for undergraduate and graduate students studying Arabic or linguistics.

Lebanon Xlibris Corporation
Sune Haugbolle's often poignant 2010 book chronicles the battle over ideas that emerged from the wreckage of the Lebanese civil war.

BRILL

Shwayy 'An Haali ("A Little About Myself") will be of tremendous help to independent language learners who want to develop their conversational skills and increase their Arabic vocabulary. Bonus: Free audio tracks available to download and stream

from www.lingualism.com. Shwayy 'An Haali presents the results of a survey given to 10 Levantine Arabic speakers, five from Lebanon and five from Syria. Each of the 30 sections in the book begins with a question from the survey followed by the 10 responses and a breakdown of the vocabulary. Each section concludes with a page where you are encouraged to give your own answer to the question using newly learned words and phrases. The book has been designed in such a way that it can be an effective learning tool for learners at all levels, with glossaries of even the most basic words for beginners, and unvoiced texts and Modern Standard Arabic translations for more advanced learners. Available separately: Anki audio flashcards of the questions and responses for in-depth study.

Lebanon Routledge

Lebanese at a Glance Phrase book & Audio [Second Edition - 2018] for English speakers. This is a guide to the Lebanese culture and language. An introduction to the Lebanese Language, Helpful Phrases, Downloadable Audio, Menu Guide, Grammar Guide, and a Mini-Dictionary Lebanese - English, English - Lebanese. In

each chapter, linguistic material is introduced in addition to related cultural aspects from the Lebanese daily life. The language introduced is Modern Lebanese. It is the native language spoken by Lebanese people today, and used in Lebanese conversations, songs, and television productions. Nearly a hundred years ago, the Lebanese spoke seven major dialects depending on their geographical location. By the end of the twentieth century, the majority of the young generations started dropping their dialects and speaking Modern Lebanese. Today, most of the Lebanese media productions use the Modern Lebanese, and most of the Lebanese speaks it. However, you can still notice slight regional accents in the spoken Lebanese.

THREE FULL-LENGTH NOVELS featuring Captain Jihad Merhi of the Lebanese Internal Security Service and Captain Fadi Lattouf of the Palestinian Civil Police. THE BAALBECK DECISION: What links a series of murders in the Bourj el-Barajneh refugee camp with the assassination of Prime Minister Rafic Hariri? Merhi and Lattouf race against time to prevent the

event which will change Lebanon forever. THE BYBLOS DISCOVERY: 'Sajida was right' - a cryptic message leads to murders in New York and Lebanon and sends Merhi and Lattouf on a chase to find al-Mahdi. Is the world ready for The Second Coming which could blow the Middle Eastern order apart? THE BEIRUT CONFESSION: As civil war rages in next door Syria, Merhi and Lattouf have to find a spy in the security services - before the spy finds them.

From Lebanon to the Intifada Springer

A guide to Arabic syntax covering a broad variety of topics including argument structure, negation, tense, agreement phenomena, and resumption. The discussion of each topic sums up the key research results and provides new points of departure for further research.

Social Mobilisation in Times of Risk

University Press of America

The study of Arabic dialects has been an important and rich area of research over the past thirty-five years or so, with significant implications for modern linguistic analysis. The current volume builds on this tradition with ten scholarly contributions that provide novel data and analyses in multiple areas of Arabic

linguistics: Syntax and its interfaces; regional and sociolinguistic variation; and first language acquisition. The linguistic facts in the volume are drawn from the various Arabic dialects spoken in North Africa, Egypt, the Arabian Peninsula, the Levant, and Standard Arabic, and the analyses proposed reflect current approaches in linguistic theory. The volume, therefore, should be of interest to formal linguists, sociolinguists, historical linguists, dialectologists, as well as researchers on first language acquisition. It is our hope that the papers in this volume will spur more interest in and research on further aspects of Arabic linguistics.

[The Syntax of Arabic](#) Oxford University Press

SPAN had begun in 1948 as a consortium between the University of Minnesota and about a dozen colleges that cultivated international understanding through practical academic research. Each year four (sometimes three) countries were selected as destinations. It was—and is, because SPAN continues today—a self-financed program through voluntary donations by businesses in the Upper

Midwest as well as by contributions from the participants themselves (known as SPANners). The program was oriented toward upper classmen (in that age of gender insensitive terminology) so applicants were usually students in their Junior (or third) year of undergraduate studies.

THE FIRST ONE HUNDRED YEARS

Cambridge Scholars Publishing

An empirical study of wh-interrogatives and relative constructions and theoretical investigation of chain formation in grammar.

The Spoken Arabic Bloomsbury Publishing

Why did the Lebanese state, the most open and democratic political system in the Middle East, break down between 1967 and 1976? In this major contribution to the debate, Fazel el-Khazen rejects the standard explanations of the Lebanese Civil War and argues instead that the causes were due to the official state ideology, which recognized diversity, dissent and a highly pluralistic population, and then specific external factors: pressures from the Arab-Israeli Conflict, inter-Arab rivalries, and the Palestine

Liberation Organization's close connection to Lebanese politics. Using an historical analysis, el-Khazen sheds light on the political situation of the country in the lead up to the conflict and the major role Lebanon's neighbours had in the events. The detailed and comprehensive account uses interviews with the key protagonists in the civil war and analysis of unpublished sources to reveal how and why the breakdown took place.

The Routledge Companion to Global Internet Histories Syracuse University Press

Sainthood in Fragile States investigates how precariousness and ambiguity are embedded in saint worship. The book explores the intersections between religious and secular figures to show the role of sainthood and its contestation in the contemporary Middle East.

[The Routledge Handbook of Arabic Linguistics](#) Vernon Press

his new edition of Bradt's Lebanon remains the most comprehensive and detailed English-language guide available. In addition to its more in-depth coverage of essential background information such as history, culture and religion the guide

has expanded treatment for the business traveller and prospective property buyer. Subjects such as the environment and responsible travel are given increased emphasis, and there is plenty of additional information for those interested in volunteering opportunities. The guide also caters for all types of travellers and budgets with extensive listings and reviews for accommodation and restaurants. There is also a new section on travelling with children. With a comprehensive language appendix covering both Arabic and French together with an expanded further reading section for this new edition, Bradt's Lebanon is an indispensable practical companion for use within the country and a useful work of reference for armchair travellers too. Although only half the size of Wales, Lebanon offers extraordinary diversity. Here, some of the oldest human settlements in the world at the Phoenician ports of Tyre, Sidon and Byblos sit alongside modern Beirut, popular for its cuisine, eclectic nightlife and mosaic of peoples. In Lebanon's second city, Tripoli, busy medieval souks are watched over by a vast Crusader castle. Outside the city,

snow-capped mountains and the lush Qadisha Valley with its snaking river and waterfalls provide entertainment for skiers and hikers, while the Mediterranean Sea draws sun and watersports enthusiasts. Bradt's Lebanon provides detailed cultural and practical information to this increasingly popular destination. It also provides in-depth historical and religious background enabling visitors to travel with awareness and sensitivity.

The Fairouz and Rahbani Nation MIT Press
This book is a compilation of papers derived from talks, presented at TransCultural Exchange's 2018 International Conference on Opportunities in the Arts. The aim of these talks was to inspire artists to think across disciplines and cultures and to suggest other career models beyond the typical studio to gallery/museum model. Much of this content is unique in that it not only addresses the practical needs of artists but, even more importantly, it does so in the context of today's global reality. As artists have noted on post-Conference surveys, this information is "the missing link in the art world; the bridge between academic and real-world practice;

between a local and international career in the arts." By making this information available long-after the Conference's end and to those who could not directly participate in the Conference, many more artists will have access to where to find jobs/residency programs and funding for their work, information on how to put together successful residency applications, how to market their work, and other professional development programming. In addition, they (and interested members of the public) will have access to the Conference talks on what leading artists are doing across disciplines, with new technologies, and in the public sphere.

Popular Culture and Nationalism in Lebanon Open Road + Grove/Atlantic
A happily misanthropic Middle East divorcee finds refuge in books in a "beautiful and absorbing" novel of late-life crisis (The New York Times). Aaliya is a divorced, childless, and reclusively cranky translator in Beirut nurturing doubts about her latest project: a 900-page avant-garde, linguistically serpentine historiography by a late Chilean existentialist. Honestly, at seventy-two, should she be taking on such a project?

Not that Aaliya fears dying. Women in her family live long; her mother is still going crazy. But on this lonely day, hour-by-hour, Aaliya's musings on literature, philosophy, her career, and her aging body, are suddenly invaded by memories of her volatile past. As she tries in vain to ward off these emotional upwellings, Aaliya is faced with an unthinkable disaster that threatens to shatter the little life she has left. In this "meditation on, among other things, aging, politics, literature, loneliness, grief and resilience" (The New York Times), Alameddine conjures "a beguiling narrator . . . who is, like her city, hard to read, hard to take, hard to know and, ultimately, passionately complex" (San Francisco Chronicle). A finalist for the National Book Critics Circle Award and the National Book Award, *An Unnecessary Woman* is "a fun, and often funny . . . grave, powerful . . . [and] extraordinary" (Washington Independent Review of Books) ode to literature and its power to define who we are. "Read it once, read it twice, read other books for a decade or so, and then pick it up and read it anew. This one's a keeper" (The Independent)

LEBANON

Lebanese Arabic Phrasebook Vol. 1
 An Effective Way to Learn Lebanese Through Practical Sentences, Puzzles and Videos
 This book is a collection of essays that were originally presented at a conference at the Lebanese American University in late May 2007, entitled "Politics, Culture and the Lebanese Diaspora." It looks at various facets of the Lebanese Diaspora and examines the politics and culture of Lebanese migrants and their descendants in different parts of the world while detailing the communal, national and transnational elements of these practices and exploring the changing characteristics of politics and culture in respect to migration, Diaspora and globalization. The essays raise questions about the (in)compatible and interpenetrating relationships between these dynamics, and analyze processes of identity formation as cultural manifestations of migratory politics. The book is divided into three main sections. The first section deals with issues of identity and multiculturalism among Lebanese emigrants, concluding that identities are continuously molded

and negotiated in the diaspora. It examines the formation of identities among second and third-generation migrants, and the changing conceptions of the meaning of roots and homelands. The second section deals with politics and activism in the Diaspora. It looks at how diasporas relate to the political processes in their homelands during post-conflict resolution and explores the role of Lebanese migrants abroad in the process of peace-building back home. The third part deals with the Diaspora in literature and media through the assessment of key writings on the explorations of self of the Lebanese abroad, drawing on how symbols of identification and conventions of representation become sites of conflict over time. The wide variety of perspectives presented in these papers invite us to challenge the notion of a fixed, bounded, and rigid homeland and identity, and move towards one that is more nomadic and fluid. They call us to pay attention to the symbols used in the cultural construction of both homelands and identities in the country of immigration and to think of the complex ways in which transnational politics affect

the homeland and are in turn affected by it.

Lebanese Arabic Phrasebook

Routledge

Lebanon seems a country in the grip of permanent crisis. In recent years it has suffered blow after blow, from Rafiq Hariri's assassination in 2005, to the 2006 July War, to the current Syrian conflict, which has brought a million refugees streaming into the country. This is an account not just of Lebanon's high politics, with its endless rows, walk-outs, machinations and foreign alliances, but also of the politics of everyday life: all the stresses and strains the country's inhabitants face, from electricity black-outs and uncollected rubbish to stagnating wages and property bubbles. Andrew Arsan moves between parliament and the public squares where protesters gather, between luxury high-rises and refugee camps, and between expensive nightclubs and seafront promenades, providing a comprehensive view of Lebanon in the twenty-first century. Where others have treated Lebanon's woes as exceptional, a by-product of its sectarianism and particular vulnerability to regional crises,

Arsan argues that there is nothing particular about Lebanon's predicament. Rather, it is a country of the age--one of neoliberal economics, populist fervor, forced displacement, rising xenophobia, and public disillusion. Lebanon, in short, offers us a lens through which to look on our times.

Politics of Worship in the Contemporary Middle East Cambridge University Press

A very practical way to learn Lebanese This is a Lebanese Arabic phrasebook, in a sense that it is designed to both: 1- Give you all you need to know to get by speaking Lebanese when travelling to Lebanon 2- Offer you a very practical and easy way of learning the dialect Method found to be very efficient by students The method and phrases used in this book have been developing since 2011 through my teachings of the Lebanese dialect through video lessons on youtube, as well as private lessons on skype. They have been tweaked and are constantly evolving through the feedback of the students, focusing on what they find to be useful and efficient. Every phrase is linked to a video so you could perfect the pronunciation. The most important aspect

of learning a new language is to hear it being spoken by natives. Especially since Lebanese is considered as "spoken Arabic." That is why the advantage of this book is that EVERY word and sentence used, is linked to the video in which it was taught, so you can hear it, and try to master the pronunciation. Translation and Transliteration Each English phrase is translated to Lebanese using the Arabic alphabet for those who are Arabic literate, and then in its turn transliterated to the Latin alphabet for those who aren't. Exercises and Puzzles In order to help you master the material, there are exercises and puzzle at the end of the book, such as crosswords and word search.

Literacy as Translingual Practice

Bloomsbury Publishing

If you have been searching for a long time on books and resources to train and improve your spoken Arabic skills, then this book is for you. If you are a beginner, or advanced, but want to freshen up your Lebanese Arabic dialect knowledge, then you are reading the right description of your future book. This book consists of 4 parts to make your language learning journey easier. Part I: Grammar Part II:

VocabularyPart III: AudioPart IV: Spelling
With more than 100 exercises bundled in this book, working on your ability to fully understand Lebanese words and phrases, and to be able to read and even write the Lebanese dialect and practice it verbally, is now possible. Beginner exercises that no one has ever done for a spoken dialect before! P.S. This book does not have any lessons. It only has exercises related to the Spoken Lebanese Arabic dialect. If you are looking to learn the Lebanese Arabic dialect, then please check out my other books.

The Breakdown of the State in Lebanon, 1967-1976 Cavendish Square Publishing, LLC

This text seeks to examine the relationship over time between Canada and Israel, and by doing so, to highlight the relationship of Canada's Jewish community with Israel, and Canada's Jewish community with the Canadian government. The author explores in detail the activities of the Jewish Foreign Policy Lobby in Canada and its impact on the formulation of Canadian

Middle East policy. Includes a detailed examination of Canadian policymakers' positions in key situations, such as Prime Minister Trudeau's speeches, Foreign Minister MacGuigan's speeches, and the like, which provide a concrete and specific focus that has not been offered in earlier studies. Contents: Canadian Foreign Policy and the Canada-Israel Committee; Canadian Middle East Policy; Was Trudeau's Middle East Policy Even-Handed?; Public Opinion and Canadian Middle East Policy; The Jewish Lobby and Canadian Middle East Policy; and What About the Intifada?

Literature, Language and Identity Simon and Schuster

The Lebanese language, in its current form, is only a spoken language. Despite the common misconception that Lebanese is a form of the Arabic language, the Lebanese language has evolved from its original Aramaic form to a language highly differentiated from the Arabic language. Lebanese people have adopted Arabic as their written language. However, if you are interested in learning a language that

allows you to communicate with people in Lebanon, you should know that speaking Arabic in Beirut is like speaking Spanish in Rome. Some people might understand you but nobody will reply back in Arabic. Many language self-help books provide a range of translated phrases and simulated dialogue. 'SPEAK LEBANESE' is not a book of phrases. The aim of this book is to provide an understanding of the language from a grammatical perspective. You will learn through this book how to pronounce the letters, the rules for conjugating most Lebanese verbs (with a supplemental library of 426 verbs each conjugated in 6 tenses,) you will find a brief English-Lebanese dictionary of commonly used words and tips for using Lebanese words properly in a sentence. It is important to know that countless dialect variations exist in Lebanon. However, the differences are not significant and all Lebanese people understand each other easily. This book offers one of the forms of these dialects and tries to choose the simplest form of communication when many options exist.
