*Physics in Radiation Oncology Self-Assessment Guide PDF ...* Physics In Radiation Oncology SelfThis guide - a companion to the Radiation Oncology Self-Assessment Guide - is a comprehensive physics review for anyone in the field of radiation oncology looking to enhance their knowledge of medical physics. It covers in depth the principles of radiation physics as applied to radiation therapy along with their technical and clinical applications. Physics in Radiation Oncology Self-Assessment GuideDescription. Physics in Radiation Oncology Self-Assessment Guide is a study guide designed to assess the reader's knowledge on a wide array of topics in radiation oncology physics. The book contains over 800 questions and is structured in a question-and-answer format designed to simulate the use of flash-cards.
