Winston Churchill described the loss of Singapore as the greatest disaster ever to befall British arms. Louis Allen analyzes the remote political causes of

the Japanese campaign, gives an account of the events of the campaign, and then attempts to apportion responsibility for the defeat.

Miguk, the Holy Man, retires on the small Pacific island of Nevahachi. People are amused when he rails against (unwanted) Western encroachments and the (haphazard) industrialization of the island. Yet when he trades his life for a hostage (the woman he loves), during an aborted robbery, and then induces his captor to give himself up, the island begins to believe he is somehow graced. He later saves the people from a curse that has hung over the island for many years. He appears even to cure a woman of her illness. His untimely death is

turned into a miracle. His hand appears to rise in benediction, as if blessing the island - and an industrial project that he once opposed.

"Reader, I married him, a Libyan career diplomat. For over three decades we lived in Libya, and his various postings world-wide..." Libya. A love lived, a life betrayed follows the trajectory of Susan M. Sandover, who was lucky enough to have chosen an enlightened, forward-thinking Libyan career diplomat, Bashir, to spend her life with. They supported

each other through the traumas, difficulties, and frankly terrifying experiences associated with the Gaddafi regime of US and NATO bombings, coups, a revolution and a blasphemy case but also enjoyed years of good times together. The resulting stories are partially his, partially hers and partially theirs. Sadly, before he found the time or a safe place to write down his experiences in the Libyan diplomatic corps and to denounce the Gaddafi regime, Bashir died. In spite of his family's efforts to destroy their relationship and appropriate his land during his illness, he made sure Susan had a safe place to live. It was only when Susan was alone that she experienced the full force of Sharia inheritance law and its tenets as applied to widows: she

was entitled to one quarter of his property, the balance going to his siblings, hence the subtitle of the book 9/36. Susan's life was never dull with Bashir: at times, spine chilling, but always filled with love and happiness. Through all of these stories and many more, Susan displays her vast insider knowledge on Libya's political, social and cultural history together with details on the final year of the Gaddafi regime. The remaining chapters comment on post-revolutionary Libya and the missed opportunities for reconciliation.

In the mid 1970s, a band of men with little expertise in the oilfield defied the hard ground of Giddings, Texas, to search for oil in a barren, poverty-stricken land that was littered with dry holes, shattered hopes, and empty

pockets. Max Williams, the former hot-shot basketball player at SMU, and Irv Deal had been in high-dollar real estate until the real estate market collapsed. Both were facing the wrath of hard times. Pat Holloway was a lawyer who operated drilling funds but had never tested the ill-fated Austin Chalk. He drilled the most and earned the most but lost it all in the shady confines of a Dallas courtroom. Jimmy Luecke was a highway patrolman who stopped Holloway for speeding one night and promised not to take him to jail if the lawyer/oilman would agree to drill on his family's land. Bill Shuford was right out of college and more interested in finding the next beer joint than his next job. Jim Dobos was a constable who used his badge to lease land, struck it rich, and

was found with a gunshot in his head. Was it murder or suicide? Clayton Williams was the only big-time oilman in the bunch, but in the beginning, he made the mistake of employing the wrong geologist. Only those who used the geologic genius of Ray Holifield found oil. Holifield had cracked the code of the chalk. Gamble in the Devil's Chalk is the true story of their fights, their feuds, their trials, their tribulations, and their triumphs as they discovered the second largest oilfield in the United States during the past half century. Once they came, Giddings would never be the same again.

A STUDY GUIDE FOR FEDERICO GARCIA LORCA'S "LAMENT FOR IGNACIO SANCHEZ MEJIAS"

And so the deal was struck. It was arranged that the empresario for the Plaza Mexico would buy Carlos from Button for Hernando to fight. Come the Fiesta de la Fuerza Irresistible, the Great One would meet the bull that was born of a thunderclap at the great ranch of Plumpkin with six-inch horns as smoke poured from his cavernous nostrils, the bull that could not be killed in a Kansas slaughterhouse, the bull who had taken a hundred lives in the capeas of Ronda

with not a drop of his own blood spent in the effort, the bull who they said would not quite fit through El Arco de Cabo, and had come by now to be known to the aficionados as Carlos the Impossible.
