**The Changing Face of Folklore** Fredericton, N.B. : Goose Lane Editions  
The authorized biography of the most notorious rock manager of all time, Peter Grant, best known for his work with Led Zeppelin, by the author of Comfortably Numb Peter Grant is the most famous music manager of all time. Acknowledged as the "fifth member of Led Zeppelin," Grant has had his story appear in fragments across countless Zeppelin biographies, but none have explored who this brilliant and intuitive manager yet flawed and sometimes dangerous man truly was. No one has successfully captured the scope of his personality or his long-lasting impact on the music business. Acclaimed author and journalist Mark Blake seeks to rectify that. Bring It On Home is the first book to tell the complete, in-depth, and uncensored story of this industry giant. With support from Grant's family, new interviews with Led Zeppelin's surviving band members, and access to Grant's extensive archives as well as scores of unpublished material, including Grant's never-before-published final interview, Blake sets out to not only shed new light on the history of Led Zeppelin but also on the wider story of rock music in the '60s and '70s. Grant had a hand in the careers of Chuck Berry, Rod Stewart, Bad Company, Queen, the Rolling Stones, The Who, Guns N' Roses, and countless others, and his revolutionary approach to business, which included putting the band first, created a new industry standard that's still in effect today. Full of new insights into Grant's early life, new details about the formation of and his relationship with Led Zeppelin, an unrevealed plot by Jamaican gangsters to kidnap the band members' children, letters from police regarding threats made against the band by American Satanists, as well as Grant's seclusion late in life after the dissolution of the band and his recovery from substance abuse, Bring It On Home reveals a man who, after the extraordinary highs and lows of a career in music management, found both peace and happiness in a more ordinary life. It is a celebration, a cautionary tale, and a compelling human drama.

**Peter Grant: The Man Who Led Zeppelin** BMG Books

The white power movement in America wants a revolution. It has declared all-out war against the federal government and its agents, and has carried out—with military precision—an escalating campaign of terror against the American public. Its soldiers are not lone wolves but are highly organized cadres motivated by a coherent and deeply troubling worldview of white supremacy, anticommunism, and apocalypse. In Bring the War Home, Kathleen Belew gives us the first full history of the movement that consolidated in the 1970s and 1980s around a potent sense of betrayal in the Vietnam War and made tragic headlines in the 1995 bombing of the Oklahoma City federal building. Returning to an America ripped apart by a war that, in their view, they were not allowed to win, a small but driven group of veterans, active-duty personnel, and civilian supporters concluded that waging war on their own country was justified. They unified people from a variety of militant groups, including

Klansmen, neo-Nazis, skinheads, radical tax protestors, and white separatists. The white power movement operated with discipline and clarity, undertaking assassinations, mercenary soldiering, armed robbery, counterfeiting, and weapons trafficking. Its command structure gave women a prominent place in brokering intergroup alliances and giving birth to future recruits. Belew's disturbing history reveals how war cannot be contained in time and space. In its wake, grievances intensify and violence becomes a logical course of action for some. *Bring the War Home* argues for awareness of the heightened potential for paramilitarism in a present defined by ongoing war.

From the acclaimed author of *Last Train to Memphis*, this is the definitive biography of Sam Cooke, one of most influential singers and songwriters of all time. Sam Cooke was among the first to blend gospel music and secular themes -- the early foundation of soul music. He was the opposite of Elvis: a black performer who appealed to white audiences, who wrote his own songs, who controlled his own business destiny. No biography has previously been written that fully captures Sam Cooke's accomplishments, the importance of his contribution to American music, the drama that accompanied his rise in the early days of the civil rights movement, and the mystery that surrounds his death. Bestselling author Peter Guralnick tells this moving and significant story, from Cooke's childhood as a choirboy to an adulthood when he was

anything but. With appearances by Martin Luther King Jr., Malcolm X, James Brown, Harry Belafonte, Aretha Franklin, Fidel Castro, The Beatles, Sonny and Cher, Bob Dylan, and other central figures of this explosive era, *Dream Boogie* is a compelling depiction of one man striving to achieve his vision despite all obstacles -- and an epic portrait of America during the turbulent and hopeful 1950s and 1960s. The triumph of the book is the vividness with which Peter Guralnick conveys the astonishing richness of the black America of this era -- the drama, force, and feeling of the story.

\*This is the large print edition of *Bring It On Home*. "That girl who got knocked up in high school." Maggie Reynolds went all the way to Los Angeles to escape that label, but she hears the whispers every time she comes home to Eden's Ridge, Tennessee. She's been burning the candle at both ends for the last twelve years, trying to make something of her herself, trying to give people something else to say about her. Porter Ingram prides himself on being a steady man, a good friend, but he's none too steady when he flies off to California because Maggie's collapsed from exhaustion and she doesn't want her sister, Pru, to worry. Not when Pru's about to have a baby any minute. What Maggie doesn't know is that she's more than just a good friend to Porter. It's an open secret he's been wearing on his sleeve for years, if she'd only see it. When Maggie's forced to take a sabbatical from work, the obvious choice is to go home to Tennessee. But there's nothing restful about just doing nothing for a doer like her. Throwing herself into getting the Eden's Ridge Artisan Guild off the ground is a natural fit for her talents, and Porter's grateful for her help. But walking in the shadows of their painful past could reveal secrets that just might destroy everything they think they know about each other. "Oh my wow! Maggie & Porter's story is emotional & swoon-worthy. I was cheering so hard for them through their journey to HEA. Winner, Evelyn Richardson Memorial Prize for Non-Fiction Well-known naturalist and artist Linda Johns shares her woodland

home with a menagerie of injured wild birds -- starlings, blue jays, pigeons, baby woodpeckers, a rose-breasted grosbeak, a semi-palmated sandpiper, and even a gannet. She and her "saner half," Mack, have gone so far as to transform their living room into an indoor forest, complete with two dead trees providing a variety of perches and a screened porch making do as a practise flyway. Johns nurses her feathered convalescents day and night, helping them to drink and bathe and hunt, and gaining deep insights into their highly individual personalities. Most she attempts to release back into the wild but a few, inevitably, move in to stay. *Birds of a Feather: Tales of a Wild Bird Haven* is a warm and funny account of eight months -- from May to December -- in the life of this caring wildlife rescuer. Fans of Johns's earlier wildlife books will relish her humorous descriptions of the antics of such irresistible characters as Blossom, the media-savvy chicken, and the goats Mower and Munch. Enhanced by line drawings of her avian housemates, this delightful collection of anecdotes in the tradition of James Herriot and Farley Mowat celebrates some of Nature's smallest and most awe-inspiring miracles.
