The Versalus solution leverages a data-driven, outcomes-focused approach to optimize our client's case management and physician advisor teams. For organizations that have established a Physician Advisor team, we offer solutions that complement their teams. We provide them with the information they need to effectively do their job.
Home - Versalus Health
One of the largest healthcare systems in the nation employs more than 6,000 clinical and 21,000 non-clinical staff across two states. The network includes 17 hospitals, 13 affiliate hospitals, clinics, urgent cares, over 100+ physician practices and many other healthcare facilities - all to support over half a million patients every year.

Vodafone provides a range of solutions from managed tablets and handhelds to mobile asset tracking, all linking to a secure Healthcare Platform where clinicians or carers can monitor the patient's outcomes or safety inside or outside the home.
Healthcare - Internet of Things (IoT) Solutions
Healthcare flooring requires special solutions, being subject to constant traffic, heavy medical machinery and utilities. These environments require a smooth, flat floor that is high-

performing and very durable.
ARDEX Healthcare Case Studies: Solid, durable solutions
Provide patient-centric care with purpose-built healthcare technology. Ensuring the right patient receives the right care at the right time is critical. Zebra's healthcare technology solutions help your care team provide a higher level of patient care by connecting them to the patient data, clinicians and providers they need, in real time.
