Principles of Entrepreneurship and Small Business Management Krieger Publishing Company

This book examines entrepreneurship and small business in Russia and key countries of Eastern Europe, showing how far small businesses have developed, and discusses how far 'market reforms' and a market mentality have been taken up by ordinary people in the real everyday economy. For each of the countries examined - Russia, Ukraine, Belarus, Poland and Estonia - the book reviews the progress of market

reforms within the wider context of social and economic transformation, surveys the development of entrepreneurship and small firms so far, and assesses the role of government in the process, and the strengths and weaknesses of the small business sector.

This program can help your students become successful in creating and running a small business. Its focus is on selecting a business, preparing a business plan, and managing an ongoing operation. Seventy percent of high school students say they want to start their own businesses. This completely revised program provides them with the information and skills that lead to success. It also benefits student-employees by giving them an appreciation for the realities of business, and it helps all students understand their role as a consumer.

Small Business Management: Launching and Growing Entrepreneurial Ventures
McGraw-Hill Education

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Written by award-winning experts, Steve Mariotti and Caroline Glackin, *Entrepreneurship and Small Business Management* presents complex economic, financial and business concepts in a manner easily understood by a variety of students. Based on a proven curriculum from the Network for Teaching Entrepreneurship (NFTE), it is organized to follow the life-cycle of an entrepreneurial venture—from concept through implementation to harvesting or replication. Filled with examples from a broad range of industries, it moves further into the entrepreneurial process—discussing the business plan and also the unique aspects of managing and growing entrepreneurial ventures and small businesses.

SMALL BUSINESS MANAGEMENT

Cengage Learning

Around the world there is increasing interest in issues of small business and entrepreneurship. This book encapsulates the knowledge that can be gained from the most significant research contributions in this field. In addition it provides a historical-doctrinal review of the development of entrepreneurship and small business research, and presents some of the key pioneers that have shaped the research field.

ENTREPRENEURSHIP AND EFFECTIVE

SMALL BUSINESS MANAGEMENT

Houghton Mifflin

Published in 1998. This text is designed as not only a summary of a number of years of reflections by many different researchers, but also a guide for future research and for continuing development of a theory of small business and its environment; a theory that will apply to small businesses everywhere and that will help them become what they hope to be in the 21st century.

Small Business Management: Entrepreneurship and Beyond SAGE Publications

How different is the sharing economy from the traditional economy? What can entrepreneurs learn from failure? Can start-ups change the world? *SAGE Business Researcher's Issues in Entrepreneurship* offers an in-depth and nuanced look at a wide range of today's latest issues and controversies in entrepreneurship. This new collection of timely readings delves into current topics such as learning from failure, social entrepreneurship, flat management, crowdfunding, and more. Written with the rigor and immediacy of the best explanatory journalism, each issue provides deep, balanced, and authoritative coverage on the selected topic and key research, pointing students to reliable resources for further inquiry. These articles are perfect for outside reading assignments or in-class debates for any introductory entrepreneurship course.

Entrepreneurship and Beyond

Financial Times/Prentice Hall

Concise, Contemporary, and Practical

The ideal tool for the next generation of entrepreneurs! A time-tested book that today's students need to master the

most essential and critical issues involved in starting and managing a successful new business venture. Take a look! New Sections on "Building a Business Plan," and "Putting the Business Plan to Work." A dedicated Web site at www.prenhall.com/zimmerer includes numerous links to relevant small business sites, complete chapter summaries with quizzes, and other valuable teaching and learning resources.

THE STATE OF THE ART IN SMALL BUSINESS AND ENTREPRENEURSHIP

Pearson Higher Ed

`A thoughtful and reflective account of "enterprise", offering meaningful and contextualized knowledge to students at all levels, written in a style that is as engaging as it is informative - and peppered with unobtrusive dry wit' - Professor Sara Carter, OBE, Hunter Centre for Entrepreneurship, University of Strathclyde Enterprise, Entrepreneurship and Small Business is an exciting new text for all students of business. Broad and inquisitive in its intellectual outlook, this provocative but accessible textbook covers core themes and topics in the study of enterprise, as well as looking at subjects that are often ignored, from criminal entrepreneurs and the demise of Enron, to 'entertainment' and ethnic and indigenous entrepreneurship. Along the way, the reader will find an interactive exploration not only of the processes of entrepreneuring, of managing small enterprises, or of the implications of working in an entrepreneurial corporation - he or she will also be

challenged to consider enterprise in its social, economic, political and moral contexts. This textbook moves beyond the narrow, prescriptive focus on the 'how' employed by other textbooks, and places equal emphasis on the 'why' - all the time considering the role of enterprise, entrepreneurship and small business in the world we live in. Supported by lively case studies, real-life examples and a concept guide of key terms, this text is ideal for undergraduate and postgraduate students on any course with an emphasis on enterprise and entrepreneurship.

Design Thinking for Entrepreneurs and Small Businesses SAGE

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Student Value Editions also offer a great value; this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. For Student Value Editions that include MyLab(tm) or Mastering(tm), several versions may exist for each title - including customized versions for individual schools -- and registrations are not transferable. In addition, you may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering platforms. For courses in small business management, entrepreneurship, and new venture creation and/or management. COVID-19 AND ENTREPRENEURSHIP

Macmillan International Higher Education
This book is the first book on the subject for smaller businesses. Until now, design thinking - a methodology for solving business problems and identifying opportunities - has been the playground for companies with big budgets, giving them the advantage of the innovation that comes from using the latest design thinking tools emerging from Stanford, Harvard, Northwestern and elsewhere.

SMALL BUSINESS, ENTREPRENEURSHIP AND ENTERPRISE DEVELOPMENT

Pearson

The new edition of this market-leading textbook provides a holistic introduction to the academic study of entrepreneurship and offers practical guidance for prospective entrepreneurs. Adopting a life-cycle view of a business from start-up to maturity, it explores the many stages and forms of entrepreneurship. With an international outlook and expert synthesis of both theoretical foundations and lessons from real-life business practice, the book offers a complete course guide, fostering entrepreneurial talent, thinking and skills. The author's engaging style and unrivalled expertise drawn from a long-ranging career (as an academic, accountant and entrepreneur) make the book accessible and authoritative. This is an ideal textbook for those studying Entrepreneurship or Small Business on undergraduate business or management degree courses, as well as on MBA programmes. It will also appeal to those looking to launch their own businesses. New to this Edition: - Updated international case studies from entrepreneurs and small businesses, ranging from Oman to Australia - First-hand, detailed stories from real-life entrepreneurs in brand new video

interviews integrated throughout the text - Increased and integrated coverage of social and civic enterprise and hot topics such as effectuation and lean entrepreneurship

ENTREPRENEURSHIP AND SMALL BUSINESS

Springer Science & Business Media

Are you looking for an alternative to a career path at a big firm? Does founding your own start-up seem too risky? There is a radical third path open to you: You can buy a small business and run it as CEO. Purchasing a small company offers significant financial rewards—as well as personal and professional fulfillment. Leading a firm means you can be your own boss, put your executive skills to work, fashion a company environment that meets your own needs, and profit directly from your success. But finding the right business to buy and closing the deal isn't always easy. In the HBR Guide to Buying a Small Business, Harvard Business School professors Richard Ruback and Royce Yudkoff help you: Determine if this path is right for you Raise capital for your acquisition Find and evaluate the right prospects Avoid the pitfalls that could derail your search Understand why a "dull" business might be the best investment Negotiate a potential deal with the seller Avoid deals that fall through at the last minute
