FurPlanet Productions

Bride McTierney has had it with men. They're cheap, self-centered, and never love her for who she is. But though she prides herself on being independent, deep down she still yearns for a knight in shining armor. She just never expected her knight in shining armor to have a shiny coat of fur... Deadly and tortured, Vane Kattalakis isn't what he seems. Most women lament that their boyfriends are dogs. In Bride's case, hers is a wolf. A Were-Hunter wolf. Wanted dead by his enemies, Vane isn't looking for a mate. But the Fates have marked Bride as his. Now he has three weeks to either convince Bride that the supernatural is real or he will spend the rest of his life neutered--something no self-respecting wolf can accept... But how does a wolf convince a human to trust him with her life when his enemies are out to end his? In the world of the Were-Hunters, it really is dog-eat-dog. And only one alpha male can win.

**Make Your Own Pixel Art** Henry Holt  
Books For Young Readers

An illuminating study of the complex  
relationship between children and media  
in the digital age Now, as never before,  
young people are surrounded by  
media—thanks to the sophistication and  
portability of the technology that puts it  
literally in the palms of their hands.  
Drawing on data and empirical research  
that cross many fields and continents,  
authors Valkenburg and Piotrowski  
examine the role of media in the lives of  
children from birth through adolescence,  
addressing the complex issues of how  
media affect the young and what adults  
can do to encourage responsible use in  
an age of selfies, Twitter, Facebook, and  
Instagram. This important study looks at  
both the sunny and the dark side of  
media use by today's youth, including  
why and how their preferences change  
throughout childhood, whether digital  
gaming is harmful or helpful, the effects  
of placing tablets and smartphones in  
the hands of toddlers, the susceptibility

of young people to online advertising, the legitimacy of parental concerns about media multitasking, and more.

NEW YORK TIMES BESTSELLER • “Mac is back and badder than ever!”—J. R. Ward MacKayla Lane and Jericho Barrons return in the blockbuster *Fever* series from Karen Marie Moning. It’s easy to walk away from lies. Power is another thing. MacKayla Lane would do anything to save the home she loves. A gifted sidhe-seer, she’s already fought and defeated the deadly Sinsar Dubh—an ancient book of terrible evil—yet its hold on her has never been stronger. When the wall that protected humans from the seductive, insatiable Fae was destroyed on Halloween, long-imprisoned immortals ravaged the planet. Now Dublin is a war zone with factions battling for control. As the city heats up and the ice left by the Hoar Frost King melts, tempers flare, passions run red-hot, and dangerous lines get crossed.

Seelie and Unseelie vie for power against nine ancient immortals who have governed Dublin for millennia; a rival band of sidhe-seers invades the city, determined to claim it for their own; Mac's former protégé and best friend, Dani "Mega" O'Malley, is now her fierce enemy; and even more urgent, Highland druid Christian MacKeltar has been captured by the Crimson Hag and is being driven deeper into Unseelie madness with each passing day. The only one Mac can depend on is the powerful, dangerous immortal Jericho Barrons, but even their fiery bond is tested by betrayal. It's a world where staying alive is a constant struggle, the line between good and evil is blurred, and every alliance comes at a price. In an epic battle against dark forces, Mac must decide who she can trust, and what her survival is ultimately worth. Look for all of Karen Marie Moning's sensational Fever novels: DARKFEVER | BLOODFEVER | FAEFEVER | DREAMFEVER | SHADOWFEVER | ICED | BURNED | FEVERBORN | FEVERSONG Praise for Burned "Karen Marie Moning is back, delivering the kind of spellbinding, addictive, twisted tale we love to devour. Zarek's Point of View: Dark-Hunter: A soulless guardian who stands between mankind and those who would see mankind destroyed. Yeah, right. The only part of that Code of Honor I got was eternity and solitude. Insanity: A condition many say I suffer from after being alone for so long. But I don't suffer from my insanity-I enjoy every minute of it. Trust: I can't trust anyone...not even myself. The only thing I trust in is my ability to do the wrong thing in any situation and to hurt anyone who gets in my way. Truth: I endured a lifetime as a Roman slave, and 900 years as an exiled Dark-Hunter. Now I'm tired of enduring. I want the truth about what happened the night I was exiled-I have nothing to lose and everything to gain. Astrid (Greek, meaning star): An exceptional woman who can see straight to the truth. Brave and strong, she is a point of light in the darkness. She touches me and I tremble. She smiles and my cold heart shatters. Zarek: They say even the most damned man can be forgiven. I never believed that until the night Astrid opened her door to me and made this feral beast want to be human again. Made me want to love and be loved. But how can an ex-slave whose soul is owned by a Greek goddess ever dream of touching, let alone holding, a fiery star?
