Cyan Books

Is Your Boss A Moron? is designed to be a short read to differentiate between a boss and a leader. If you work for a boss this will help you understand why your boss is not a leader. If you are a supervisor or would-be supervisor you will learn the ways to motivate and appreciate employees and build a truly productive and efficient workforce. There are so many individuals in supervisory capacities today that just do not know how to gain the respect and confidence of those they are responsible for in the workplace. This will help them recognize ways in which they

can become the true leader they are capable of being. Your company, division of a company, or small staff can exceed all expectation when being led by a leader as opposed to being bossed by a boss. Find out how.

What Your Boss Really Wants from You Harvard Business Review Press

Fire Your Boss And Hire Yourself. Impossible? Not according to nationally bestselling author Stephen M. Pollan. As he says in this new and empowering book, "You don't have to accept your current work situation. You can be in control of your job and your stream of income, so you're never again subject to the whims, prejudices, moods, or circumstances of your so-called boss." In today's difficult work environment, gone are the days of finding satisfaction through your job, gone is the time when your job was secure, and gone are the days when your employer cared about you. This new environment requires new rules, and Pollan has provided surprisingly fresh and intriguing methods for finding "success" on the job. Pollan's bold and unique message begins with the idea that you must "fire your boss." By this he means you can no longer rely on your manager or your company for economic security. Instead, you must put yourself in charge of your working life. In this thought-provoking and counterintuitive career guide, Pollan presents a seven-step program and a series of exercises that give you the confidence, power, and will to achieve the life of your dreams. Once you have changed your mind-set and learned the new rules of the game, you can start the process of moving to a richer, more enriching, and more enjoyable life. And the best part about it? Your boss will love you for it.

Don't let destructive drama sideline your career. Every organization has its share of political drama: Personalities clash. Agendas compete. Turf wars erupt. But you need to work productively with your colleagues—even difficult ones—for the good of your organization and your career. How can you do that without compromising your personal values? By acknowledging that power dynamics and unwritten rules exist—and navigating them constructively. The HBR Guide to Office Politics will help you succeed at work without being a power grabber or a corporate climber. Instead you'll cultivate a political strategy that's authentic to you. You'll learn how to: Gain influence without losing your integrity Contend with backstabbers and bullies Work through tough conversations Manage tensions when resources are scarce Get your share of choice assignments Accept that not all conflict is bad Arm yourself with the advice you need to succeed on the job, from a source you trust. Packed with how-to essentials from leading experts, the HBR Guides provide smart answers to your most pressing work challenges.

Get what you need from your boss In this follow-up to the

bestselling *It's Okay to Be the Boss*, Bruce Tulgan argues that as managers demand more and more from their employees, they are also providing them with less guidance than ever before. Since the number one factor in employee success is the relationship between employees and their immediate managers, employees need to take greater responsibility for getting the most out of that relationship. Drawing on years of experience training managers and employees, Tulgan reveals the four essential things employees should get from their bosses to guarantee success at work. Shows employees how to ask for what they need to succeed in their high-pressure jobs Shatters previously held beliefs about how employees should manage up Outlines what employees must get from their managers: clear expectations; the skills needed to perform their jobs; honest feedback, recognition or rewards A novel approach to managing up, *It's Okay to Manage Your Boss* is an invaluable resource for employees who want to work more effectively with their managers.

Managing Your Boss HarperCollins Leadership

Build vital connections to accelerate your career success
Managing Up is your guide to the most valuable 'soft skill' your career has ever seen. It's not about sucking up or brown-nosing; it's about figuring out who you are, who your boss is, and finding where you meet. It's about building real relationships with people who have influence over your career. Managing up is good for you, good for your boss, and good for the organization as a whole. This book gives you strategies for developing these all-important connections and building more than rapport; you become able to quickly assess situations, and determine which

actions will move you forward; you become your own talent manager, and your boss's top choice for that new opportunity. As a skill, managing up can do more for your career than simply 'networking' ever could—and this book shows you how. Real-world strategies give you a set of actionable steps, supplemented by expert advice from a top leadership consultant that helps you get on track to advancement. It's never too early or too late to start adjusting your alignment, and this book provides the help you need to start accelerating your trajectory. Develop robust relationships with influential people Enhance your self-awareness and become more adaptable Gain new opportunities and accelerate your career Stop 'schmoozing' and develop true, lasting connections Managing up helps you build the sort of relationships that foster more communication, collaboration, cooperation, and understanding between people at different levels of power, with a variety of perspectives and skills. This type of bridge-building builds your reputation for effectiveness and fit, so you can start skipping rungs on the ladder as you build a strong, successful career. Managing Up is your personal manual for building this vital skill so you can begin building your best future.

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green

does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

It's time to make a ruckus at work. *Fire Your Boss* is the disruptive alternative blueprint for charting a new life-giving career path that gives you control, allowing you to set your own rules for your work life. Provocative, liberating, and universally appealing, *Fire Your Boss* seeks to help readers resolve the deepest root of workplace unrest—namely, fear and self-preservation. This book upgrades readers' core belief systems, demonstrates how to liberate their careers forever, and ultimately, join a heretical uprising without becoming an entrepreneur, changing jobs, or simply white-knuckling their way to retirement. Aaron McHugh maps out how to make philosophical, emotional, tactical, and heart-centered shifts at every intersection on the career journey. Firing your boss does not require you to leave to your job. Firing your boss does not require you to start a new business. Firing your boss becomes the life-altering daily mantra that transforms the disengaged into

hopeful leaders. Discover how to plot a new course of career freedom and independence, empowerment, and self-reliance. Find your smile again, rekindle your mojo, recapture the art of your work, and start enjoying your work every single day.

WHAT YOUR BOSS DOESN'T TELL YOU UNTIL IT'S TOO LATE

Springer

Your Boss is Not Your Mother is an essential new guide to uprooting and solving the underlying problems that cause office drama, with positive guidance for improving workplace relationships. Most people who are unhappy at work attribute it to their relationship with coworkers. By continually getting sucked into workplace drama, they're usually replicating problems they had with parents, siblings, or others in childhood. Dr. Debra Mandel attacks these workplace problems at the roots. Using real-life stories and anecdotes, she demonstrates how to respond to people in the workplace with a clear head. This warm and insightful guide is full of interactive features—self-tests, exercises and checklists—designed to help you explore and assess your workplace interactions, let go of negative influences, and take charge of your work life.

A Book for Anyone Who Has a Boss Or Is a Boss Harper Collins

Managing your boss: Isn't that merely manipulation? Corporate cozying up? Not according to John Gabarro and John Kotter. In this handy guidebook, the authors contend that you manage your boss for a very good reason: to do your best on the job—and thereby benefit not only yourself but also your supervisor and

your entire company. Your boss depends on you for cooperation, reliability, and honesty. And you depend on him or her for links to the rest of the organization, for setting priorities, and for obtaining critical resources. By managing your boss—clarifying your own and your supervisor's strengths, weaknesses, goals, work styles, and needs—you cultivate a relationship based on mutual respect and understanding. The result? A healthy, productive bond that enables you both to excel. Gabarro and Kotter provide valuable guidelines for building this essential relationship—including strategies for determining how your boss prefers to process information and make decisions, tips for communicating mutual expectations, and tactics for negotiating priorities. Thought provoking and practical, Managing Your Boss enables you to lay the groundwork for one of the most crucial working relationships you'll have in your career.

[Why Your Boss Is Programmed to Be a Dictator](#) Work Life Play Annotation.

[How to Talk to Your Boss About Race](#) Ballantine Books

Nonprofit leadership is messy Nonprofits leaders are optimistic by nature. They believe with time, energy, smarts, strategy and sheer will, they can change the world. But as staff or board leader, you know nonprofits present unique challenges. Too many cooks, not enough money, an abundance of passion. It's enough to make you feel overwhelmed and alone. The people you help need you to be successful. But there are so many obstacles: a micromanaging board that doesn't understand its true role; insufficient fundraising and donors who make unreasonable demands; unclear and inconsistent messaging and marketing; a leader who's a star in her sector but a difficult boss... And yet,

many nonprofits do thrive. Joan Garry's Guide to Nonprofit Leadership will show you how to do just that. Funny, honest, intensely actionable, and based on her decades of experience, this is the book Joan Garry wishes she had when she led GLAAD out of a financial crisis in 1997. Joan will teach you how to: Build a powerhouse board Create an impressive and sustainable fundraising program Become seen as a 'workplace of choice' Be a compelling public face of your nonprofit This book will renew your passion for your mission and organization, and help you make a bigger difference in the world.

Fire Your Boss John Wiley & Sons

Drama queens come from all walks of life, regardless of age, gender, race, sexuality or socioeconomic status. Drama queens perceive danger where there is none. They personalise things that aren't personal. They spend hours trying to control things they have no control over. This book provides solutions for those who are trapped in 'drama queen' mode. They learn how to say goodbye to unnecessary response styles that make them feel unhappy and stressed out. Partners also learn how to cope with - and understand - their behaviour, and learn how to support them. *Managing Up* Alyson Publications

Now with a new chapter that focuses on what great bosses really do. Dr. Sutton reveals new insights that he's learned since the writing of Good Boss, Bad Boss. Sutton adds revelatory thoughts about such legendary bosses as Ed Catmull, Steve Jobs, A.G. Lafley, and many more, and how you can implement their techniques. If you are a boss who wants to do great work, what can you do about it? Good Boss, Bad Boss is devoted to answering that question. Stanford Professor Robert Sutton

weaves together the best psychological and management research with compelling stories and cases to reveal the mindset and moves of the best (and worst) bosses. This book was inspired by the deluge of emails, research, phone calls, and conversations that Dr. Sutton experienced after publishing his blockbuster bestseller The No Asshole Rule. He realized that most of these stories and studies swirled around a central figure in every workplace: THE BOSS. These heart-breaking, inspiring, and sometimes funny stories taught Sutton that most bosses - and their followers - wanted a lot more than just a jerk-free workplace. They aspired to become (or work for) an all-around great boss, somebody with the skill and grit to inspire superior work, commitment, and dignity among their charges. As Dr. Sutton digs into the nitty-gritty of what the best (and worst) bosses do, a theme runs throughout Good Boss, Bad Boss - which brings together the diverse lessons and is a hallmark of great bosses: They work doggedly to "stay in tune" with how their followers (and superiors, peers, and customers too) react to what they say and do. The best bosses are acutely aware that their success depends on having the self-awareness to control their moods and moves, to accurately interpret their impact on others, and to make adjustments on the fly that continuously spark effort, dignity, and pride among their people.

Never Get a "Real" Job John Wiley & Sons

An indispensable practical toolkit for dismantling racism in the workplace without fear Reporting and personal testimonials have exposed racism in every institution in this country. But knowing that racism exists isn't nearly enough. Social media posts about #BlackLivesMatter are nice, but how do you push leadership

towards real anti-racist action? Diversity and inclusion strategist Y-Vonne Hutchinson helps tech giants, political leaders, and Fortune 500 companies speak more productively about racism and bias and turn talk into action. In this clear and accessible guide, Hutchinson equips employees with a framework to think about race at work, prepares them to have frank and effective conversations with more powerful leaders, helps them center marginalized perspectives, and explains how to leverage power dynamics to get results while navigating backlash and gaslighting. *How to Talk To Your Boss About Race* is a crucial handbook to moving beyond fear to push for change. No matter how much formal power you have, you can create antiracist change at work.

How to Forge an Effective Relationship With Those Above You
Judaica Press

Everyone has a boss. And anyone who has aspired to move up the corporate ladder knows that their relationship with those they report to is crucial. In *Managing Up* Rosanne Badowski offers a straightforward, entertaining, no-holds-barred account of what it takes to make your relationship with your boss work to your advantage, no matter where you stand in the corporate hierarchy. Told through rich, colorful anecdotes about her years

spent working with one of the smartest, most demanding and dynamic business leaders of the twentieth century, legendary GE CEO Jack Welch, Badowski reveals the secrets to career success she has gleaned over the years. At heart, it's about working with the person above you to create a productive and effective partnership. Everyone is a manager, in one way or another, Badowski points out. She discusses first-hand what it's like to have to be a mind reader, to anticipate the future, to plan for the unexpected, and to perform the impossible. With refreshing candor and a hint of attitude, Badowski's advice is unlike any other. She advises us that "Impatience is a virtue," to "Have no shame," and to "Beware the too-quiet office." Having worked in one of the most challenging, high-profile corporate environments anywhere, no one knows more about prioritizing, about making decisions on behalf of your boss, about sifting through a daily barrage of data and information, about multitasking at warp speed, and exhibiting grace under fire. Ultimately, Badowski says, excelling at what you do is about a shared passion for the job. *Managing Up* is an invaluable guide for managing your career and juggling responsibilities with finesse and confidence. It should become a management bible for anyone hoping to get ahead in their profession.
