LITTLE WORLDS

Novel Units, Incorporated
 In "this enchanting story about friendship," two fourth grade girls discover a magical world hidden in one's backyard (Publishers Weekly). No fourth grader trusts Sara-Kate Connolly. Her boots are dirty, her clothes are weird, and she's so maladjusted that the school had to hold her back a grade. But Hillary is her next-door neighbor, and can't say no when the unusual loner invites her over to play. In Sara-Kate's overgrown backyard, Hillary will find proof of a world of magic—the kind that can only blossom between true friends. Among the rusted car parts and wild plants, a miniature village has sprung up. It has tiny houses made from string, sticks, and maple leaves; a well with a

bottlecap for a bucket; and even a little playground with a Popsicle-stick Ferris wheel. But there's absolutely no sign of who built this miniature world. To Sara-Kate, the answer is clear—only elves could be responsible for something so enchanted. As she and Hillary watch for their elusive new friends, they learn that friendship, like magic, springs up where you least expect it. This ebook features a personal history by Janet Taylor Lisle including rare images and never-before-seen documents from the author's own collection.

NOVELS FOR STUDENTS Harper Collins
In 1943, during the German occupation of Denmark, 10-year-old Annemarie learns how to be courageous and resourceful as she helps shelter her Jewish friend from the Nazis. Reprint. Newbery Medal Winner *Anastasia Krupnik* Gale, Cengage Learning
The unforgettable Newbery Medal-winning novel from Lois Lowry. As the German troops begin their campaign to "relocate" all the Jews of Denmark, Annemarie Johansen's family takes in Annemarie's best friend, Ellen Rosen, and conceals her as part of the family. Through the eyes of ten-year-old Annemarie, we watch as the Danish Resistance smuggles almost the entire Jewish population of Denmark, nearly seven thousand people, across the sea to Sweden. The heroism of an entire nation reminds us that there was pride and human decency in the world even during a time of terror and war. A modern classic of historical fiction, *Number the Stars* has won generations of fans and

continues to speak to today's readers. Jessica Grose wrote in a November 2022 New York Times essay entitled "This Perfect Mother-Daughter Read Holds a Powerful Lesson for Fighting Antisemitism": "Number the Stars is particularly relevant to our family, and to this moment." As School Library Journal put it: "Readers are taken to the very heart of Annemarie's experience, and, through her eyes, come to understand the true meaning of bravery."
