For undergraduate or graduate courses that include planning, conducting, and evaluating research. A do-it-yourself, understand-it-yourself manual designed to help students understand the fundamental structure of research and the methodical process that leads to valid, reliable results. Written in uncommonly engaging and elegant prose, this text guides the reader, step-by-step, from the selection of a problem, through the process of conducting authentic research, to the preparation of a completed report, with practical suggestions based on a solid

theoretical framework and sound pedagogy. Suitable as the core text in any introductory research course or even for self-instruction, this text will show students two things: 1) that quality research demands planning and design; and, 2) how their own research projects can be executed effectively and professionally.

The topics throughout the Coursebook have been chosen to appeal to an adult learner's curiosity, and to reflect material that they would naturally read for pleasure in their native language.

Critical thinking skills are promoted through the choice of topics and the way the material is exploited.

INTERCULTURAL COMMUNICATION. NEW PERSPECTIVES FROM ELF

National Geographic Applies applied linguistic theories to

the development of materials for language learning to add new depth to the field.

UPPER-INTERMEDIATE. TEACHER'S BOOK

MacMillan

La comunicazione interculturale è il filo rosso che attraversa quasi tutti i contributi di questo volume. Negli ultimi venti anni tale nozione è stata esplorata e, più recentemente, rivisitata in una prospettiva ELF in diverse aree di ricerca come, ad esempio, la comunicazione strategica d'affari, la consapevolezza interculturale, l'insegnamento delle lingue, la formazione docenti, i discorsi socioculturali, così come gli stessi studi interculturali. Scopo di

questo libro è fornire ai lettori una selezione di articoli recenti e stimolanti, nonché contribuire alla fiorente crescita di pubblicazioni su ELF. Il libro è diviso in tre parti, che coprono tre temi principali: 1) ELF, insegnamento delle lingue e la formazione dei docenti; 2) La comunicazione in contesti migratori e plurilingui; atteggiamenti e interazioni; 3) ELF nel mondo degli affari e in quello universitario. Il volume contiene ventiquattro capitoli scritti da studiosi e ricercatori che hanno partecipato al Convegno Internazionale ELF6, svoltosi a Roma presso l'Università Roma Tre nel 2013. I contributi si fondano sulle presentazioni da loro

fatte in occasione di tale convegno.

IELTS Graduation

Springer

This book takes the view that ELT global coursebooks, in addition to being curriculum artefacts, are also highly wrought cultural artefacts which seek to make English mean in highly selective ways and it argues that the textual construction (and imaging) of English parallels the processes of commodity promotion more generally.

Oxford University Press, USA

Ideal for teachers looking for an easy-to-use adult general English course, Straightforward, is flexible and simple to

use, based around 12 topics per level. It always takes the most suitable methodological approach to what is being taught, resulting in the perfect balance of skills and language work. Extra section including functional language, writing skills, grammar notes and word lists round off the Students Book. Key Features: Simple enough for new teachers to use; flexible enough for the *Applied Linguistics and Materials Development* MacMillan The Global Innovation Index 2020 provides detailed metrics about the innovation performance of 131 countries and economies around the world. Its 80 indicators explore a broad vision of innovation, including

political environment, education, infrastructure and business sophistication. The 2020 edition sheds light on the state of innovation financing by investigating the evolution of financing mechanisms for entrepreneurs and other innovators, and by pointing to progress and remaining challenges – including in the context of the economic slowdown induced by the coronavirus disease (COVID-19) crisis.
