Written from the perspective of Chamor the donkey, this tale tells the story of Jesus, from the Nativity to the Passion. The book combines modern easy flowing text with comic book style illustrations. Chuck Hempel masterfully weaves Biblical references into the lives of three generations of donkeys, all linked by their birthmark and knowledge of Christ. A fun read for children of all ages!

"... You will see a young donkey tied there that no one has ever ridden." Bestselling author Anthony DeStefano begins his creative telling of the beloved Bible story of Christ's triumphant entry by introducing the young donkey who has yet to realize his important mission. The lowly creature believes he can do nothing noble, but that's before he meets the Master... Then Jesus said to the donkey, "It's time that you knew About the great thing That you're destined to do..." He hears the sad donkey cry, "Just leave me alone and cast me aside. I'm just a poor donkey that no one can ride." Richard Cowdrey's colorful

illustrations pair beautifully with Anthony's charming rhymes. Together, they bring this timeless story of the donkey who carries Jesus into Jerusalem to a joyful finish. While especially appropriate as an Easter gift, this year-round story is for all time and for young and old alike.

Kevin O'Hara's journey of self-discovery begins as a mad lark: who in their right mind would try to circle the entire coastline of Ireland on foot—and with a donkey and cart no less? But Kevin had promised his homesick Irish mother that he would explore the whole of the Old Country and bring back the sights and the stories to their home in Massachusetts. Determined to reach his grandmother's

village by Christmas Eve, Kevin and his stubborn but endearing donkey, Missie, set off on 1800-mile trek along the entire jagged coast of a divided Ireland. Their rollicking adventure takes them over mountains and dales, through smoky cities and sleepy villages, and into the farmhouses and hearts of Ireland's greatest resource—its people. Along the way, Kevin would meet incredible characters, experience Ireland in all of its glory, and explore not only his Irish past, but find his future self. “One of the finest books about contemporary Ireland ever written...In a style evocative of Steinbeck's *Travels with Charley*, O'Hara writes memorably of his most unusual way of touring his ancestral home of Ireland.” —Library Journal At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

In this enchanting book, Andrew Merrifield sets out on a journey of the soul with a friend's donkey, through the crumbling ruins and spectacular vistas of southern France's Haute-Auvergne. Along the way the understated nobility of Gribouille, his humble donkey companion, allows him to confront himself as well as to consider the larger mysteries of life. As Merrifield contemplates literature, science, truth, beauty, and the universality of nature amid the French countryside, Gribouille surprises him with his subtle wisdom, reminding him time and again that enlightenment is all around us if we but seek it. Traveling with Merrifield and Gribouille, we're reminded of the exquisite benefits of nature, passive adventuring, and wild spaces.

The heartwarming tale of an irrepressible

donkey who needed a home—and forever changed a family. Rachel Anne Ridge was at the end of her rope. The economy had crashed, taking her formerly thriving business along with it. She had been a successful artist, doing work she loved, but now she felt like a failure. How would her family pay their bills? What would the future hold? If only God would somehow let them know that everything was going to be all right . . . and then Flash the donkey showed up. If there is ever a good time to discover a wounded, frightened, bedraggled donkey standing in your driveway, this wasn't it. The local sheriff dismissed Flash as “worthless.” But Rachel didn't believe that, and she couldn't turn him away. She brought Flash into her struggling family during their darkest hour—and he turned out to be the very thing they needed most. Flash is the true story of their adventures together in learning to love and trust; breaking down whatever fences stood in their way; and finding the strength, confidence, and faith to carry on. Prepare to fall in love with Flash: a quirky, unlikely hero with gigantic ears, a deafening bray, a personality as big as Texas, and a story you'll never forget.

Precious had a poor start to life. For the first five years she didn't even have a name and was always hungry, frightened and unloved. Life held no hope or meaning until one day a kind lady came to her

rescue and gave her a name. This is a heart-warming story of how a relationship between an animal and a human being can deeply enrich the lives of both. Complete with many illustrations by the author.

Jesus had little patience with institutional religion that cared for its own needs while neglecting the plight of ordinary people. In one of his most famous parables, he sets up as a model of Christian behavior a man who, unlike some religious folks, actually gets down off his donkey and helps a person in dire need. With energy and enthusiasm, Reggie McNeal calls believers to dismount, get down and dirty, and live a life that makes a difference. He shows readers how to recalibrate their spiritual efforts to move from church-centric service to greater community engagement in order to do their essential part in creating a world worth living in. McNeal also shows readers that helping others actually helps the one doing the service just as much as the one being served. In fact, serving is the very best way to learn about yourself and grow spiritually.

Anyone who longs to have the impact on the world that Jesus did will love this provocative and inspirational message.

In this heartfelt, thoughtful, and inspiring memoir, New York Times bestselling author Jon Katz tells the story of his beloved rescue donkey, Simon, and the wondrous ways that animals make us wiser and kinder people. In the spring of 2011, Jon Katz received a phone call that would challenge every idea he ever had about mercy and compassion. An animal control officer had found a neglected donkey on a farm in upstate New York, and she hoped that Jon and his wife, Maria, would be willing to adopt him. Jon wasn't planning to add another animal to his home on Bedlam Farm, certainly not a very sick donkey. But the moment he saw the wrenching sight of Simon, he felt a powerful connection. Simon touched something very deep inside of him. Jon and Maria decided to take him in. Simon's recovery was far from easy. Weak and malnourished, he needed near constant care, but Jon was determined to help him heal. As Simon's health improved, Jon would feed him by hand, read to him, take him on walks, even confide in him like an old and trusted friend. Then, miraculously, as if in reciprocation, Simon began to reveal to Jon the true meaning of compassion, the ways in which it can transform our lives and inspire us to take great risks. This radically different perspective on kindness and empathy led

Jon to a troubled border collie from Ireland in need of a home, a blind pony who had lived outside in a pasture for fifteen years, and a new farm for him and Maria. In the great tradition of heroes—from Don Quixote to Shrek—who faced the world in the company of their donkeys, Jon came to understand compassion and mercy in a new light, learning to open up “not just to Simon, not just to animals, but to the human experience. To love, to risk, to friendship.” With grace, warmth, and keen emotional insight, *Saving Simon* plumbs the depths of the bonds we form with our animals, and the rewards of “living a more compassionate, considered, and meaningful life.” Praise for *Saving Simon* “Heartwarming . . . a touching tale.”—USA Today “Highly recommended . . . an enjoyable and thoughtful work.”—Library Journal (starred review) “[*Saving Simon*] handles the emotional highs and lows of living with animals with empathy and thoughtfulness, forcing readers to re-examine their own meanings of compassion and mercy.”—Kirkus Reviews “The message of this true story will linger with the reader long after the book has been placed on the shelf.”—Bookreporter

An empowerment manifesto for creatives, misfits, innovators, and disruptors from the star of *So You Think You Can Dance* and creator of Broadway's *Finding Neverland* *A Unicorn in a World of Donkeys* offers a playbook for living a creative and authentic life. Using her own story as a launching spot, and creative quizzes, charts, and lists to engage the reader in an interactive journey, Mia Michaels explores the experience of the unicorn in a world of donkeys, a world where fitting in, pleasing others, following rules, and maintaining norms—no matter how messed up those norms are—is the only acceptable path. She acknowledges the struggles of the unicorn life—loneliness, ridicule, being misunderstood and undervalued—and goes on to encourage readers to reframe the unicorn life the way she has, as essential to a life of brilliance.
