A Life Without Consequences is a semi-biographical novel from emerging author Steve Elliott. His novel traces the fate of Paul, a boy whose mother has died and who runs away from a violent father. The book follows Paul from living on the streets of Chicago to passing through juvenile institutions and a state system that is primarily programmed for failure. There, he meets Tanya and they fall in love but they are young and are separated after a failed attempt to escape the institution. Paul battles through the violent system all the while battling his own rapidly budding adolescence. But as he turns sixteen he starts to come to terms with his own path, not as an adult, but as a scared child. Paul's emotions that we think of as anger are actually the determination to take control of his future. As he starts to overcome the system that has housed him, we see him developing a voice and a future of his own, but one day Tanya reappears in his life and the real decisions have to be made. While the characters are fictional, they do not have to be they are representative of many and we realize the fragility of childhood and the burden on the children who have nowhere else to go.

You Were Here is a gripping, emotional novel perfect for fans of Nicola Yoon, Jennifer Niven, and Adam Silvera, that moves seamlessly from prose to graphic novel panels and word art poetry. Jaycee is about to accomplish what her older brother Jake couldn't: live past graduation. Jaycee is dealing with her brother's death the only way she can—by re-creating Jake's daredevil stunts. The ones that got him killed. Jaycee doesn't expect to have help on her insane quest of urban exploration to remember Jake. But she's joined by a group of unlikely friends—all with their own reasons for completing the dares and their own brand of dysfunction: Natalie: the ex-best friend Bishop: the heartbroken poet Zach: the slacker with Peter Pan syndrome, and... Mik: who doesn't speak, but somehow still challenges Jaycee to do the unthinkable—reveal the parts of herself that she buried with her brother. From the petrifying ruins of an insane asylum to the skeletal remains of the world's largest amusement park, You Were Here takes you on an unforgettable journey of friendship, heartbreak, and inevitable change. "You Were Here is wrenchingly beautiful in its honest and aching accurate portrayal of grief and how it breaks us—and the way unconditional friendship puts us back together."—Jo Knowles, award-winning author of See You At Harry's and Read Between the Lines "The urban explorers of You Were Here dive deep into the forgotten man-made spaces all around them—and their own feelings of loss, love, and fear. McCarthy deftly intertwines the characters' stories, filling them with authentic pain and heartache as well as soaring moments of grace and humor. I dare you to read it!" —Maggie Lehrman, author of The Cost of All Things

In this unusual and unique volume, Alexander Leitch provides a warm, often witty, and always informative reference book on Princeton University. The collection of approximately 400 articles, alphabetically arranged and written by some seventy faculty members and alumni in addition to the author, covers all aspects of Princeton life in the past as well as in the present. Of special interest are the biographies of eminent Princetonians, including the University's presidents, well-known trustees, distinguished deans, famous alumni, and some of Princeton's most prominent and popular professors. Other articles in the book embrace a wide range of topics: histories of academic departments, programs, and research units; descriptions of the honor system, the preceptorial method, the four-course plan, and coeducation; a historical survey of the University's acquisition of land and the development of its campus, together with articles on its principal buildings; pieces on student activities; accounts of alumni activities; articles on athletics; portraits of notable personalities; and commentaries on a host of lighter topics such as the cane spree, beer jackets, the Faculty Song, the proctors, and Veterans of Future Wars. Among the most important articles are one summarizing Woodrow Wilson's Sesquicentennial address, "Princeton in the Nation's Service," and a dozen others recording faculty and alumni achievements toward the goal encompassed by that phrase. "Mark Mayer writes with a humorous, wistful elegance. His stories are singular, as detached and intimate as dreaming." --Marilynne Robinson Welcome to the sublime circus of Mark Mayer's Michener-Copernicus-winning debut, *Aerialists*, a fiercely inventive collection of nine stories in which classic carnival characters become ordinary misfits seeking grandeur in a lonely world. Under the luminous tent of Mayer's prose, we see P.T. Barnum's caravan remade: A young misogynist finds a confidante in a cable-TV strongwoman. A realtor for the one percent invokes his inner murder clown. A skin-and-bones mathematician and his bearded wife plot revolution. A friendless peach farmer holds a funeral for a beloved elephant. And a model-train hobbyist prepares to throw his miniature world in the trash. The circus has always been a collection of American exaggerations-the bold, the beautiful, the freakish, the big. *Aerialists* finds these myths living in the everyday. Mayer's deftly drawn characters illuminate these small-scale spectacles, and their attempted acts of daring and feats of strength are rendered with humor, generosity, and uncommon grace.
