Men and  
motorcycles: a  
story that has  
vacillated  
somewhere  
between cult  
and cliché for  
years. Custom  
bikes, in  
particular,  
have a history  
that is deeply  
rooted in the  
spirit of  
freedom and  
change of the  
1960s, as well  
as man's  
primal urge to  
build  
something  
with his own  
hands--or, in  
this case,  
tools. The  
Ride 2nd Gear  
is a showcase  
of the power  
and beauty of

these bikes.  
The Ride 2nd  
Gear presents  
a stunning  
selection of  
recent custom  
motorcycles,  
as well as the  
small, local  
workshops  
around the  
globe in which  
they are built.  
Hotbeds of  
creativity and  
craftsmanship,  
these  
workshops are  
mostly run by  
single  
individuals  
and attract a  
small yet  
devoted  
community of  
fans and  
fellow  
builders. The  
custom bike  
community as  
a whole is  
united by its

passion for  
the ride--one  
so strong that  
it is now  
attracting a  
younger  
generation.  
Whether alone  
or in a group  
of like-minded  
friends, in a  
city or in the  
countryside,  
just for the  
weekend or  
embarking on  
a long-  
distance road  
trip, these  
drivers are  
actively  
sharing and  
celebrating  
pure riding  
pleasure on  
their own  
unique  
motorcycles  
that are  
lovingly  
crafted with  
time,

dedication, and technical expertise. From limited series to one-offs, *The Ride 2nd Gear* features the brilliant results of this process. Its pages are filled with bikes that offer extraordinary design and driving experiences. In fact, established brands are now acting on trends set by the custom scene whose bikes are often more radical and sophisticated because more attention can

be paid to detail and each new idea can be fine-tuned to perfection. Some models shown in *The Ride 2nd Gear* stem from or are based on classic bobbers and choppers, Italian-style racing machines, plastic Japanese motorcycles, and rare BMWs or Triumphs, which may very well be up to 80 years old. Others are art bikes made for show or futuristic visions inspired by

the aesthetics of science fiction, fantasy, or anime. But whether they preserve or radically expand on traditional craftsmanship, these custom machines are more agile, faster, and therefore more fun than anything produced in the past. Journalist and custom motorcycle expert Chris Hunter co-edited both this book and our previous release *The Ride*. Born in England, Hunter now

lives with his family in New Zealand, where he runs the motorcycle website Bike EXIF. It is now the world's most popular showcase of custom bikes with millions of pageviews every month and a passionate global following.

## **A VISION OF CUSTOM MOTORCYCLES**

Haynes Manuals N. America, Incorporated The spearhead of a highly successful

export drive, a winning production racer and the top 'street fighter' of its day, the Triumph Bonneville retains a special place in the hearts of motorcyclists worldwide. Motorcycle expert Steve Wilson offers personal recollections from those who have tuned, raced and restored Bonnevilles; details of the Bonnie's racing successes; buying and tuning tips; and technical

specifications to deliver this detailed study of the machine and the men who helped make it a motorcycle icon.

### **10th Edition**

Mosby Incorporated Discover everything you've ever wanted to know about marijuana all in one place with this authoritative A-to-Z guide to cannabis! What's a wake and bake? Who is Mitch Hedberg? What does Louisa May Alcott have to do with

cannabis? And what exactly is the difference between a bong and a bubbler? Now you can “weed” all about it and find all the answers and more with this entertaining and updated edition of Weedopedia, your guide to everything marijuana—from the best movies to watch while high to cannabis slang and terminology. Whether you’re interested in learning more about all

things marijuana, or if you want something entertaining to read while enjoying a toke, this book is the one-stop-shop for all your weed-related needs. Veloce Publishing Ltd CD-ROM contains full text for all the procedures available in the manual. Files are provided both as fully formatted Word 6.0 (.doc) documents and as text-only documents (.txt). *Sketchbook*

This book examines the lives and writings of important intellectual women, most of whom are known by small circles

only and then in a foreign language. This is the first time many of them, including someone as famous (in Austria) as Kaethe Leichter, will see the light of day in English. The work shows how these women negotiated their national and Jewish identities, their intellectual interests and personal lives in the multi-cultural population of Central Europe.

## **LAND ROVER 90. 110. DEFENDER**

Nada Scooterboys are the lost tribe of British youth culture. Unrecognised, uncelebrated and unwanted; misunderstood by a general public who mistook us for Mods. We weren't Mods though. By the 1980s myself and tens of thousands of scooter riders collectively rejected that

label. Instead, we took the roadmap of British youth disaffection and carved a new bypass. This route took us beyond the UK's faded seaside resorts, allowing us to spread our creed across the continents. Tuned and customised Vespa and Lambretta scooters gave us freedom to roam; transport to live for the weekend. Shared experiences of riots, local hostility and

police harassment built strong fraternal bonds that endure to this day. Despite decades of two-wheeled rebellion our threat level was never high enough to put us on the national security radar. This low profile has its benefits. We aren't doomed to follow the same cycle as Mods. First feared, then pilloried, accepted and finally adopted as part of UK's rich culture. As British as a vindaloo. The

cult of Scooterboy has escaped death-by-public-acceptance, simply by remaining too underground. Too difficult to distinguish from what came before. And that's just perfect. You'll never see Scooterboys parodied in TV insurance adverts or low budget fly-on-the-walls. The poorly-rendered caricature is always some cliché Mod on a 'Christmas Tree' scooter. If you rode to rallies in the 80s and 90s

then this book will mirror your experiences. If you've never had a scooter then it offers a rare glimpse of life inside the lost tribe of two-stroke terrorists.

**The Castrol Book of the Scottish Six Days Trial**

Carpet Bombing Culture After her nightmarish recovery from a serious car accident, Faye gets horrible news from her doctor, and it hits her hard like a rock: she can't bear children. In extreme

shock, she breaks off her engagement, leaves her job and confines herself in her family home. One day, she meets her brother's best friend , and her soul makes a first step to healing.

**Battery-only Powered**

**Cars** History Press The world came to know the MV Augusta F4 in the autumn of 1997. After 20 years of oblivion, the legendary marque makes its comeback with this 4-

cylinder in line front gear masterpiece, the classic "architecture" of the glorious Italian school. Those in the know have no doubts: the "most beautiful motorcycle in the world" is still the MV Agusta F4. *An InWent Contribution to Public Administration Reform in Vietnam* Cambridge University Press  
 Kawaii Nightmare 2 Year (24 Months) Weekly Planner & Daily

down your gratitudes for the day!  
 Perfect size for a backpack or to fit in your purse!  
 Amazing Christmas present idea for both men & women alike!

**Build Book by Chris Ashton**

Giorgio Nada Editore  
 This book covers the background, conception, design, production and aftermath of the iconic Ferrari 288 GTO, including the prototypes, the early production

cars, the mainstream production cars in their various specification guises, and the Evolution cars planned for the aborted Group B FIA race series. It features over 400 relevant photographs, from original production images to the cars as they are today, including the 1984 Geneva Salon where the car debuted, the first ever GTO Reunion in 1985, current salon and action images, right up to the

25th Anniversary Ferrari 288 GTO Reunion held in America in 2009. Also featured are the actual factory production approval sheets, as filed with the Italian government, in an illustrated technical drawing form, along with a chassis by chassis register of every 288 GTO built, including destroyed prototypes, production cars, and GTO Evoluzioni -

in fact all 284 cars ever built.

## **KAWAI NIGHTMARE**

How to Build a Motorcycle  
A Nut-And-Bolt Guide to Customizing Your Bike  
How do you go from being happily married , beautiful children and a growing ministry to being homeless ,children taken and no job . I lost so much I felt alone. In the midst of my life going into a downward spiral , I held on to my God

.I can truly say  
I went from  
the pit to the  
pulpit.

Il Libro

Ufficiale/the  
Official Book

Brooklands

Book Limited

Go on the trip

of a lifetime.

Two Wheels

South shows

you how to

realize your

own journey.

Two friends

take the

motorcycle

trip of their

life--From

Brooklyn to

Patagonia.

Matias Corea

shares his

insights on

how to

prepare,

choose the

right

motorcycle,

what to pack,

how to plan

the route,

where to

camp and last

but not least:

How to

prepare your

mind.

Setbacks and

breaking down

are part of the

adventure, but

preparation

and being on

the road teach

you the

confidence to

tackle any

problem.

Follow Matias

Corea and his

friend Joel

through the

American

South, Central

America over

the Darien

Gap and

beyond, over

wooden

cracking

jungle bridges

in Colombia

and to dry

lake high

plateaus in

Argentina.

Feel the

character of

the roads and

the smell of

nature: Riding

a motorcycle

is one of the

purest forms

of traveling.

After 7

months and

13 countries

Matias and

Joel have

learned a lot

while riding

down south on

their trusty

BMW air-

cooled G / S

overland

haulers and

are ready to

share their

experience.

Two Wheels

South invites

you on the experience of a lifetime. Weedopedia Harlequin / SB Creative On the occasion of the 90th anniversary of Pininfarina, a marque synonymous with style and elegance applied to car design, Pininfarina is a book that surveys, for the first time, the entire output of the Turin coachbuilder, model by model. Produced in close collaboration

with the company, it draws on invaluable photographic material accompanying brief contextualising texts. Tracing the history of Pininfarina from its origins to the present day entails reviewing some of the most iconic models in automotive history: from the numerous Ferraris bodied by the historic partner of the Maranello firm to cars such as the Cisitalia

202, the Lancia Aurelia, the Alfa Romeo Duetto and 164, the Maserati GranTurismo through to the current models born under the aegis of the Indian firm Mahindra. The book also covers the numerous Pininfarina concept cars that have written glorious pages in the history of design, raising the bar every time in terms of the excellence of the car product.
