In *Are You My
Monster?*, the monster-
loving boy from *I Need
My Monster* tries to
find his monster. He
compares his
drawing—showing a
green monster with a
long tail, pointy nails,
and big teeth—with an
assortment of amusing
monsters, until he finds
the perfect match. This
turns out to be his
beloved STUFFED
monster toy. Children
will love comparing
colors, checking if tails
are long or short, if
nails are pointy or
round, if teeth are big

or small until they, too,
find the monster who is
a perfect match.

Heart of a Monster
Potter Craft
"Tatulli's entry into the comics/fiction--hybrid

market is one of the best...The target audience will snap this up and beg for more." - --Kirkus Reviews (starred review) "This is full of ghoulish fun, and fans of *Diary of a Wimpy Kid* probably won't want to miss it." - --School Library Journal

"Desmond Pucket neatly fills a gap for our readers---it's a step more sophisticated than *Diary of a Wimpy Kid* but appeals to that reader. It's also so great to have a Halloween/monster/scary stuff series to offer boys that is not *Goosebumps*." --- Rebecca Waesch, Children's Product Manager, Joseph-Beth Booksellers Meet Desmond Pucket--- professor of frightology and master of monsters. Someday Desmond will be

famous for his special effects wizardry, but for now he's just trying to make it through sixth grade at Cloverfield Memorial Junior High, which means he needs to stay one step ahead of the school's disciplinary officer, Mr. Needles. The only problem is Desmond just can't stop pulling pranks---like the time he attached a shrieking rubber goblin to the toilet seat in the teachers' bathroom. Mrs. Rubin screamed so loudly her wig flew off! Or the time he put giant motorized worms into the mashed potatoes in the cafeteria. Or the time Desmond and his best friend, Ricky, arranged for a three-headed ghost to crash his sister's slumber party. Rachel still hasn't

forgiven him. And now Desmond has to stay prank-free for the rest of the year, or he won't be able to go on the class trip to Crab Shell Pier, home of the Mountain Full of Monsters ride! It's going to be tough, but Desmond has to try. This book includes a section of "Desmond's Notes": instructions for making monster magic (think scary noises, or fake blood) at home!

Prepare for the ultimate erotic LitRPG experience! Five years ago, the world Changed. People transformed into fantastical Races, gained powerful and mystical Classes and could look up their Status at any time.

However, while the world became disrupted by dungeons and mythical creatures and unlimited physical and mental potential, humanity mostly stayed the same. People - no matter their new Races and powers - went back to work, and the world continued on as if it was just another day. Honoka Jefferson is one of those people that Changed, but her life mostly stayed the same. Same boring job, same small and shapeless body, same non-existent social life, same tendency to make puns and quote old movies. Only now she had a sixteen-inch futanari cock! An architect working in Boston, all she wants is to figure out how to level up her Class and become something

more than boring. If she can't obtain normal, she'll settle for turning into something MORE than normal. When a chance encounter leads to finally unlocking her powers, Honoka finds she might have gotten more than she can handle.-----WARNING: this is a work of erotic fiction and intended for adults. Themes include a monster girl lesbian harem, futa/female couplings, LitRPG/GameLit elements and lots of female growth (BE, FMG, GTS, etc). Seriously, this is not a run-of-the-mill harem novel: THERE IS A LOT OF SEX AND FETISH GROWTH/TRANSFORMATION!! The story contains some traumatic content.
