KEMP PRATT

The History of Orchestration Hassell Street Press
 The studies for viola by Franz Anton Hoffmeister (1754-1812) can be considered as one of the most important works written for viola players in this period nearly to the 19th century. This urtext edition is made from a complicated source, it is a facsimile of the first edition of the twelve studies that are divided into two books, therefore, this version tries to get as close as possible to the real intentions of Hoffmeister to provide interpretation opportunities to both professional and amateur musicians in a clear and spacious manner, also presents a musical text that is not limited by the philosophy of over-publishing of the 19th century. Convenient page turns for individual study and some parenthetical suggestions for slurs, dynamics and tempo have been offered by the editor. Los estudios para viola de Franz Anton Hoffmeister (1754-1812) pueden ser considerado como una de las obras más importantes hecha para los ejecutantes de viola en este período cercano al siglo XIX. La presente edición urtext está realizada a partir de una fuente complicada, se trata de un facsímil de la primera edición de los doce estudios que están dividido en dos libros, por lo tanto, esta versión trata de acercarse lo más posible a las intenciones reales de Hoffmeister para brindar oportunidades de interpretación tanto a músicos profesionales como aficionados de una manera clara y espacios, además presenta un texto musical que no está limitado por la filosofía de sobreedición del siglo XIX. Se han proporcionado pases de páginas cómodas para el estudio individual y algunas sugerencias entre paréntesis de ligaduras, matices y de tempo por el editor. The principles of violin fingering Independently Published
 Teach yourself how to play violin with our easy violin lessons for beginners. ***Comes with online access to free audio demonstrating all examples. Hear how each one is played by a teacher, then play along.*** "A very intuitive, easy to understand book. I recommend it to all my students and with practice, hear and see their results." - G. Hennessy Progressive Beginner Violin contains all you need to know to start learning to be a great violin player - in one easy-to-follow, lesson-by-lesson violin tutorial. Suitable for all ages and all types of violins including electric violin for beginners. Awarded the 'Quality Excellence Design' (QED) seal of approval for eBook innovation, LearnToPlayMusic.com continues to set the standard for quality music education resources.

Playing the Viola John Wiley & Sons

"In all areas of human endeavour, time and again an individual appears who, due to a multitude of personal attributes, elevates his or her field to a hitherto unknown height. Such an individual was William Primrose. His name and the viola are synonymous.' Janos Starker This unique book is the result of a series of conversations with Primrose in the last years before his death in 1982. David Dalton describes how he came to the great artist armed with every question he could think of pertaining to performing on and teaching the viola. The lively dialogue contains a wealth of illuminating advice for the student on the technicalities of playing the viola. It is, however, far more than a technical guide. The two violists discuss the unique position of their instrument - 'an instrument without tradition' is Primrose's bald description. They cover the topic of repertoire with fascinating insights into the performance of the great concertos by Bartók and Walton, with which Primrose was so closely associated. Still more invaluable advice emerges from the discussion of Primrose's own experience, on the art of performance, on demeanour on stage, on competitions, on recordings, and on preparing for a career. The book is a tribute to one of the greatest artists of this century.

Scale Studies Scarecrow Press

A collection of exercises, for Violin, composed by Henry Schradieck.

Principles_Of_Violin_Playing_And_Teaching_ Alfred Music Publishing

Jan H^{mal} (1844-1915) was an influential Czech violinist and teacher, associated with Moscow Conservatory for 46 years. These are his progressive scale studies in 10 sections.

STUDIES, OP. 45

Allegro Editions

Forty-Two Etudes Or Caprices for the ViolinFranklin Classics Trade Press

Forty-Two Etudes Or Caprices for the Violin G Schirmer, Incorporated

First published in 1926, by Carl Flesch (1873-1944). The standard work for violin transcribed for viola with the goal of helping the violist develop better overall technique through scale exercises in all major and minor keys. A proven body of material that will pay many rewards to the conscientious student. For Viola. Instructional and Scales. Bowings and fingerings. Essential instructional book. Flesch's Scale System has become the principal scale study for serious violinists.

6 Airs Varies, Op. 89 Alfred Music

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. Arpeggios, Rhythms, and Scales Alfred Music

A comprehensive guide to the Suzuki violin literature containing many illustrations. Widely used internationally by both teachers and parents, this newly revised edition contains musical examples which have been inserted for all of the suggested exercises for ease of reference. In addition, an entirely new chapter has been added called "Practice Can Be Fun" which includes material from speeches the author has given at institutes to children, parents and teachers. There are stories on practicing which can be read to children.

Nursery Songs at the Piano Alfred Music

As a technique builder for improvisation on the violin, this book is comprehensive. It provides: the arpeggios for 7th chords with useful fingerings, a variety of modal, blues and jazz scales, and rhythm exercises to develop technique. Improvisation is often taught with various scales. In addition, this book teaches the 7th arpeggios of many chords in all keys, and in several positions to help navigate the fingerboard and get to chord tones. A short music theory section describes the reasons that the 7th arpeggio is essential to improvisation. You can use these notes in many sequences and rhythms to improvise. The exercises are appropriate for beginners with good shifting skills. Three octaves are provided, but beginners can start with one or two octaves. Since students of fiddling or jazz violin often do not have a teacher for specific improvisation technique, this book provides useful, wide-ranging suggestions to help a developing violin improviser improve their musical techniques.

A New Approach to Violin Playing Alfred Music

THE ART OF VIOLIN PLAYING

London : K. Paul, Trench, Trubner ; New York : E.P. Dutton (String). A fresh take on a time-honored classic, this edition of Wohlfahrt's Op. 45 Studies for Violin (Book I) features newly composed violin teacher accompaniments. Make technical study a fun and collaborative experience. Includes a preface on how to incorporate the studies into instruction and practice, and a chart that categorizes the studies into right and left hand technical issues.

Teaching Genius Amadeus Press

Until comparatively recent times very little had been written for the viola as a solo instrument. Our contemporary composers have done a great deal to remedy this situation. Bax, Beresowsky, Bliss, Bloch, Delius, Hindemith, Honegger, Milhaud, Vaughan Williams, Walton and many others have contributed important sonatas, suites and concertos for the viola. Many new works are constantly being added. This new literature has placed new demands upon the violist, who in the past found a place only as an orchestra or chamber music player. Higher standards of technical perfection are required. It therefore occurred to me that the "Scalesystem" published by the eminent pedagogue and violinist Carl Flesch, regarded as a standard work by violinists the world over, would be equally valuable to violists if translated into their medium. I have undertaken this task with the encouragement of Professor Carl Flesch. The publishers and I hope that it will be found useful by performers and teachers of the viola. Charlotte Karman New York October 1941

[ASTA String Curriculum](#) Courier Dover Publications

Classic, two-volume book of exercises has served generations of beginning violinists and their teachers. Studies provide practice in string crossing, bow strokes, shifting from first to third positions, and finger patterns.

Becker) * Gavotte in D Major (J. S. Bach) * Bourrée (J. S. Bach)

[Scale System](#) Lulu.com

Written by a composer and a musician, *The Contemporary Violin* offers a unique menu of avant-garde musical possibilities that both performers and composers will enjoy exploring. Allen and Patricia Strange's comprehensive study critically examines extended performance techniques found in the violin literature of the latter half of the twentieth century. Drawing from both published and private manuscripts, the authors present extended performance options for the acoustic, modified, electric, and MIDI violin, with signal processing and computer-related techniques, and include more than 400 notated examples. The authors begin with bowing techniques and proceed systematically through other aspects of string playing, including MIDI technologies. Their correspondence and research with many performers and composers, the book's extensive score and text bibliography, and the discography of more than 130 recordings make *The Contemporary Violin* a valuable contemporary music reference and guide. An additional benefit is its listing of Internet resources that will keep the reader up to date with recent developments in contemporary performance and composition. First published by UC Press, 2001.

12 Etudes for Viola Alfred Music

Expertly arranged Violin music by Pierre Gaviniés from the Kalmus Edition catalog. This contains fundamental Etudes for the advancing violinist. These Etudes are from the Classical era. Kalmus Editions are primarily reprints of Urtext Editions, reasonably priced and readily available. They are a must for students, teachers, and performers.
