Fear is a form of torment the enemy tries to plague people with in order to paralyze them, to steal their purpose and destiny from God's best. None of us is immune to these attacks. Jesus came to destroy fear and set the captives free. Speaking as one whom Jesus Christ set free from the devil's grip, John Ramirez, once a satanic high priest, exposes the tormenting weapons of fear of our number one spiritual enemy, the devil, and equips and arms believers with the weapons of our warfare that God has given us through his Son, Jesus Christ, to abort the enemy's mission. In this book, *Destroying Fear*, you will learn how to get back your peace and purpose and walk fearless into your destiny by dismantling every stronghold and stopping the enemy's attacks once and for all, for a life of freedom!

Calculating God is the new near-future SF thriller from the popular and award-winning Robert J. Sawyer. An alien shuttle craft lands outside the Royal Ontario Museum in Toronto. A six-legged, two-armed alien emerges, who says, in perfect English, "Take me to a paleontologist." It seems that Earth, and the alien's home planet, and the home planet of another alien species traveling on the alien mother ship, all experienced the same five cataclysmic events at about the same time (one example of these "cataclysmic events" would be the meteor that wiped out the dinosaurs). Both alien races believe this proves the existence of God: i.e. he's obviously been playing with the evolution of life on each of these planets. From this provocative launch point, Sawyer tells a fast-

paced, and morally and intellectually challenging, SF story that just grows larger and larger in scope. The evidence of God's universal existence is not universally well received on Earth, nor even immediately believed. And it reveals nothing of God's nature. In fact, it poses more questions than it answers. When a supernova explodes out in the galaxy but close enough to wipe out life on all three home-worlds, the big question is, Will God intervene or is this the sixth cataclysm:? *Calculating God* is SF on the grand scale. *Calculating God* is a 2001 Hugo Award Nominee for Best Novel. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Women desire to live well. However, living well in this modern world is a challenge. The pace of life, along with the new front porch of social media, has changed the landscape of our lives. Women have been told for far too long that being on the go and accumulating more things will make their lives full. As a result, we grasp for the wrong things in life and come up empty. God created us to walk with him; to know him and to be loved by him. He is our living well and when we drink from the water he continually provides, it will change us. Our marriages, our parenting, and our homemaking will be transformed. Mommy-blogger Courtney Joseph is a cheerful realist. She tackles the challenge of holding onto vintage values in a modern world, starting with the keys to protecting our walk with God. No subject is off-limits as she moves on to marriage, parenting, and household management. Rooted in the Bible, her practical approach includes tons of tips that are perfect for busy moms, including: *Simple Solutions for Studying God's Word* *How to Handle Marriage, Parenting, and Homemaking in a Digital Age* *10 Steps to Completing Your Husband* *Dealing With Disappointed Expectations in Motherhood* *Creating Routines that Bring Rest* *Pursuing the Discipline and Diligence of the Proverbs 31 Woman* There is nothing more important than fostering your faith, building your marriage, training your children, and creating a haven for your family. *Women Living Well* is a clear and personal guide to making the most of these precious responsibilities.

Bestselling author Steve Farrar has good news for the average man: it doesn't matter if you've had a great start in the Christian life, or a rough one. It doesn't matter if you've stumbled time and again, or even fallen flat on your face. What matters most in this all-important race of life is how you finish. According to Farrar, the man who hangs in there for the long haul with his wife, his kids, and his Lord is an exception these days. *Finishing Strong*, now in trade paperback, offers lively use of Scripture, contemporary illustrations, and study questions to equip every reader to be that exception. For the man who wants to climb the character ladder more than the corporate one, this is an essential tool.

In every trial or tribulation, there is an opportunity that can bring us closer to God and to our goals when we allow God to take control. *God, Take Over; I Am Finished* is a cry for mercy and divine intervention when suffering seems unfair and you realize that no one else can help you. A dry valley and wilderness experience story, based on the author's tribulations and triumphs as she struggled, willingly and sometimes unwillingly, to submit to God's will. It reveals how she passed through the

storm and survived and what she gained out of the pains she had to endure. Its principal message lies in the realization and fact that where human senses, strength, power, abilities, knowledge, and intelligence end, God's supremacy begins. By applying her experiences and the Word of God, Catherine Agada shows you how to discover divine strength in weakness; peace in chaos, and His love in suffering. She inspires and teaches you to love better, live happier, forgive faster, pray efficiently, and increase faith. God, Take Over; I Am Finished can restore hope and improve your relationships with God and man.
