LAILA MORROW

The Essential Handbook for Creating, Deploying, and Sustaining Creative Solutions to Systemic Problems Harvard Business Press

The guide all MBAs and executive students need. If you're enrolled in an MBA or executive education program, you've probably encountered a powerful learning tool: the business case. But if you're like many people, you may find interpreting and writing about cases mystifying and time-consuming. In *The Case Study Handbook, Revised Edition*, William Ellet presents a potent new approach for efficiently analyzing, discussing, and writing about cases. Early chapters show how to classify cases according to the analytical task they require (making a decision, performing an evaluation, or diagnosing a problem) and quickly establish a base of knowledge about a case. Strategies and templates, in addition to several sample Harvard Business School cases, help you apply the author's framework. Later in the book, Ellet shows how to write persuasive case-analytical essays based on the process laid out earlier. Examples of effective writing further reinforce the methods. The book also includes a chapter on how to talk about cases more effectively in class. Any current or prospective MBA or executive education student needs this guide.

50 CASE STUDIES FOR MANAGEMENT & SUPERVISORY TRAINING

AMACOM Div American Mgmt Assn

Get your idea off the ground. You've got a great idea that will increase revenue or boost productivity—but how do you get the buy-in you need to make it happen? By building a business case that clearly shows your idea's value. That's not always easy: Maybe you're not sure what kind of data your stakeholders will trust. Or perhaps you're intimidated by number crunching. The HBR Guide to Building Your Business Case, written by project management expert Raymond Sheen, gives you the guidance and tools you need to make a strong case. You'll learn how to: Spell out the business need for your idea Align your case with strategic goals Build the right team to shape and test your idea Calculate the return on investment Analyze risks and opportunities Present your case to stakeholders

Cases and Exercises Harvard Business Press

Managers and supervisors will sharpen their analytical and decision-making skills with this new collection of fully reproducible case studies. Based on actual, real-life situations, these exercises prepare supervisors and team leaders for the challenging problems they face in today's complex workplace. Each case study includes: Summary of the case; Discussion questions which evoke thought and analysis; Suggested solutions to the problems presented. Training Objectives: Improve participant's listening skills; Empower employees to negotiate; solutions fairly; Provide opportunities for participants to practice new skills in a supportive environment; Illustrate the skills needed to respond productively to complex issues.

Activities Cover: Performance appraisal; Managing effectively; Sexual harassment/discrimination; Managing disruptive employees; Coaching/counseling employees; Hiring the right person

Is your company spending too much time on strategy development—with too little to show for it? If you read nothing else on strategy, read these 10 articles (featuring “What Is Strategy?” by Michael E. Porter). We've combed through hundreds of Harvard Business Review articles and selected the most important ones to help you catalyze your organization's strategy development and execution. HBR's 10 Must Reads on Strategy will inspire you to: Distinguish your company from rivals Clarify what your company will and won't do Craft a vision for an uncertain future Create blue oceans of uncontested market space Use the Balanced Scorecard to measure your strategy Capture your strategy in a memorable phrase Make priorities explicit Allocate resources early Clarify decision rights for faster decision making This collection of best-selling articles includes: featured article "What Is Strategy?" by Michael E. Porter, "The Five Competitive Forces That Shape Strategy," "Building Your Company's Vision," "Reinventing Your Business Model," "Blue Ocean Strategy," "The Secrets to Successful Strategy Execution," "Using the Balanced Scorecard as a Strategic Management System," "Transforming Corner-Office Strategy into Frontline Action," "Turning Great Strategy into Great Performance," and "Who Has the D? How Clear Decision Roles Enhance Organizational Performance."

Rebel Talent Harvard Business Review Press

Johnson focuses not so much on the development of new technologies and products as on the implementation of new business models. A successful business model depends on four aspects--a customer value proposition (CVR), a profit formula, and the key resources and processes that need to be in place in order to deliver value to the customer. Building on this simple model, Johnson explores, using a number of case studies, how companies can move into transforming existing markets, creating new markets, and emerging in a strong position from times of industry upheaval.

FRONTIERS IN SOCIAL INNOVATION

CRC Press

When facing a difficult management challenge, wouldn't it be great if you could turn to a panel of experts to help guide you to the right decision? Now you can, with books from the Judgment Calls series. Drawn from the pages of Harvard Business Review, these interactive, solutions-oriented guides allow readers to access the wisdom of leading experts as they tackle familiar and perplexing business situations. These engagingly written books will

help managers improve problem-solving skills and make better judgment calls under fire. A preface provides an overview and sets the context for using these provocative case studies as learning tools in corporate classrooms. A relevant chapter from an HBE volume introduces the topic as a refresher course. Finally, an appendix of resources such as executive summaries, guiding questions, and a list of further reading rounds out the book. Judgment Calls provide insight into a variety of real world difficulties and offer solutions that managers will find both sound and practical. Our ideal reader is the business traveler who's thinking about this very issue, sees the book in the airport, and throws it in his or her briefcase to read on the plane. This volume, tentatively titled "Bob's Meltdown and Other Stories from the Frontlines of Management" looks at the most common issue in workplaces--employee behavior. What should you do when a star employee loses his temper in public? Worse yet, what if your protege seems to be coming unglued? All this and more!

THE 17 SKILLS LEADERS NEED TO STAND OUT

Harvard Business Press

The one book you need to make a difference in the world. Social innovation and social entrepreneurship are rising forces. As the extent of the world's systemic challenges becomes clear—from climate change to income inequality to food security to healthcare and beyond—more and more of the best and brightest will feel called to become innovators and entrepreneurs who develop and deploy solutions to the world's thorniest problems. But it won't be easy: social innovation is complicated. Solutions require the active collaboration of constituents across the worlds of government, business, and nonprofits. Social innovators and entrepreneurs need a handbook to guide them on the journey to changing the world. This is that guide. Contributions from a who's who of the smartest thinkers and most experienced practitioners in the field provide the knowledge you need to succeed as a social innovator. Topics cover the waterfront, including: High-performance leadership as a driver of social change Design for extreme affordability Scaling social innovation Corporate decarbonization Social innovation and healthcare in the postpandemic world Donor-advised funds and impact investing Case studies from the field bring to life the challenges and opportunities social entrepreneurs and innovators face. Frontiers in Social Innovation is an essential volume for anyone who wants to use innovation and entrepreneurship to make the world a better place.

Keeping Strategy on Track Springer

With the enormous growth of the internet and social media sites, digital marketing is now worth more per annum than TV advertising in the UK. Social network advertising spending is expected to increase to a staggering \$4.3 billion in 2011 in a bid to attract today's media-savvy consumer. The Best Digital Marketing Campaigns in the World brings together an international collection of the most successful digital marketing campaigns of our time, assessing what they achieved and the business lessons learnt. This practical and insightful book explores how businesses large and small have harnessed social media, blogs, forums, online video and email to boost their brand and attract customers. Damian Ryan and Calvin Jones present a selection of hand-picked case studies, sharing the knowledge and skill of the world's top creative minds. Covering everything from household names such as Pizza Hut and Pepsi to Obama's 2008 presidential election campaign, this book is the must-read guide for all marketers looking to embrace the new digital landscape.

HIRING AND KEEPING THE BEST PEOPLE

Harvard Business Press

This book provides examples of innovative and successful business models from remade law firms to inspire change that goes beyond thinking and planning, and leads straight to implementing change and better client service.

How Companies Win the Mergers and Acquisitions Game Harvard Business Press

Provides an approach for analyzing, discussing, and writing about cases. This book shows how to classify cases according to analytical task they require (solving a problem, making a decision, or forming an evaluation) and establish a base of knowledge about a case. It shows how to talk about cases in class.

Introduction to Probability Routledge

Advanced therapies and technologies, new service delivery methods, and care upgrades in underserved areas are translating into improved quality of life for millions with disabilities. Occupational therapy parallels this progress at the individual level, balancing short-term recovery and adaptation with long-term independence and well-being. This Second Edition of the International Handbook of Occupational Therapy Interventions builds on its ground-breaking predecessor by modelling current clinical standards rooted in scientific evidence-based practice. Its interventions are applied to a diverse range of client disabilities, with many new or rewritten chapters on workplace and vehicle accommodations, smart home technologies, end-of-life planning, and other salient topics. New introductory chapters spotlight core competencies in the field, from assessing client needs and choosing appropriate interventions to evaluating programs and weighing priorities. And for increased educational value, interactive case studies allow readers

an extra avenue for honing clinical reasoning and decision-making skills. Of particular note is a new chapter providing a taxonomy—the Occupational Therapy Intervention Framework—and a validation study of its categories and concepts, delineating the occupational therapist's roles and the expected outcomes. Intervention areas featured in the Handbook include: ● Adaptive interventions, OTs manage and facilitate clients' adaptations. ● Learning interventions, OTs teach and the clients learn or relearn. ● Enabling interventions, OTs enable clients to be meaningfully occupied. ● Preventing interventions, OTs prevent ill-health and promote clients' ability to sustain health in daily life. The Second Edition of the International Handbook of Occupational Therapy Interventions is career-affirming reading for all members of rehabilitation teams, including occupational and physical therapists and rehabilitation nurses. Students intending to enter this growing field and professionals working toward its continued improvement will find it useful and inspiring.

Text, Cases, and Readings Greenleaf Book Group

Effective managers know that timely coaching can dramatically enhance their teams' performance. Coaching and Mentoring offers managers comprehensive advice on how to help employees grow professionally and achieve their goals. This volume covers the full spectrum of effective mentoring and the nuts and bolts of coaching. Managers learn how to master special mentoring challenges, improve listening skills, and provide ongoing support to their employees. The Harvard Business Essentials series is designed to provide comprehensive advice, personal coaching, background information, and guidance on the most relevant topics in business. Drawing on rich content from Harvard Business School Publishing and other sources, these concise guides are carefully crafted to provide a highly practical resource for readers with all levels of experience and are especially valuable for the new manager. To assure quality and accuracy, a specialized content adviser from a world-class business school closely reviews each volume. Whether you are a new manager seeking to expand your skills or a seasoned professional looking to broaden your knowledge base, these solution-oriented books put reliable answers at your fingertips.

Critical Cases on the Downside of Business Harvard Business Press

Based on research presented at The Harvard Business School's first-ever conference on business approaches to poverty alleviation, Business Solutions for the Global Poor brings together perspectives from leading academics and corporate, non-profit and public sector managers. The contributors draw on practical and dynamic how-to insights from leading BOP ventures from more than twenty countries world-wide. This important volume reflects poverty's multi-faceted nature and a broad range of actors—multinational and local businesses, entrepreneurs, civil society organizations and governments—that play a role in its alleviation.

How China and India Are Reshaping Their Futures and Yours HarperCollins

Government Alone Can't Solve Society's Biggest Problems World hunger. Climate change. Crumbling infrastructure. It's clear that in today's era of fiscal constraints and political gridlock, we can no longer turn to government alone to tackle these and other towering social problems. What's required is a new, more collaborative and productive economic system. The Solution Revolution brings hope—revealing just such a burgeoning new economy where players from across the spectrum of business, government, philanthropy, and social enterprise converge to solve big problems and create public value. By erasing public-private sector boundaries, the solution economy is unlocking trillions of dollars in social benefit and commercial value. Where tough societal problems persist, new problem solvers are crowdfunding, ridesharing, app-developing, or impact-investing to design innovative new solutions for seemingly intractable problems. Providing low-cost health care, fighting poverty, creating renewable energy, and preventing obesity are just a few of the tough challenges that also represent tremendous opportunities for those at the vanguard of this movement. They create markets for social good and trade solutions instead of dollars to fill the gap between what government can provide and what citizens need. So what drives the solution economy? Who are these new players and how are their roles changing? How can we grow the movement? And how can we participate? Deloitte's William D. Eggers and Paul Macmillan answer these questions and more, and they introduce us to the people and organizations driving the revolution—from edgy social enterprises growing at a clip of 15 percent a year, to megafoundations, to Fortune 500 companies delivering social good on the path to profit. Recyclebank, RelayRides, and LivingGoods are just a few of the innovative organizations you'll read about in this book. Government cannot handle alone the huge challenges facing our global society—and it shouldn't. We need a different economic paradigm that can flexibly draw on resources, combine efforts, and create value, while improving the lives of citizens. The Solution Revolution shows the way.

Expert Solutions to Everyday Challenges Human Resource Development

In challenging times, companies must serve their customers faster and more efficiently. This makes improving your business processes more critical than ever. In this book, you'll learn key steps for carrying out a business process improvement initiative, including how to: -Plan a business process improvement initiative -Analyze and redesign a current process that needs improvement -Obtain the resources needed to change a process -Develop a systematic approach for creating and implementing change

How Founders and Their Successors Can Avoid the Clichés That Inhibit Growth Harvard Business School Press

"In this groundbreaking book, Francesca Gino shows us how to spark creativity, excel at work, and become happier: By learning to rebel." — Charles Duhigg, New York Times bestselling author of *The Power of Habit* and *Smarter Faster Better* Do you want to follow a script — or write your own story? Award-winning Harvard Business School professor Francesca Gino shows us why the most successful among us break the rules, and how rebellion brings joy and meaning into our lives. Rebels have a bad reputation. We think of them as troublemakers, outcasts, contrarians: those colleagues, friends, and family members who complicate seemingly straightforward decisions, create chaos, and disagree when everyone else is in agreement. But in truth, rebels are also those among us who change the world for the better with their unconventional outlooks. Instead of clinging to what is safe and familiar, and falling back on routines and tradition, rebels defy the status quo. They are masters of innovation and reinvention, and they have a lot to teach us. Francesca Gino, a behavioral scientist and professor at Harvard Business School, has spent more than a decade studying rebels at organizations around the world, from high-end boutiques in Italy's fashion capital, to the World's Best Restaurant, to a thriving fast food chain, to an award-winning computer animation studio. In her work, she has identified leaders and employees who exemplify "rebel talent," and whose examples we can all learn to embrace. Gino argues that the future belongs to the rebel — and that there's a rebel in each of us. We live in turbulent times,

when competition is fierce, reputations are easily tarnished on social media, and the world is more divided than ever before. In this cutthroat environment, cultivating rebel talent is what allows businesses to evolve and to prosper. And rebellion has an added benefit beyond the workplace: it leads to a more vital, engaged, and fulfilling life. Whether you want to inspire others to action, build a business, or build more meaningful relationships, Rebel Talent will show you how to succeed — by breaking all the rules.

Don't Mess It Up Harvard Business Press

How do you decide on the best course of action for your company to take advantage of new opportunities? By building a business case. This book provides a framework for building a business case. You'll learn how to: Clearly define the opportunity you'll want to address in your business case Identify and analyze a range of alternatives Recommend one option and assess its risks Create a high-level implementation plan for your proposed alternative Communicate your case to key stakeholders

HOW TO READ, DISCUSS, AND WRITE PERSUASIVELY ABOUT CASES

Harvard Business Review Press

The new M&A bible. Few actions can change the value of a company—and its competitive future—as quickly and dramatically as an acquisition. Yet most companies fail to create shareholder value from these deals, and in many cases they destroy it. It doesn't have to be this way. In *The Synergy Solution*, Deloitte's Mark Sirower and Jeff Weirens show acquirers how to develop and execute an M&A strategy—end to end—that not only avoids the pitfalls that so many companies fall into but also creates real, long-term shareholder value. This strategy includes how to: Become a prepared "always on" acquirer Test the investment thesis and DCF valuation of a deal Plan for a successful Announcement Day, and properly communicate synergy promises to investors and other stakeholders Realize those promised synergies through integration planning and post-close execution Manage change and build a new, combined organization Sirower and Weirens provide invaluable background to those considering M&A, laying out the issues they have to consider, how to analyze them, and how to plan and execute the deal effectively. They also show those who have already started the process of M&A how to maximize their chances of success. There's an art and a science to getting mergers and acquisitions right, and this powerful book provides the insights and strategies acquirers need to find success at every stage of an often complex and perilous process.
