## **HERRERA ADELAIDE**

---

*Miracles Still Happen in Brindavan* Springer Nature  
Cheated by her young and handsome Spanish boyfriend, Kaveri is back in India to follow a career as an artist and to find her dream man. However, getting involved with an older man, making out with the hottest star in Bollywood, teaching a hot, upcoming actress Hindi . . . her goals seem nowhere in sight. Starting afresh seems to have thrown her off completely and she begins to see the superficial life that she's been leading. It's time to take some hard decisions. With fresh hope and a new philosophy, Kaveri begins to focus on her goals. Things begin to look up when there is a kindling of romance across Twitter and she's starts to understand her true calling. She might finally be moving in the right direction!

**KITNAY AADMI THAY**

Penguin Random House India Private Limited

Cancer is one of the leading killers in the world and the incidence is increasing, but most cancer patients and cancer survivors suffer much from the disease and its conventional treatments' side effects. In the past, clinical data showed that some complementary and alternative medicine (CAM) possessed anticancer abilities, but some clinicians and scientists have queried about the scientific validity of CAM due to the lack of scientific evidence. There is great demand in the knowledge gap to explore the scientific and evidence-based knowledge of CAM in the anticancer field. With this aim, a book series is needed to structurally deliver the knowledge to readers. Recently there have been encouraging results from both laboratory experiments and clinical trials demonstrating the anticancer effects of herbal medicine. There is considerable interest among oncologists and cancer researchers to find anticancer agents in herbal medicine. This volume is a specialised book presenting the up-to-date scientific evidence for anticancer herbal medicine. This unique book provides an overview of the anticancer herbal medicines and remedies, as well as a detailed evidence-based evaluation of 18 common anticancer herbal medicines covering their biological

and pharmacological properties, efficacies, herb-drug interactions, adverse effects, pre-clinical studies, and clinical applications. Gathering international opinion leaders' views, this volume will contribute great to the cancer, academic, and clinical community by providing evidence-based information on the anticancer efficacy of herbal medicine. Readership Oncologists, cancer researchers, pharmacologists, pharmaceutical specialists, Chinese medicine practitioners, medical educators, postgraduates and advanced undergraduates in biomedical disciplines, cancer caregivers, cancer patients.

The Immortals of Meluha Westland

Winners don't different things, they do things differently A practical, common-sense guide that will lead you from ancient wisdom to modern-day thinking, You Can Win will help you to establish new goals, develop a renewed sense of purpose, and generate fresh and exciting ideas about yourself and your future. Shiv Khera guarantees, as the title suggests, a lifetime of success. The book enables you to translate positive thinking into attitude, ambition and action, all of which combine to give you the winning edge. This book will help you to: · Build confidence by mastering the seven steps to positive thinking; · Be successful by turning weaknesses into strengths; · Gain credibility by doing the right things for the right reasons; · Take charge by controlling things instead of letting them control you; · Build trust by developing mutual respect with the people around you; and · Accomplish more by removing the barriers to effectiveness.

The New Girl HarperCollins

The volume presents high quality papers presented at the Second International Conference on Microelectronics, Computing &

Communication Systems (MCCS 2017). The book discusses recent trends in technology and advancement in MEMS and nanoelectronics, wireless communications, optical communication, instrumentation, signal processing, image processing, bioengineering, green energy, hybrid vehicles, environmental science, weather forecasting, cloud computing, renewable energy, RFID, CMOS sensors, actuators, transducers, telemetry systems, embedded systems, and sensor network applications. It includes original papers based on original theoretical, practical, experimental, simulations, development, application, measurement, and testing. The applications and solutions discussed in the book will serve as a good reference material for future works.

**Inventory of Sanskrit Scholars** Springer Science & Business Media

#1 New York Times Bestseller • #1 USA Today Bestseller • #1 Wall Street Journal Bestseller Now you see her. Now you don't. THE NEW GIRL. A thriller of deception, betrayal, and vengeance. She was covered from head to toe in expensive wool and plaid, the sort of stuff one saw at the Burberry boutique in Harrods. She carried a leather bookbag rather than a nylon backpack. Her patent leather ballet slippers were glossy and bright. She was proper, the new girl, modest. But there was something else about her ... At an exclusive private school in Switzerland, mystery surrounds the identity of the beautiful raven-haired girl who arrives each morning in a motorcade fit for a head of state. She is said to be the daughter of a wealthy international businessman. In truth, her father is Khalid bin Mohammed, the much-maligned crown prince of Saudi Arabia. Once celebrated for his daring

social and religious reforms, he is now reviled for his role in the murder of a dissident journalist. And when his only child is brutally kidnapped, he turns to the one man he can trust to find her before it is too late. What's done cannot be undone ... Gabriel Allon, the legendary chief of Israeli intelligence, has spent most of his life fighting terrorists, including the murderous jihadists financed by Saudi Arabia. Prince Khalid—or KBM, as he is known—has pledged to finally break the bond between the Kingdom and radical Islam. For that reason alone, Gabriel regards him as a valuable if flawed partner. Together they will become unlikely allies in a deadly secret war for control of the Middle East. The life of a child, and the throne of Saudi Arabia, hang in the balance. Both men have made their share of enemies. And both have everything to lose. Filled with dark humor, breathtaking twists of plot, and an unforgettable cast of characters, *The New Girl* is both a thrilling, page-turning tale of entertainment and a sophisticated study of political alliances and great-power rivalries in a dangerous world. And it is once again proof that Gabriel Allon is “one of fiction’s greatest spies” (Kirkus) and Daniel Silva is “quite simply the best” (Kansas City Star) writer of foreign intrigue and suspense at work today.

*You Can Win* Springer

Who really is A.R. Rahman? We know the music. But do we know the man? For the first time, our national pride--winner of National Film Awards, Academy Awards, Grammys and hearts--opens up about his philosophies: hope, perseverance, positivity and love. From his early days as a composer of advertisement jingles to his first big break into feature films, from his keenness to integrate new technology with a good old-fashioned music score to the

foundation of his music school, from his resounding entry on to the international stage to his directorial debut, from his philanthropy to his inner life, *Notes of a Dream* captures the nostalgia, the drama and the extraordinary success story of A.R. Rahman with all the rhythm and melody, the ups and downs, of a terrific soundtrack by the man himself. Featuring intimate interviews with the soft-spoken virtuoso, as well as insights and anecdotes from key people from his life, this balanced, uplifting and affectionate book is the definitive biography of A.R. Rahman: the man behind the music--and the music that made the man.

Author's spiritual experiences during his stay at Vrindāvan (India), in 1954.

[The Destroyer's Son](#) Springer Science & Business Media

This book highlights the medical importance of and increasing global interest in herbal medicines, herbal health products, herbal pharmaceuticals, nutraceuticals, food supplements, herbal cosmetics, etc. It also addresses various issues that are hampering the advancement of Indian herbal medicine around the globe; these include quality concerns and quality control, pharmacovigilance, scientific investigation and validation, IPR and biopiracy, and the challenge that various indigenous systems of medicine are at risk of being lost. The book also explores the role of traditional medicine in providing new functional leads and modern approaches that can offer elegant strategies for facilitating the drug discovery process. The book also provides in-depth information on various traditional medicinal systems in India and discusses their medical importance. India has a very long history of safely using many herbal drugs. Folk medicine is

also a key source of medical knowledge and plays a vital role in maintaining health in rural and remote areas. Despite its importance, this form of medicine largely remains under-investigated. Out of all the traditional medicinal systems used worldwide, Indian traditional medicine holds a unique position, as it has continued to deliver healthcare throughout the Asian subcontinent since ancient times. In addition, traditional medicine has been used to derive advanced techniques and investigate many modern drugs. Given the scope of its coverage, the book offers a valuable resource for scientists and researchers exploring traditional and herbal medicine, as well as graduate students in courses on traditional medicine, herbal medicine and pharmacy.

### INDIA'S NEW CAPITALISTS

Springer Nature

A gentle introduction to genetic algorithms. Genetic algorithms revisited: mathematical foundations. Computer implementation of a genetic algorithm. Some applications of genetic algorithms. Advanced operators and techniques in genetic search. Introduction to genetics-based machine learning. Applications of genetics-based machine learning. A look back, a glance ahead. A review of combinatorics and elementary probability. Pascal with random number generation for fortran, basic, and cobol programmers. A simple genetic algorithm (SGA) in pascal. A simple classifier system(SCS) in pascal. Partition coefficient transforms for problem-coding analysis.

Krishi-Parashara Ghalib Danger

National Award Winner: 'Best Book On Film' Year 2000. Film Journalist Anupama Chopra Tells The Fascinating Story Of How A

Four-Line Idea Grew To Become The Greatest Blockbuster Of Indian Cinema. Starting With The Tricky Process Of Casting, Moving On To The Actual Filming Over Two Years In A Barren, Rocky Landscape, And Finally The First Weeks After The Film'S Release When The Audience Stayed Away And The Trade Declared It A Flop, This Is A Story As Dramatic And Entertaining As Sholay Itself. With The Skill Of A Consummate Storyteller, Anupama Chopra Describes Amitabh Bachchan'S Struggle To Convince The Sippys To Choose Him, An Actor With Ten Flops Behind Him, Over The Flamboyant Shatrughan Sinha; The Last-Minute Confusion Over Dates That Led To Danny Dengzongpa'S Exit From The Film, Handing The Role Of Gabbar Singh To Amjad Khan; And The Budding Romance Between Hema Malini And Dharmendra During The Shooting That Made The Spot Boys Some Extra Money And Almost Killed Amitabh.

*Mistakes Like Love and Sex* Bloomsbury Publishing

This book constitutes the refereed proceedings of the Second International Conference on Advances in Communication, Network, and Computing, CNC 2011, held in Bangalore, India, in March 2011. The 41 revised full papers, presented together with 50 short papers and 39 poster papers, were carefully reviewed and selected for inclusion in the book. The papers feature current research in the field of Information Technology, Networks, Computational Engineering, Computer and Telecommunication Technology, ranging from theoretical and methodological issues to advanced applications.

### DREAM BIG, HAVE FAITH, AND ACHIEVE MORE THAN

## YOU CAN IMAGINE

Springer

Ghalib DangerPenguin UK

*Science in Veda* Diamond Pocket Books (P) Ltd.

In order to do business effectively in contemporary South Asia, it is necessary to understand the culture, the ethos, and the region's new trading communities. In tracing the modern-day evolution of business communities in India, this book uses social history to systematically document and understand India's new entrepreneurial groups.

*Only Wheat Not White* Penguin UK

This book constitutes the refereed papers of the 2nd International Conference on Contemporary Computing, which was held in Noida (New Delhi), India, in August 2009. The 61 revised full papers presented were carefully reviewed and selected from 213 submissions and focus on topics that are of contemporary interest to computer and computational scientists and engineers. The papers are organized in topical sections on Algorithms, Applications, Bioinformatics, and Systems.

## THE GIRL OF MY DREAMS

Westland

The South Asian subcontinent is home to nearly a billion people and has been the site of fierce historical contestation. It is a panoply of languages and religions with a rich and complex history and culture. Drawing on the newest and most sophisticated historical research and scholarship in the field, *Modern South Asia* is written in an accessible style for all those

with an intellectual curiosity about the region. After sketching the pre-modern history of the subcontinent, the book concentrates on the last three centuries from c.1700 to the present. Jointly written by two leading Indian and Pakistani historians, it offers a rare depth of historical understanding of the politics, cultures and economies that shape the lives of more than a fifth of humanity. In this comprehensive study, the authors debate and challenge the striking developments in contemporary South Asian history and historical writing. The book provides new insights into the structure and ideology of the British raj, the meaning of subaltern resistance, the refashioning of social relations along lines of caste, class, community and gender, the different strands of anti-colonial nationalism and the dynamics of decolonization. This book is a work of synthesis and interpretation covering the entire spectrum of modern South Asian history - social, economic and political. The authors offer an understanding of this strategically and economically vital part of the world.

*Indian Genre Fiction* Springer

We bring out the best of Surender Mohan Pathak in a five-book box set for the fans of the undisputed king of crime fiction. *Painsath Laakh Ki Dakaiti*, *6 Crore Ka Murda*, *Jauhar Jwala*, *Hazaar Haath* and *Daman Chakra* are the most loved novels in the popular Vimal Series written by Pathak. They have each sold over 50,000 copies on their first release. Now we reissue them after nearly two decades. So let's brace ourselves for some perfect murders!

**The Riddle of Desire** Univ of California Press

"Does true love really exist? Can a kiss change your life? At sixteen, Diksha, like any girl her age, finds her life revolving

around school, boys and endless hours of fun with her best friend. But one day, all that changes. What starts as an innocent crush explodes into something far beyond her control. Eighteen years later, she finds herself in a dilemma. Urged by a twist of events, a wish list is born. But can a wish list help her piece back her life together? Will she succumb to the tangled mess of an extramarital relationship?"--Page [4] of cover.

### **THE AUTHORIZED BIOGRAPHY OF A.R. RAHMAN**

Harper Collins

This book gathers high-quality research papers presented at the 3rd International Conference on Advanced Computing and Intelligent Engineering (ICACIE 2018). It includes sections describing technical advances and the latest research in the fields of computing and intelligent engineering. Intended for graduate students and researchers working in the disciplines of computer science and engineering, the proceedings will also appeal to researchers in the field of electronics, as they cover hardware technologies and future communication technologies.

### **Proceeding of the Second International Conference on Microelectronics, Computing & Communication Systems (MCCS 2017)** prafull achari

This book constitutes revised selected papers from the International Conference on Advanced Computing, Networking and Security, ADCONS 2011, held in Suratkal, India, in December 2011. The 73 papers included in this book were carefully reviewed and selected from 289 submissions. The

papers are organized in topical sections on distributed computing, image processing, pattern recognition, applied algorithms, wireless networking, sensor networks, network infrastructure, cryptography, Web security, and application security.

### Just Another Sucker Pan Macmillan

Amish Tripathi devoted years to the research of Hindu mythological stories and history, and discussions with his family about the destiny of the human body, mind and soul to create this sweeping and fascinating adaptation of ancient Hindu mythology for modern fantasy readers. 1900 BC in what modern Indians call the Indus Valley Civilization and the inhabitants called the land of Meluha: a near-perfect empire created many centuries earlier by Lord Ram--one of the greatest monarchs that ever lived--faces peril as its primary river, the Saraswati, is slowly drying to extinction. The Suryavanshi rulers are challenged with devastating terrorist attacks from the east, the land of the Chandravanshis. To make matters worse, the Chandravanshis appear to have allied with the Nagas, an ostracized and sinister race of deformed humans with astonishing martial skills. The only hope for the Suryavanshis is an ancient legend: When evil reaches epic proportions, when all seems lost, a hero will emerge. Is the unexpected, rough-hewn Tibetan immigrant Shiva that hero? Drawn suddenly to his destiny, duty, and by love, Shiva will attempt to move mountains and lead the Suryavanshi to destroy evil.
